

GANS & KLEIN

ON AUGUST 28TH, 430, St. Augustine, usually styled "The greatest of all the Fathers," died at Hippo, North Africa.

The Augustinian Friars took their name from him, and his writings, which are still preserved, prove him to have been the greatest rhetorician of his time.

Vandals besieged Hippo, and Augustine, then a man of 76, prayed for death ere the city fell. He died before its capture.

LIVES LOST IN A MINE.

Terrible Fatality Attending the Frightful Explosion at Park Slip Pit, Wales.

Imprisoned Men Hear the Roar of Flames and Feel Their Approach.

The List of Victims Will Run Over a Hundred—Work of Volunteer Rescuing Parties.

London, Aug. 27.—All night long volunteer parties have kept up work at Park Slip pit, the scene of the disastrous explosion in Wales yesterday. At six o'clock this morning they had penetrated 900 yards into the main shaft. In all this distance not a sign of life was discovered. Here and there was the body of a miner, but the attitude invariably showed that death had come suddenly. Some of the men had died in the very act of using their picks. Two bodies were recovered of men who didn't have a second's warning of their fate. The bodies of two men were discovered however, who had apparently made a frantic attempt to escape. Later dispatches received at noon say that while a band of rescuers were working in the pit a sound was heard which caused the men suddenly to suspend. Soon a repetition was heard, low and weak, but indicating life beyond the great wall of rock and debris. The work of rescue is now being pressed with heroic energy. At 1:30 this afternoon the drift was finally penetrated and thirty-nine imprisoned miners rescued. The scene when they reached the surface was indescribable. Wives, sweethearts, sisters, brothers, and in some cases fathers and mothers, were in waiting, frantic to see if their loved ones were among the saved. The work of clearing the galleries is still being pushed in the hope of saving others. One of the rescued miners said:

"A crowd of us got together in the level. After the explosion we could hear flames roaring through the mine. After a time we tried to get out but were driven back by the sulphur fumes. Three men sought to rush through, but lost their lives, dying where they fell, as it was impossible for us to save them."

Late this afternoon another rescuing party saved eight more imprisoned miners. Volunteer rescuers state they have signalled another party of imprisoned men, who, by striking on the wall, signalled that there were fourteen more of them waiting to be dug out.

GOOD TRAIN SERVICE.

That Which Goes Into Effect on the Northern Pacific To-day.

The new schedule governing passenger trains in and out of Helena that goes into effect to-day is the best all around that the business men of this city have ever had. One of the transcontinental trains, the one going via Butte, will be taken off, but that going via Helena is continued, the arriving time from the east being 1:30 p. m., and the time of leaving 1:45 p. m. The through train from the west will arrive at 12:40 p. m., and leave at one p. m. But the best news to Helena people is the new schedule governing local trains. A new train has been put on that leaves Helena at 7:30 a. m. daily, running through without change to Wallace, Idaho, arriving there about six p. m. This train will make close connection at Garrison for Butte, Anaconda, Deer Lodge, at Drummond for Phillipsburg, and at Missoula for points on the Bitter Root branch. It leaves Wallace every day at 6:30 a. m., and arrives in Helena at 6:45 p. m. This is just the train and the sort of connection Helena people have tried so long to get, and now they are satisfied. All trains, both east and west, will make close connection at Garrison for Butte and Anaconda. Trains on the Marysville, Boulder and Rimini branches will run as heretofore.

EAST FOR NEW GOODS.

A Helena Firm That Buys Direct From the Manufacturer.

W. M. Frank, of the firm of Clarke & Frank, shoe dealers, leaves to-day for Boston where he goes to purchase fall goods for Montana Shoe company. Mr. Frank will visit the New England shoe factories personally and make his selections for the Montana trade from the best there is in the Eastern markets, both in quality and workmanship. Another advantage in buying from the factories direct is that the best prices are obtained and customers of the company will profit by this also.

That push and enterprise backed by square dealing will succeed in Helena there is no better illustration than is offered by the Montana Shoe company. The members of the firm are wide awake and thoroughly understand their business and know what to buy and where to buy it. That the public appreciates their efforts is shown in the way the business has grown from a small beginning to one of the largest and best equipped shoe establishments in the state. Not only has the retail business grown, but the wholesale has kept pace with it.

