A NEW DISTURBANCE IN MARKET

NEW YORK CENTRAL STOCKS TAKE A TUMBLE AND ALARM SPECULATIVE HOLDERS.

New York, Jan. 6.—The stock market had apparently disposed of the disturbing effect of the collapse in Consolidated Gas before the day's session at the stock exchange had proceeded far. This factor had no more than lost its influence when a drop in New York Central intervened to give a fresh start to the nerves of speculative holders of stocks. The reaction in New York Central was based, it is thought, on the action in previous excessive speculations, although not carried to such length as had been that in the gas stock, nor was the news which caused the speculators to feel misgivings so definite or so abrupt as that offered by the supreme court decision in the gas case. The unfavorable influence on New York Central's price emanated from the board room of the directors of the company, where the action in electing W. C. Brown president of the railroad was interpreted as being the position that E. H. Harriman was to assume an active place on the directory and place men of his own choice in the management of the system. Control of New York Central is about the largest of a large number of new activities in the railroad world that have been assigned to Mr. Harriman in a constant succession ever since last April, when that gentleman "rescued the Erie," by coming forward to pitch a block of that company's notes necessary to meet a default on a maturing obligation and save a receivership. The conjectures over the course of the plans of the group of powerful capitalists represented by Mr. Harriman have been busy at all points of the prolonged speculation that has been in progress since that time. The inference drawn in the result of the New York Central decision on a president that the latest and most conspicuous of these conjectures was mistaken, was not relished by the speculative contingent. Heavy speculative liquidation was renewed when the break in New York Central occurred.

It is not certain that influential liquidation was entirely suspended at any time during the day, but it was dispersed early, owing to the large demand from the short interest which met it. The bears sold freely on account of the collapse in Consolidated Gas, and when that stock showed signs of having reached the limits of its drastic process of liquidation a large short interest remained to be covered. This was especially notable in American Smelting. The Colorado & Southern stocks were the center of another demonstration on the strength of rumors concerning the terms to be offered to holders of the preferred stock by the alleged intention of the Chicago, Burlington & Quincy authorities. The whole market was quite impressively strong at one period, but prices quickly melted away with the renewal of liquidation late in the day. The effect on speculative sentiment was disquieting and gave additional impulse to the selling. The money market continued to work easier, and it was evident that large resources were flowing back in the banks and seeking employment in the money market.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about women's diseases and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

ITEMS OF INTEREST FROM VICTOR

Victor, Jan. 6.—Principal Holst of the public schools attended the state teachers' association in Helena last week.

Miss Josie Robb, after spending a few days at the home of her father, left Thursday evening to visit friends in Hamilton during the remainder of the week.

H. C. Groff returned recently from a visit with relatives in Missouri and after spending a few days with his family left for Helena to attend this session of the legislature, he being representative from this county.

Misses Edith and Laura Maynard and Miss Carolyn Wells, who spent the Christmas holidays at their homes, returned to Victor Sunday evening and reopened the public schools here yesterday morning.

J. B. Ioenhower moved his family last week from the Tilden ranch, south of here, to the rooms in the rear of his furniture store.

Miss Floy Olds, who has been spending the holidays with her father and sister, returned yesterday to her school duties in Butte.

The local merchants are busy with their annual stock taking.

Richard Ioenhower, after a ten days' visit with his parents and sister, left yesterday for Anaconda.

Last Sunday Victor union Sunday school elected the following officers for the year: Superintendent, Professor Warful; assistant superintendent, Professor Holst; secretary, Evelyn Johnson; assistant secretary, Estelle Ioenhower; librarian, Iola Stewart; treasurer, B. J. Bond; organist, Miss Ella Holmes.

Fred Cates is erecting a cottage in the western part of town, which he intends occupying himself.

Miss Floy Olds, who has been spending the holidays with her father and sister, returned yesterday to her school duties in Butte.

A FACT PROVEN

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in 100 per cent of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1. Missoula Drug Co., special agents.
