New Orleans, April 28.—A Times-Democrat's Wesson special says: Two additional deaths occurred at Wesson today: a little son of J. T. Gibson, and Mrs. Finch. The damage by the cyclone at Beauregard is now estimated at \$450,000.

A singular fact in connection with the cyclone may even now be mentioned. There were about forty persons of Jewish extraction in Beauregard during the cyclone, and all of them were picked out of the debris, and not one of them was seriously injured. The wounded are all comfortably provided for with clean bedding and necessary underclothing. Delicacies are constantly being sent. Many have been removed, but 42 are unable to be moved. The Methodist Church is being used as headquarters for the Red Cross Society. The Beauregard churches were blown to splinters.

Washington, April 29.—McGillivuddy, of the Pine Ridge Indian agency, Dakota, under date of April 19, writes to the Commissioner of Indian Affairs as follows: Red Cloud wishes to inform his great father that his heart is good and mind tranquil, and also that he has discovered a gold mine on his reservation and intends to go to mining with his people when the weather becomes fine. He does not wish to be disturbed in his possession of said mine for ten years.

Washington, April 28.—Secretary Folger has appointed as special agents, A. K. Tingle, O. K. Spalding, Detroit, Michigan, and John S. Earles, secretary of the Hauneyer Sugar Refining Company, of New York, as a commission to visit San Francisco and investigate the alleged fraudulent importation of Hawaiian sugars. The commission has been instructed to inquire particularly into the charges preferred by the representative, Belmont. This commission is substituted for one heretofore designated, which was composed of special agents Chambers and Bingham.

Austin, April 28.—A board was organized yesterday to prepare the claims of Texas against the United States for frontier defense from the 20th of October, 1885, to April 28th, 1882. The board, under the new law, is composed of the Governor, Comptroller and Adjutant General. All the necessary data are now in the departments of the Adjutant General and Comptroller. The claims for the eighteen years mentioned will aggregate about \$1,200,000. If these claims are allowed, it is probable that they may be allowed to secure reimbursements for like expenses from 1845 to 1861.

Chattanooga, Tenn., April 28.—To-night as the north-bound Nashville and Chattanooga train was nearing Anderson, forty-five miles below this city, and running at the rate of thirty miles an hour, James Hawkins, a passenger, suddenly rose and shot Robert Reeves through the heart. Hawkins then jumped from the train, and it is thought had his neck broken. Both are from Dechert, Tenn.

St. Louis, April 27.—Texas dispatches say that a violent wind storm swept over the western part of the State last night, doing much damage at Banham, Polo Pinto and Belton. A number of houses were blown down, and in Bell county several persons are reported killed. A school house near Fort Worth was demolished, but only one child is reported hurt.

Tullamore, April 28.—Three arrests in connection with conspiracy to murder were made here in consequence of information given at the examination of three conspirators in Dublin yesterday by a man named Seery, a resident of Tullamore.

Washington, April 28.—A report prepared in the office of the Commissioner of Internal Revenue shows that the aggregate receipts for March, 1883, were \$14,251.21 greater than for March, 1882. The increase was distributed as follows: On spirits, \$15,369.75; on beer, \$42,125. There was a decrease as follows: On tobacco, \$2,187.51; on banks and bankers, \$591.37; and miscellaneous, \$760.91.

Hot Springs, April 28.—The most disastrous hail storm ever known occurred here at noon today. Many buildings were badly damaged and hundreds of windows broken. It is feared that the growing crops are badly damaged.

Washington, April 28.—The Solicitor of the Treasury has decided that the Collector of Customs at Brownsville, Texas, has authority to arrest smugglers as well as to seize contraband goods. It is estimated that the Government loses annually \$500,000 by smuggling carried on along the Rio Grande.

St. Albans, Vt., April 28.—The State authorities, after much litigation in the Canadian courts, got possession of \$200,000 bequeathed to the State for the benefit of the common schools by Aramiah Huntington, of Cranford, Canada. Huntington was a native of Vermont, and died in 1857.

James Mirrieles, of Pittsfield, Ill., brother-in-law of the Hatch Bros., of Big Elk, arrived at their ranch last week. Mr. M. was accompanied by Mrs. Hatch, mother of the Hatch boys. They came via the N. P. to Big Timber, the R. R. point of the Musselshell country.
