

DIFFERED IN OPINION.

The Question at Issue Between the Elizabeth Trustees Is the Manner of Working.

Weekly Reports Being Correct, the Ore Should Be Stopped, Say the Helena Men.

Manager of the Northern Pacific Working on the Cour d'Alene Problem—A. Kahl's Departure.

P. Knabe, the expert, goes to-morrow to Phillipsburg to examine the Elizabeth for the trustees. He will report to Messrs. A. M. Holter and H. M. Parcken, the Helena members of the board, and from Prof. Knabe's report these gentlemen will make their recommendations to the board.

The contract for a 300-foot tunnel on the Black Bear fraction on Canyon creek has been completed, and a good vein of lead carbonate encountered. This property is owned by J. A. Campbell, of Warden, and Charles Halstead, Ester Bernier and Herbert Parrott, of Wallace. It is the intention to open up the property as soon as spring opens.

The Three Forks Enterprise. All the machinery boats belonging to the Three Forks company that worked in that vicinity with a dredge last summer, have been attached at the instance of a Colorado bank for the sum of \$13,000.

The Leo. Reports from the Leo (Major Blvd) are very encouraging to the owners. A good force is employed in development work and it is thought ore shipments will begin within a month.

Sold the Prince. E. F. Nave, of Radersburg, has sold the Prince mine, in Jefferson county, to W. B. Stockton, for \$5,000.

AUSTRALIAN THOROUGHBREDS. Bought by J. B. Haggin for His California Stables.

San Francisco, Jan. 2.—Three of the most important thoroughbred equine shipments to this country in recent years arrived by the steamship Monowai in the charge of R. E. de Lopez, the Sydney breeder and owner. The first in importance was a pair of stallions, full brothers to Sir Godolphin, the sire of so many of the fastest racehorses on the American turf.

THE STRIKE IN THE HOPE. The Old Producer Bids Fair to Pass Its Record.

The strike in the Jubilee tunnel which was reported in the Phillipsburg Mail two weeks ago has assumed greater magnitude than any one connected with the mine had anticipated.

Discovery in the Hope company's ground, they are pretty sure to enjoy another season of great prosperity. Of the mines of the Hope hills none are regular fissure veins, but a series of pockets of ore in limestone have been discovered one after another, and the history of the Hope company shows that about the time the public begin to think they are nearing the end they have always uncovered a body that assured them new life.

A. Kahl's Departure. A. Kahl, who has been the general manager of the United Smelting and Refining company for several years, leaves for Phillipsburg in a day or two. Mr. Kahl has been connected with smelting interests in Montana for a number of years, and has been uniformly successful, and made many friends during his residence in the state.

In the Cour d'Alene. The contract for a 300-foot tunnel on the Black Bear fraction on Canyon creek has been completed, and a good vein of lead carbonate encountered. This property is owned by J. A. Campbell, of Warden, and Charles Halstead, Ester Bernier and Herbert Parrott, of Wallace.
