MAN-MADE DRESSES.

Marvellous Merchandising This Week.

LADIES—The results of our modern system of trading are now apparent to all the people. It is made manifest by the daily increasing popularity of our store that Sands Bros. have accom-

Originators of Low Prices.

Sands Bros

plished for Dry Goods in Helena a reform or revolution similar to that which Sir Roland Hill brought about for the British Empire by the introduction of the "Penny Postage." Our low price system is acknowledged, even by the brightest, keenest and shrewdest shoppers, to be the greatest boon to the greatest number, and hence it is regarded by all as a public benefaction. Look at the prices we are selling for this week, and you will stare at them in amazement. The "rush" last week paralyzed all our efforts to cope with it, even with increased help, and this week we would respectfully entreat of you, Ladies, to call as early each day as it might possibly suit your convenience to do so.

Blankets.

The extra fine quality of Saxony and Australian wools combined with the strong
fiber of our American wool make the best and most durable Blankets. Out of this
combination the web of Sands Bros.' Blankets is manufactured, due regard having
been paid to the spinning of the yarn, the carding and other technical opera-
tions affecting the hygienic properties of this essentially sanitary article of wear.
No wonder the "rush" for blankets increases day by day at Sands Bros. because of
the inherent superiority of the goods and the marvellously low prices at which they
are now selling.

Carpets, Laces and Rugs.

In Carpets we this week renew our efforts at panoramic display of all that is

low prices at which these beautiful goods are marked, is not the least remarkable of
this week's carpet selling. Nottingham Curains form a very attractive feature in
this week's show, interspersed as they are with many artistic French Curain crea-
tions of the Renaissance period. Prices desperately low. Smyrna and Japanese
Tiggs in great variety.

ROAST BEEF.

Big Hammond Packing House in Omaha
Burned Down.

Omaha, Nov. 2.—Hammond's packing
plant, at South Omaha, burned. The
building cost \$200,000, and with its con-
tents will probably bring the total loss
to \$500,000. There is \$1,500,000 insurance
on the whole plant. Just as the men
were about to work in the big beef
house at seven o'clock, flames were dis-
covered on the second floor. They
quickly spread to the third and fourth
floors. Hammond's fire department
started to fight the fire, but the water
pressure was so light that it was im-
possible to accomplish anything. Word
was at once sent to Omaha, and all
available apparatus was at once hur-
ried to the scene. A high wind was
blowing, and the fire threatened to
spread to the house of Swift & Co., and
the stock yards.
All efforts of the firemen were con-
fined to keeping the fire from spread-
ing, as there was no possible show of
saving the big beef house, a four-story
structure, 200 by 2,000 feet, which origi-
nally cost \$300,000 and was filled with
valuable machinery and a large amount
of beef. The efforts proved successful,
but only at the cost of two lives. At 11
o'clock one of the walls fell. Two fire-
men belonging to the private depart-
ment of the packing company were
buried underneath a ton of burning tim-
bers and red-hot bricks. They were
John Steele and Henry Peters. When
taken out dead from the debris it was
discovered that both men were still
grasping the hose nozzle. Steele was
married only last Wednesday.
The insurance on the property de-
stroyed amounts to \$220,000. The loss
will be almost double that amount.

6,000 FRAUDS.

Alleged to Be That Many in San Francisco's
Registrar.

San Francisco, Nov. 2.—The biggest
political sensation of the campaign was
sprung here yesterday afternoon. C. J.
Stillwell, private detective, brought
suit against Register Evans and 6,000
voters, who, he charges, are illegally on
the rolls. Stillwell claims to represent
the democratic and non-partisan party-
of-election committees. Every one of
the 6,000 men accused is mentioned
by name. It is alleged that they have
no legal residence, and the complaint
demands that their names be stricken
from the register. If the local courts
refuse to take the action demanded,
Stillwell declares he will secure war-
rants and arrest the accused men as
they appear at the polls to vote, provid-
ing all the warrants cannot be served be-
fore election day.

Never Said any Such Thing.

New York, Nov. 2.—Mrs. Elmira
Glaze brought action in the supreme
court against her mother-in-law, Sarah
Glaze, and step-son, Dr. George W.
Glaze, to recover \$20,000 for alleged libel.
In 1880, after two years of married life,
Dr. Glaze procured a decree of divorce
in California on the ground of desertion,
but the decree was declared invalid in
the courts of New York because de-
fendant had not been personally served
with notice. Three years ago Dr. Glaze
sued for absolute divorce in this city,
but was defeated. Mrs. Glaze charges
that her mother-in-law and Dr. Glaze
made statements in affidavits in the last
case to the effect that she called her
husband vile names at their home and
on the street.
