# HE IS NOT A MODEL

ATTORNEY SAYS FORMER LIEUTENANT GOVERNOR OF MISSOURI IS NONE TOO HONEST.

Jefferson City, Mo., Nov. 6.—It is expected that the case of Senator Frank W. Farris, charged with hoodluming, will be given to the jury late this afternoon.  
Lieutenant Governor Lee was recalled today in rebuttal and was asked if he wrote a letter to D. J. Kelley, the baking powder lobbyist, in March, 1902, that Kelley would remember that he (Lee) had paid him back \$7,000 on March 19. Mr. Lee denied that he had written the letter.  
Patterson Bane, also called in rebuttal, denied that he had any knowledge of any baking powder manufacturers using money improperly to pass certain bills in the legislature.  
Price Stone, the prosecuting attorney, in opening the argument for the state, said:  
"I am not here to hold up Lieutenant Governor Lee as a model of honesty. If he had been he would not be here as a witness."  
Mr. Lee was the principal witness against Senator Farris and admitted that he had given Farris and six other senators \$1,000 apiece to influence their votes.

# BOZEMAN GIRL HAS ELOPED WITH A CHINAMAN

Miss Bob Clarke Hoyt Becomes Wife of Naturalized Chink.

BY ASSOCIATED PRESS.  
Chicago, Nov. 6.—The Chronicle today says that while her uncle was searching San Francisco for her, Miss Bob Clarke Hoyt of Bozeman, Mont., outwitted her relative by coming East instead of going West when she put her plans for elopement into effect.  
The plans for the secret marriage were made a year ago and she is now the wife of John Wing Lee, a naturalized Chinaman, who was formerly an employee of her uncle, Benjamin D. Hoyt, owner of the Bar H ranch. They have just been married by Justice Cochrane and are now on their way to Niagara Falls for a honeymoon trip.  
The father of the bridegroom was at one time cook in the Hoyt household, and it was while his son was on a visit to his father from Leland Stanford university, where he was a student, that he met Miss Hoyt.

Bozeman, Nov. 6.—So far as can be learned there is no large cattleman living in this vicinity by the name of Hoyt. The elopement of a girl by the name of Hoyt, the cattleman's niece, appears to be news here, too.

# INQUEST CHARGES HIM WITH CRIME

CORONER'S JURY DECIDES THAT DOMINICK ROLANDO CAUSED DEATH OF HOLLAND.

STATEMENT FROM SULLIVAN

Italian's Second Victim Tells What He Knows of Affair—Witnesses at the Coroner's Inquest.

The coroner's inquest last night over the body of Dennis Holland resulted in a verdict that the unfortunate man came to his death "from a knife wound in the leg, inflicted by Dominick Rolando."  
A charge of murder will be brought against Rolando within a few days. At present he is being held at the county jail.

The inquest was held at Duggan's undertaking parlors. A great crowd assembled there last evening and the room was packed. The crowd was orderly and offered no violence to the prisoner, who sat surrounded by deputy sheriffs.  
Took No Chances.  
It was hardly expected that the crowd would make a demonstration, yet the officers decided to take no chances and formed a circle about their prisoner. As the inquest progressed and the eager crowd pressed closer to get a view of Rolando, the sheriff took him into a back room.  
Drs. P. H. McCarthy and A. P. O'Leary were the first witnesses called. The two physicians had performed an autopsy on the body of Holland. The wound which caused death was a deep incision in the left thigh, which severed the femoral artery. The victim bled to death.  
Patrick J. Sullivan, Archie Darrow, James P. Shea and Deputy Sheriff Tom O'Neill testified to Sullivan's having appeared at the Topic saloon in Centerville after the encounter with Rolando. They at once went to the scene of the cutting and found Holland lying on the ground. The wounded man was borne to the priest's house, but expired before he could be taken inside.

Statement From Sullivan.  
A statement from John Sullivan, who was wounded by Rolando, was read at the inquest. The statement told the story of the stabbing as recited in the Inter Mountain of yesterday.

