Items of Interest

TO THE
Members and Friends of the Metho-
dist Episcopal Church in and about
Judith Gap, Garnell, Straw, Oxford.
BY
Carlos D. Bradley, Pastor

Preaching by the pastor next Sun-
day morning, 11 o'clock at Oka,
3 p. m. at west Oxford.

The temperance lecture delivered
by Dr. Clarence True Wilson in the
Garnell church last Friday evening
was the product of a great scholar
and orator. The large audience lis-
tened intently for an hour and a half
and then were loath to leave the
house. Dr. Wilson is doing a great
work for the cause he represents,
though at a great cost of physical and
mental energy.

A teacher training class has been
organized in Garnell with eight
members. This class meets each
Tuesday evening just before prayer
meeting. Those who take this course
will be of much value to the Sunday
school in the future.

Special services will begin at Gar-
nell on the evening of the 31st and
continue every night indefinitely.

The KITCHEN
GUPBOARD

AUTUMN FRUIT DESSERTS.

THE late fruits are available for
many tempting desserts. With
cooler weather fruit, pastries and
puddings are more acceptable, and
quite a variety of these may be made
with fruit.

Apple Meringue.—Stew four apples,
add a tablespoonful of cornstarch, the
yolks of two well beaten eggs, a cup of
milk, a piece of butter as large as an
egg, a little lemon rind, grated, and
half a cupful of white sugar. Stir all
well together. Line a pudding dish
with puff paste and pour in the mix-
ture. Beat the whites of the two eggs
and add two spoonfuls of sugar. After
it has baked add the meringue and re-
turn to the oven to brown.

Add Whipped Cream.
Pear Shortcake.—Make a biscuit
dough and roll it until half an inch
thick. Bake in buttered tin in a quick
oven for twenty minutes. Cut up some
stewed pears and sweeten them. Spread
the hot shortcake with the fruit,
making alternate layers of the cake
and fruit. Top with whipped cream.

Fruit and Cake Pudding.—Take a
stale sponge cake, cut it in slices and
lay in the bottom of a baking dish.
Then fill to the top of the dish with
peaches or berries. Put cake on top
in slices and make a meringue of two
whites of eggs, beaten light, and then
add two tablespoonfuls of sugar. Spread
over the top and put into the
oven for a few minutes to harden.
Serve with cream and eat cold.

Flavored With Orange.
Rice and Rhubarb Pudding.—Put a
layer of boiled rice sweetened to taste
in a well buttered pudding dish, cover
with a layer of chopped rhubarb and
sprinkle thickly with sugar and small
pieces of butter. Add another layer
of rice, more rhubarb, sugar and but-
ter and continue till the dish is full,
having the last layer of rice. Sprinkle
over with the juice of lemon and
one orange and stew with sugar and
small pieces of butter. Bake in a mod-
erate oven.

Apple Pyramid.—Peel some small ap-
ples and place them in a saucepan,
just covering them with water and
adding the grated rind of an orange or
a lemon, a very little cinnamon and
sugar to taste. Cook gently till the
apples are tender, but they must not
break. Then lift them out carefully
one at a time and arrange them on a
dish in pyramid and keep them hot.
Meanwhile reduce the liquor in which
they were cooked to a thick sirup.
Pour this over the apples and dust
them well with sifted sugar, sprinkle
freely with rum and set on fire just
before sending to the table.

GARNEILL

Leo Haegen left Thursday for Lew-
istown to consult an oculist and
then he will go to Forest Grove for a
few days visit.

Misses Mary Rosen and Lillian
McDonald spent Wednesday with
Miss Gladys Jennings.

Drew Hart left Friday for Dawson
county to spend the winter on the
homestead.

James Woodhouse left Saturday
for Saginaw, Mich. to visit his par-
ents.

About twenty young people gather-
ed at the Jennings home on Wednes-
day evening for a social. A good
time was reported. It is the pastor's
wish to hold like affairs once a month
for the young people if places can be
secured to hold them in.

Echoes From Examination Day.

The following are some answers
found on the examination papers of
pupils in a country school:

"The people who lived on the earth
before it was inhabited were a very
low order of savages."

"Samuel Johnson was a well known
English writer. He wrote several
heavy books."

"Henry IV. of England met his death
by starting to pray and having a fit
and died from effects."

"A penitent is one who earns his liv-
ing by his pen."

"Monotony is where a person or a
company has everything its own way."

"Finance is what a girl marries."
—Lippincott's.

All Old.

