From the Butte Miner, Oct. 31.

Mr. J. H. Whalen, who returned from Helena last week, reports work progressing finely on the Helena and Butte wagon-road. The working party, which commenced at the east end of the Park, had reached the Boulder. Col. Viall and Mr. Holter, who have the work in charge, came out Wednesday, and say that the Helena end of the road will be vigorously pushed to an early completion. Boulder City has raised upwards of two hundred dollars to help the work along. This money will be used in completing the road to the Corinne road, at Capt. Cook's stage station. While some three miles further, this will be much the best route, as it avoids the hill via the Rumley mine. As indicated in last week's issue, four hundred dollars have been raised in

Butte, and will be used in improving the road through the Park.

STATE OF THE ORDER IN COLORADO.

The G. W. C. T. of Colorado, in his annual report to the Grand Lodge of the Centennial State, which closed its session Oct. 9th, says:

A few lodges have surrendered their charters, but twelve new ones have been organized and five degree temples have been instituted, resulting in a handsome increase over one year ago. The lodges, as a whole were never in a more flourishing condition and the order never had within its bounds of jurisdiction so strong a hold upon the public confidence as at the present time.

Twenty-eight official visits were made during the year to different lodges within the jurisdiction.

During the year I became convinced that it was highly important that the Grand Lodge should become an incorporated body, and hence have taken the necessary steps to secure articles of incorporation, and ask the Grand Lodge to take such action as it may deem wise in the premises.

GOOD TEMPLARISM IN CALIFORNIA.

The Grand Lodge of the golden State closed its annual session on the 7th ult., at Oakland. Eighty-two lodges take seven hundred copies of the *Rescue*, the official organ of the order. One hundred and seventeen lodges have in their treasury a surplus of \$8,401. Fifty-one lodges have distributed \$1,456 for charitable purposes.

In the matter of political action the following report by the Committee on Good of the Order was adopted:

This Grand Lodge adopts the following platform: First, total abstinence from intoxicating liquors as a beverage; second, no license in any form or under any circumstances for the sale of liquors to be used as a beverage; third, the absolute prohibition of the manufacture, importation and sale of intoxicating liquors for such purposes; prohibition by the will of the people exercised in due form of law with the penalties deserved for a crime of such enormity; fourth, the creation of a healthy public opinion upon the subject by the active dissemination of truth in all the modes known to enlightened philanthropy; fifth, the election of good, honest men to administer the laws; sixth, persistence in efforts to save individuals and communities from so dreadful a scourge against all forms of opposition and difficulties until our success is complete and universal; seventh, that it recommend the organization of a temperance political party; eighth, that to this end we invite all persons and societies to join hands with us, and to aid and assist in this great work of reform.
