The 6 Meetings of the Montana Circuit, As shown above, present to the horsemen of the country 43 actual days of racing, and provide one hundred thousand dollars in purses and added money to stakes.

The programme includes running, trotting and pacing. The tracks are all full mile, regulation, and no expense has been spared to make them both safe and fast.

The grounds are large and commodious. The grounds are located within easy distance of the various cities and are connected with them by steam railroads or electric motors.

The betting privileges will be in the hands of capable men, well known to all horsemen. Last year, with five meetings, about \$600,000 passed through the pools, aside from the books; and with the increased interest and high class of contests expected, it is certainly safe to predict larger sales this year.

Our circuit is the center of racing for the Pacific coast and Rocky Mountains. Horsemen coming from the south can attend the May-June running meeting at Denver, where \$30,000 are offered in purses, and the mixed meeting commencing June 11, on the new mile track at Salt Lake City, where purses aggregate \$20,000; or coming from the northwest can follow the Spring meetings at Portland, Walla Walla, Spokane Falls, and other points in Washington and Oregon, finishing the Montana circuit in ample time for the Fall races in other sections.

Nothing will be left undone by the officers of the different associations to insure the comfort and convenience of owners and trainers who attend and enter horses on the circuit.

Table of distances between points on circuit: Deer Lodge to Dillon... 94 miles, Dillon to Anaconda... 81, Anaconda to Butte... 27, Butte to Helena... 73, Helena to Great Falls... 98.

Total for 6 meetings... 373 miles.