The three men had started toward Walkerville, and when they reached the top of the hill Sullivan tried to get Holland to go back with him. They were all together, and Sullivan explained to Holland that it would not be well for them to go over to Walkerville with a lot of Italians. Without a moment's warning Rolando is said to have attacked Sullivan, cutting him in the arm. He turned upon Rolando and received a wound in the chest. He then started to run and was stabbed in the back. After going a short distance he heard Holland call to him to come back, as he had been stabbed. Holland was sitting on the ground and Rolando was running over the hill.

# SMALL BOYS BREAK INTO A CREAMERY

BURGLARY IN BROADWAY STORE IS PROBABLY THE WORK OF YOUTHFUL THUGS.

ARRESTED, THEN RELEASED

Police Take a Suspect, but He Is Able to Account—Tickets and Money Stolen From the Store.

The Crescent creamery on West Broadway was broken into last night and tickets amounting to \$4 and \$3.90 in money were taken from the cash register.  
The robbery occurred some time after midnight and was not discovered until the place was opened this morning. The tickets taken were in the form of coupons which could be exchanged for articles in trade at the store. The money was in nickels and dimes left in the cash register over night.  
The police are of the belief that boys did the work. Entrance was gained through a rear window. Strong iron bars protect the window and as these were intact the thief must have crawled between the bars. The space between the iron rods is not more than eight inches and the thief must have flattened himself considerably to get through.  
This morning Chief of Police Mulholland arrested a boy who had in his possession one of the stolen tickets. The boy told a straight story about going home last night and accounted for the ticket pretty well. He said that it had been given him two weeks ago by another boy and that he had carried it since then in his pocket. He was allowed to go.

# COPPER CONVERTER LITIGATION IS OFF

JUDGE KNOWLES DISMISSES SUITS AGAINST B. & M. AND THE M. O. P. COMPANIES.

THERE IS NO INFRINGEMENT

Pierre Manher Sued Four Companies on the Ground That They Were Infringing on a Patent He Possessed.

Judge Knowles this morning signed the final decree in the case of Pierre Manher, wherein he sought to prevent the Boston & Montana, the M. O. P. company, Senator Clark and the United Verde company from using a copper converter, on the grounds that it was an infringement on patent No. 47,644, held by Manher. The suits against Senator Clark and the United Verde were tried and decided in favor of the defendants by the United States circuit court of appeals in the state of New York some time ago.  
The hearing before Judge Knowles against the Boston & Montana and the M. O. P. company were heard before Judge Knowles on depositions.  
The former suits were dismissed on the ground that Manher's patent lacked novelty and that there was no infringement. The decree of Judge Knowles is based on the acquiescence of the plaintiffs in the decision of the New York court. The costs were taxed to the plaintiffs.

# CUBAN RECIPROcity TREATY'S STATUS

INTERESTING PROCEDURES IN REGARD TO QUESTION CONGRESS IS SOON TO CONSIDER.

MAY OCCASION LONG DEBATE

Senator Teller Says Simple Resolution of Approval Will Mean a Long Debate in the Senate.

BY ASSOCIATED PRESS.  
Washington, Nov. 6.—There were some interesting procedures on the Cuban reciprocity treaty yesterday. That treaty was amended by the senate adding the words: "This treaty shall not take effect until the same shall have been approved by congress."  
It has been generally supposed that a joint resolution or a bill approving the treaty would be all that was necessary, but members of the house and some senators take an entirely different view. They say the bill must be passed reducing the duty on the products of Cuba and that every proposition affecting duties must be enacted into legislation.  
The finance committee, which will meet today, will take up the subject in the form of legislation necessary to carry the treaty into effect.  
Generally, senators think a similar resolution of approval will be all that is necessary, but some senators, notably Senator Teller of Colorado, think that if approval is attempted in any such form, it will raise a constitutional question which will cause a long debate in the senate.  
The special committee appointed by the senate at the last session to prepare a financial bill, to be submitted for consideration of the Fifty-eighth session of congress, has not yet prepared a draft of its ideas.

# JAMES T. BLAIR'S TROUBLES GROWING

MUTUAL LIFE INSURANCE COMPANY OF NEW YORK WOULD CANCEL ALL HIS POLICIES.

SAY HE CANNOT PAY THEM

Plaintiffs Claim Blair Represented Himself as a Capitalist, Able to Carry a Big Amount.