Discovery of a prehistoric Turkish
bath in Ireland suggests again the
thought that most of the things about
which modern civilization boasts are
ancient. An automatic machine was
in use to supply sacrificial water in an
ancient Greek temple. Queen Maria
Theresa had an elevator in her house
at Luxembourg at least as early as
1777, and an omnibus was running in
Paris in 1662. In 1667 Robert Hooke
conveyed sounds to a distance by dis-
tended wire—telephone, in fact.

STATE'S FIRST MERCHANT DIES

Thomas Aspling of Deer Lodge Ex-
pected to Live One Hundred
Years.

Thomas Aspling, first merchant in
Montana, is dead at Deer Lodge. He
was considered the oldest pioneer in
the state. He crossed the plains in a
"prairie schooner" in the early sixties
in the rush for the gold fields of the
west. His store in Deer Lodge was the
first territory of Montana knew. He
celebrated his ninety-eighth birth-
day Dec. 12 and his boast was that
he would live to celebrate his hun-
dredth birthday.

TENTED TOWN FEELS COLD

Waits Upon Government Red Tape
While Site is Selected.

While the red tape of two govern-
ment departments slowly unwinds,
Yellowstone, Gallatin county, fam-
ilies are living in tents on the Gal-
latin forest reserve and shivering at
the approach of winter. The town is
on an imaginary line between the
Yellowstone National park and the
forest, the one under the jurisdiction
of the interior department and the
other of the agricultural department.
The latter has refused to cut off a
slice of the forest reserve for a town-
site because of objection from its sis-
ter department on the grounds that
it would mean saloons and question-
able resorts on the border of the
park.

Efforts are being made to have juris-
diction transferred to the park au-
thorities so they may regulate the
town's morals to suit themselves.

SHOT TO DEATH WHILE ASLEEP

Well Known Butte Woman Murdered
in Seattle.

Grace R. Hogevoil, a Butte woman
and wife of Swan T. Hogevoil, former-
ly one of the best known lawyers in
Montana and wealthy, now resident of
San Francisco, was shot and killed in
Seattle by J. Orville Blakeslee, a
horticulturist, who stole into her room
and fired a bullet into her brain as she
lay sleeping beside her mother. Then
Blakeslee fired a bullet into his own
brain.

Mrs. Hogevoil has a sensational di-
vorce suit pending in the Butte courts.
The newspapers of the state have car-
ried lengthy accounts of her startling
allegations involving alleged affinities
of her husband and her pursuit of him
and his "affinity" across the continent.

KILLED GOING TO NEW FARM

Dakotan Meets Death in Runaway
Near Goal of Ambition.

Their countenances radiant with
happiness, James E. Lambers, former-
ly of Minot, N. D., and his wife, set
out from Forsyth for their homestead
near that town, a piece of land that
was to be a home for them—where
they might realize the ambitions of
the husband to have a farm of virgin
soil and prosper. They stopped on
the way and while Lambers was out of
the wagon the horses became fright-
ened. The man leaped to their brid-
les to avert a runaway; the team
plunged forward, threw him under the
wheels of the heavy vehicle, which
crushed out his life, and left his wife
on the road with his dead body.

BANKER'S SON IS ARRESTED

Charged With Cashing Draft on Dead-
wood Institution.

D. E. McPherson, son of D. A. Mc-
Pherson, cashier of the First National
bank of Deadwood, S. D., was ar-
rested at Great Falls charged with
cashing a draft for 1250 when he had
no funds in the bank.

The arrest was made on complaint
of A. G. Karcher, who cashed the draft
for McPherson, the paper being drawn
on the First National bank of Dead-
wood.

It was protested at the bank. Mc-
Pherson says his father was out of
the city when the bank got the draft.

Given Forty Years in Prison.

Domestic Romeo was sentenced at
Bozeman to forty years in the state
penitentiary for the murder of Jesse
C. Craig. The penalty was left by
the jury to the jurisdiction of the
court. He was found guilty of murder
in the second degree.

Livingston Has \$150,000 Fire.

Fire destroyed the First State bank
building at Livingston. A. W. Miles'
hardware store, a saloon, dental, in-
surance and law offices, and a room-
ing house. Forty roomers were saved
although four were overcome. The
loss is \$150,000.

How to Bathe Baby.
Use a handful of absorbent cotton
instead of a cloth the next time you
bathe the baby. It has all the good
qualities of the sponge and, being re-
newed each time, is absolutely sani-
tary. Place the child in the tub while
it is empty, then gradually and care-
fully pour the water in, and there will
be no more screaming with fright, but
the bath will become a delightful affair.