LEADS THEM ALL.

Sam Herz Away Ahead of Any Dealers in His Line.

Anticipating his usual heavy fall and winter trade Sam Herz, of the Motor waiting room on Sixth avenue, has made arrangements for a select line of oysters, which will soon be in season again. He looks ahead to cater to the wants of his patrons, which is one of the reasons why he does such a large business and leads all dealers in his line. The cool weather yesterday did not show any perceptible decrease in the ice cream and soda water demand. Sam thinks there will be warm weather in September and that those two palate refreshers will be in season for some time yet. His latest fruit shipment is going off very fast.

SPREAD OF THE CHOLEERA.

Hamburg the Only Prussian Place Where It is Epidemic.

[Copyright, 1892, New York Associated Press.] BRUNN, Aug. 27.—Delegates from all federal states held a conference to-day on the subject of cholera. The president of the police reported that not a single case of Asiatic cholera had yet been certified to in Berlin. Statements from Prof. Koch and Councillor Bahts, together with the general report covering the whole health condition of Germany are being issued, although Koch thinks the worst period of the epidemic in Hamburg and Altona has not yet passed. The first outbreak occurred in Hamburg, Aug. 14, and at Altona Aug. 18. The imperial health office is making arrangements to publish a daily health record of Berlin and other cities. Councillor General Edwards has taken the necessary steps to keep the state department at Washington informed of the situation throughout Germany. Scrupulous care is now taken at Bremen and Hamburg, inspection extending not only to the whole city, but to the crews of vessels and passengers.

THE CANADIAN BORDER.

To Prevent the Invasion of Cholera From the Dominion.

WASHINGTON, Aug. 27.—The treasury department is acting promptly on all matters having a bearing on the cholera epidemic and nothing will be left undone that may tend to keep the infection from the shores of this country. To all intents and purposes there now exists a national quarantine, the co-operation of national and state authorities in the matter resulting in the strictest supervision of all vessels making extremely difficult for a case of cholera to reach the shores of the United States. Surgeon General Wyman, of the marine hospital service, is now considering a proposition to continue the disinfection of baggage during the winter. This, it is thought, will prevent the importation of cholera germs after the present alarm over the matter has subsided. The old revenue cutter Ewing will be taken to Chesapeake bay, anchored off shores, and fitted up for a hospital, so if any cholera patients are found aboard incoming ships they will not have to be landed, but can be kept entirely isolated.

BEZIRK TURNER.

Tonn, president of the Helena Turn Verein, and after the reception the delegates will be the guests of the ladies at a dinner. During the afternoon the contests for prizes in the gymnastic tournament will take place at Kranich's grove. Preceding this there will be a parade through the principal streets of the city. The exercises for the day will conclude at the grove with a concert, address by Judge C. W. Fleischer and a display of fireworks.

WON BY A SICK COLT.

But Morello Was Game and Took the Rich Futurity in the Mud.

The Great Stake for Youngsters Worth \$75,000 or More This Year.

Missoula's New Base Ball Team Takes a Game—Rain Interfered With the Helena-Butte Game.

SHEPHERD BAR, Aug. 27.—The great futurity has been won by horse that, under ordinary conditions, would not have been permitted to leave his stable, and Morello's owners to-night are richer by \$75,000. Disagreeable weather put the attendance down to 10,000. The track was heavy. While the winner stood at the post before the race started he fell from his nostrils profusely and people thought Trainer Van Ness must be crazy to send the colt to post in such condition. Morello was suffering from a severe attack of influenza. After a ten minute wait a good start was secured. Lovelace was first on the rail. He was out-paced in the opening sixteenth by Belladonna colt. At the bend into home stretch proper Morello was seen to be breaking from the bunch. At the half he was at Belladonna colt's neck and Hamilton began to whip the colt in a desperate effort to retain the first place. Nearing the last furlong Hayward's whip went up in the air and came down with vicious severity on Morello's side. From now to the finish Morello easily outstripped her opponents and easing up, in the last dozen strides, came in two lengths ahead, in 1:12 1/5, good time considering the heavy track. Lady Violet struggled in second, beating Belladonna colt next for third place. Billy Hayward, who rode Morello, receives \$1,000.