St. Louis, Mo., Nov. 6.—In the United States court the Mutual Life Insurance company of New York filed an application for the cancellation of two life insurance policies aggregating \$250,000 carried by the company upon the life of James T. Blair. The company charges that the policies were secured through fraudulent representation.  
The petition further charges that Blair attempted to take his own life on October 15 and October 20, and defraud the company out of the amount of policies.  
The petition also charges that Blair, for 10 years during which time he was attorney for the company, deceived the company by representing that he enjoyed an income of \$50,000 a year; that he was a capitalist and able to pay the premiums.  
The petition sets forth that on November 2 the company served notice upon him of cancellation of the policies which it held upon his life and made him a tender of the amount of premiums he had paid and interest thereon amounting to \$35,000, and that this tender was refused. The tender is therefore made to the court, and it is petitioned that Blair be required to appear in court to answer the charges, but not under oath, the petitioners specifically waiving requirement of an oath.

# TABLES TURNED

Rabbit Shot Hunter and Dog and Is Still at Large.

Milton Reynolds of Livingston Manor took his gun the other day and went out after rabbits. A big one got up and Reynolds chased it until it disappeared in a hole in the ground.

The hunter laid his gun down, got a pole and punched it in the hole to rout the rabbit out. The gun was cocked all ready for Reynolds to pick up and shoot the rabbit the moment it came from the hole.

The cotton-tail came out with a sudden rush. Its first bound landed it on the gun. Its forefeet struck the trigger. The gun was discharged, both barrels going off at once.

Reynolds was in a stooping position, his dog near him. He was just far enough out of line of the gun to escape the full force of the charge in it, but two fingers were torn from the left hand, his left calf was badly lacerated by shot, and his left cheek filled with them.

One of the dog's legs was shot off. The rabbit went on and is still at large.—Ten Mile River (N. Y.) Cor. New York Times.

# DOLE SAYS TO LET SOME CHINESE IN

CHIEF EXECUTIVE OF THE TERRITORY OF HAWAII THINKS THEIR LABOR IS VALUABLE.

IT SHOULD BE CONDITIONAL

If Chinese Are Admitted, It Should Be With the Understanding That They Do Certain Things.

BY ASSOCIATED PRESS.  
Washington, Nov. 6.—Gov. Sanford B. Dole, chief executive of the territory of Hawaii, expresses the opinion in his annual report to the secretary of the interior that unless there should be a larger immigration of American settlers than now seems probable, the present numerical inferiority of those who may be classed as belonging to the Teutonic race as compared with the Hawaiians, will, in a few years, become a still greater inferiority as compared with the then American citizens of the Hawaiian, Portuguese, Japanese and Chinese races.  
The report says that statistics show a steady increase in the last three years in the production of sugar and an increase in the shipments outside the territory.  
Coffee shipments show an increase of 250,000 pounds over the previous year, but a decrease of 680,000 pounds compared with the year ended June 30, 1902.  
Rice, the report says, is inevitably a diminishing product, both from the competition of the new rice fields of Texas and Louisiana, and the diminishing numbers of Chinese in the territory.  
It recommends that a limited immigration of Chinese laborers to the territory be permitted, conditioned upon their engaging only in agricultural, mill and domestic work for hire during their stay.

# SAM PARKS TO GO TO PENITENTIARY

NEW YORK LABOR LEADER GETS A SENTENCE OF TWO YEARS AND THREE MONTHS.

HE GOES UP FOR EXTORTION

Forced New York Studios to Pay Him Sum of \$500 to Call Off a Strike Affecting Them Seriously.

New York, Nov. 6.—Sam Parks was today sentenced to two years and three months in Sing Sing prison. This sentence was passed on the charge of extorting \$500 from the Tiffany studios.  
It was alleged that Parks as walking delegate of the Housewives and Bridgemen's union, forced the Tiffany studios to pay him \$500 to call off a strike. This was Parks' second sentence for extortion. He was released from Sing Sing on a certificate of reasonable doubt after his first sentence.

In imposing sentence today, Judge Newburger said he took into consideration the physical condition of Parks, who is said by physicians to be suffering from consumption in an advanced stage.

Parks, whose customary air of defiance has entirely deserted him, heard the sentence without a movement of feature or outward suggestion of emotion.

Former District Attorney Osborne, Park's counsel, said that he would in all probability appeal, but that no certificate of reasonable doubt would be applied for.
