

There Is Big Money In Any of These

Two lots within half a block of the N. P. depot; 60x130 feet; a big bargain at \$1,500; only \$500 cash needed.

Two lots, each 40x130 feet, on South Third street; cement walk in front and city water within 10 feet; a specially fine opportunity for the home-builder, as I can make terms to suit the most modest purse; \$375 each.

Six fine lots in block 52, South Missoula. They are right where the city is improving most rapidly and are an excellent buy; \$250 each—one-third cash, balance one and two years.

THE WEATHER

Considerable sloppiness existed both under foot and overhead yesterday, decreasing church attendance. It was chinook weather all right, but of an unwelcome sort. The observations:

Southeast wind. Trace of precipitation.	

GOES TO POOR FARM.

Don McGuire, a sick man who has been in the county hospital since the first part of August, was taken before the county physician yesterday and subjected to a physical examination. McGuire is a man of 65 years and has been a railroad camp laborer for a number of years. Last August he applied to the county for aid and has since been a public ward. He was found to be suffering from paralysis and will be taken to the poor farm today.

BAND GIVES DANCE.

The Eagles' band will give the first of its scheduled series of dances in Elite hall tonight. The band has made most elaborate plans for these dances and the complete organization will supply music for the events.

WORTHY OF CONFIDENCE

An Offer Backed Up by One of the Most Respectable Concerns in Missoula.

We will either cure you of constipation or pay for all the medicine used during the trial. You pay us nothing if we fail. That's a mighty broad statement, and we mean every word of it. We will back it up with our own personal reputation, too. Could anything be more fair and secure for you?

The most scientific, common sense treatment is Rexall Orderlies. Their active principle is a very recent scientific discovery that is odorless, colorless and tasteless; very pronounced, gentle and pleasant in its action, and particularly agreeable in every way. This ingredient does not cause any diarrhoea, nausea, flatulence or griping. Rexall Orderlies are as pleasant to take as candy and are particularly good for children and delicate persons.

If you suffer from chronic or habitual constipation, or the associate or dependent chronic ailments, we urge you to try Rexall Orderlies at our risk. Remember, you can only get them at our store. Two sizes, 25c and 50c. Missoula Drug Co., corner Higgins avenue and Front street.

Wanted

We have a customer for a small place where chickens can be raised, at a price not exceeding \$1,000.

If you have such a place, call in and let us know about it.

DUNIWAY IS PLEASED WITH RESULT

PRESIDENT OF UNIVERSITY APPROVES INTERSCHOLASTIC ACTION.

That the critical situation of the interscholastic high school meet is now past, and that the initiative taken by the university in revising some of the plans on which the meet has been given will increase the value of the event, is the opinion of those who attended the high school association meeting in Helena last Wednesday, when an amicable understanding was reached between representatives of the high schools and the university. No formal action was taken by the high school association concerning the place of holding the meet, as the members of the association did not deem this necessary or advisable. The university had already invited the high schools individually to participate, at the same time extending an invitation to the interscholastic athletic association to carry out their custom of deciding upon the eligibility of contestants.

President Dunway of the state university stated that "the acceptance of the university's invitation for the interscholastic association to assist in the annual meet to be given next May on the university grounds, by deciding upon eligibility of candidates, seems a happy solution of the status of the meet. Judging from the expressions of principals of the high schools, a large representation may be expected. There is a generous appreciation of the plan for paying the expenses of five delegates from each of the accredited high schools instead of three, as formerly."

Better Than Ever.

What now remains to be done is to make the interscholastic bigger and better than ever. While there will be some changes caused by the withdrawal of the local high school from participation in the event, the general good feeling which has been brought about among the high school representatives from all over the state and the enlarging of the plans for entertainment and school features will make the most annual event much better than those of previous years.

