AGAIN ON GOOD TERMS.

Colombia and the United States settle a Difference.

WASHINGTON, Oct. 18.—A sharp diplomatic disagreement between the United States of Colombia and the United States of America has just been brought to a close. The differences grew out of and have existed ever since President Harrison in March, 1892, issued a retaliatory proclamation against Colombia, under the provisions of the McKinley act, because of the latter's refusal to negotiate a reciprocity treaty with the United States, as had been done by other Central and South American states. Senor Hurtado, the Colombian minister, protested against the proclamation, and after a warm correspondence with Secretary Blaine left Washington and has returned but once since, that occasion being to call on Secretary Gresham. For two years Colombia's protests have been before the state department. Now, however, the new American tariff done away with reciprocity and retaliation, so that the retaliatory proclamation against Colombia is annulled. As a result the strained relations between the countries is ended and it is thought Senor Hurtado will again take up his residence in Washington.

An Ample Fund of Pleasure and Health May be derived from an ocean voyage and foreign travel. But before one gets one's "sea legs" on, as the sailor says, the abominable qualms begotten of sea sickness have usually to be gotten over. Delicate people suffer, of course, more than the robust from this ailment, but few sea travelers escape it. Against the frightful nausea it produces Hestetter's Stomach Bitters is a reliable defense, and it is so esteemed by tourists, commercial travelers, yachtmen and mariners. An ailment akin to sea sickness often afflicts land travelers with weak stomachs. This is often brought on by the jarring of the railway train. Disquietude in the gastric region from this cause is always remedied by the bitters, which also prevents all cases of indigestion, rheumatism, nervous and kidney trouble, constipation and biliousness.

HEART DISEASE.

Fluttering, No Appetite, Could not Sleep, Wind on Stomach.

"For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep.