Committee Report

The special committee appointed last spring to investigate the eligibility of Gish and Trainor of the Missoula high school and Rene Schroeder of the Butte high school made a lengthy report concerning their findings. Schroeder was declared ineligible and the committee framed a short, but severe, resolution against an athletic policy which allowed the playing of such an athlete as they found Schroeder to be. The conclusion of the report concerning the Missoula boys was as follows: "Since the principal certified to their class standing as being above passing grade, we cannot see how any rule of the association in force at the time when the men were entered for competition was violated. We are, however, firmly of the opinion that their attendance at Missoula was for the purpose of enabling them to compete on unequal terms with the product of Montana schools, but in the absence of a specific violation, your committee is unwilling to recommend that they be deprived of the fruits of their victory. We believe that the action which has already been taken in this case will go a long way to discourage its repetition, and we are also of the opinion that the revised constitution should provide a rule which would specifically cover such cases if they should occur in the future."

In another part of the report of the committee, after reviewing their findings, the committee concludes "that nothing to recommend that they be expelled from the school, mainly, if not wholly, for the purpose of participation in the track meet, which was to be held within six weeks from the time of their enrollment. We do not wish to be understood as implying that their removal from Seattle and Madison to Missoula and enrollment in the high school there for what seems to have been athletic reasons, was induced or encouraged by the principal of the school. "We cannot, however, escape the impression that this action on their part was induced by some influence not directly connected with the schools. We have, however, no reliable evidence which would substantiate our belief in this respect. Such evidence is extremely difficult to secure, and we have not cared to employ the means by which it could be obtained, if at all obtainable, viz. through a professional detective. It has seemed wiser to your committee to leave the matter unsettled than to attempt its solution through such means."

SNUG FORTUNE FOR MISSOULA PLUMBER

Samuel Brown, a young plumber who has been working on the Lacasse building for some time, yesterday received word from his home in Spokane that he and his only brother were the heirs to an estate amounting to \$150,000, the whole estate to be divided equally between them. An uncle of the young man, William Gough of Spokane, has just died and they were the only living heirs.

Mr. Brown is a well-known young man in this city and is to be congratulated upon his good fortune. He will leave at once for Spokane to make arrangements for taking over his share of the estate.

Brave Fire Laddies

often receive severe burns, putting out fires, then use Bucklen's Arnica Salve and forget them. It soon drives out pain. For burns, scalds, wounds cuts and bruises it's earth's greatest healer. Quickly cures skin eruptions, all sores, boils, ulcers, felons; best pile cure made. Relief is instant; 25c at Geo. Freishelmer's.

Mrs. C. H. Richardson and Rhoda Richardson of Lohrop are visiting friends in this city.

THERE WILL BE NO INTERESTING CAREER HAS PHILLIPS

INDIGESTION WHATEVER YOU EAT WILL BE DIGESTED, LEAVING NOTHING TO FERMENT. RETIRING JUSTICE OF THE PEACE QUILTS OFFICE WITH CREDITABLE RECORD.

Miserable indeed is the man or woman whose digestive system is unstrung—who goes to the table and cannot eat or what little is eaten seems to fill them and lays like a lump of lead in the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent box of Dr. J. C. Phillips' and eat one 22-grain Triangule after your next meal you would appreciate, five minutes later, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour risings or belching of Gas, no Heartburn, Flatulency or Eructations of undigested food and acid or feeling of Nausea, Fullness, Headache or ache, stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapiesin works your stomach rests—gets itself in order. Diapiesin purifies and sweetens a sour stomach and freshens the intestines without the use of laxatives, and what is more it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured that what you eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the breath with nauseous odors.

Get a 50-cent case from your druggist now—you ought to have Diapiesin about the house always. Should one of your family eat something which does not agree with him or her, or for a Sour Stomach or Excessive Gas, one triangule will always give immediate relief.

At noon today Missoula county loses one of its most picturesque officials, Captain J. T. Phillips, who for the past six years has been a justice of the peace. Captain Phillips is more than 71 years of age, and still he has the vitality and strength of a man much younger. During his term of office Captain Phillips has made for himself a record and his court has been the scene of many a "square deal." During the past year the justice, old enough in years to be venerable, and too young in spirit to be anything of the kind, suffered a broken leg, the result of a bad fall. Usually in the case of a man of his age the injury is permanent, but within a month Captain Phillips was attending to the routine business of his office, and within three months had thrown away his crutches. His has been an interesting career, as is shown by the following, an epitome of a varied and strenuous life.

J. T. Phillips was born at Albany, N. Y., in 1837, and left home when 22 years of age, crossing the plains to Santa Fe and returning to Nebraska with a surveying party. His father was a Pennsylvania minister. In 1856 he came to Montana and was in the employ of the American Fur company for a time. Leaving this state he went to Detroit, where he spent a few years as a drug clerk, and from that city returned to Massachusetts. When the civil war broke out he enlisted as a private soldier, coming out at the end of the war as a first lieutenant of the Second Massachusetts cavalry. After the war he went on the road as a commercial traveler for a score of years. In December, 1860, at Brookfield, Mass., he was married to Miss Mary J. Thompson and two children were born of the union. After a long life on the road Captain Phillips returned to this state in 1857, located in Missoula and started a wholesale liquor business.

In Montana he was elected to the house of representatives in the first legislature to meet in this state. He has also served as captain of militia. For the last six years he has served Missoula county as a justice of the peace. In that time he performed over 300 marriages, handled over 1,600 civil cases and disposed of nearly 3,000 criminal cases. He is a member of the Brethren of the Mystic Tie, and stands high in the Masonic order.

LOCAL BREVITIES

Smoke Wm. Hooper cigars.

G. W. Jensen of Butte is visiting in Missoula.

Ring 263 black for Ed's hack.

S. D. Barnett was in the city yesterday from Palouse, Wash., where he has his home.

Mrs. F. J. Redding of Wallace is spending a couple of days with friends in this city.

BORROWED OVERCOAT.

Harry Burt was arrested yesterday as he stepped off train No. 15 on the charge of having stolen a valuable coonskin overcoat. The arrest was made on telegraphic notice received from Butte, where Burt had been working as hack driver. Later advice ordered the release of Burt on delivery of the coat. The man was wearing the garment when arrested and explained that the coat had only been borrowed for two or three days.

MONTANANS WANT WATER.

Malta, Mont., Jan. 3.—At a meeting of the prominent ranchers and farmers of Milk valley held here this week it was decided to send a committee to Washington to secure, if possible, the right to use the water of St. Mary's river and valley for irrigation purposes in the valley. At present the water flows into Canada and an agreement must be made between the two governments.

PERKINS HAS CINCH ON TOGA

ELECTION OF CALIFORNIA MAN BY HIS LEGISLATURE SAID TO BE ASSURED.

Sacramento, Cal., Jan. 3.—That United States Senator George C. Perkins will be re-elected by the California state legislature, which convenes next Tuesday, is considered practically certain by the members of both houses, who have already arrived at the state capital. While the democrats increased their membership somewhat in the November election and in their opposition to Perkins will be supported by a few independent republicans, the regular republican organization forces have an overwhelming majority in both branches of the legislature.

The effort that will be made by the legislature to wipe out the race tracks in California, so far as bookmaking and pool selling are concerned, looms up on the horizon as the bitterest and hardest fight of the session. Both the anti-race track gambling forces and the friends of the "sport of kings" are early on the ground, lobbying for and against the proposed measure.

Among the more important legislation this session will be the enactment of a direct primary law as authorized by the recent general election; the passing of several banking measures, providing for a safer and better banking system in the state, as recommended by the special legislative investigating committee authorized by the last legislature and appointed by the governor.

Bathe daily! It is the finest kind of health-insurance; and the cheapest. All you need is—a bath tub, water, a cake of Ivory Soap and a coarse towel. Ivory Soap is far and away the best bath soap there is. It floats. It lathers freely. And a cake of it is so large that it covers a lot of surface, quickly and thoroughly.

Ivory Soap . . It Floats.
