SPECULATIVE HOPES SHATTERED

HEAVY BREAK IN NEW YORK TRACTION STOCKS UPSETS MARKET CONDITIONS.

New York, Jan. 9.—The stock market had to contend again today with the effect of a violent break in one company's shares in which there had been an inordinate speculation based on assumed favorable developments, followed by intimations of coming disappointment of speculative hopes. There were conveyed in the reports of a heavy assessment involved in the reorganization of the New York traffic situation. The effect was seen in the 6-point break in Interborough-Metropolitan preferred, which measured the extreme loss. No definite information was forthcoming to guide the perturbed speculators in the stocks. Added to this factor of disturbance, it became evident that support was no longer effective, if it was attempted, in a considerable number of stocks of smaller railroad systems which have undergone recently a process of speculative exploitation by the circulation of rumors of increase in dividend distributions, of mergers with more powerful companies and by other suggestions of coming happenings which would rebound to the profit of share holders in these companies. The sentimental aspect was based on the whole list. Influence from abroad was depressing, London being dissatisfied with its monetary outlook. Many of the prices touched in the last hour were the lowest of the week and rallies were large and feverish. Bonds were easy. Total sales, \$2,616,000. United States bonds were unchanged on call for the week.

Grain and Provisions.

Chicago, Jan. 9.—The break in wheat prices occurred late in the session following the announcement that a reliable authority now places the total yield of wheat this year in Argentina at 216,000,000 bushels, which is a heavier yield than previously estimated. This news enlivened an otherwise dull session and brought out general selling during the final hour, which resulted in the May and July deliveries declining nearly 1 cent from the high point of the day. The market closed weak, with May at \$1.06 1/2 and July at 88c.

Commission houses and cash interests were fair sellers of oats and, as a result, the market was rather weak. The close was 1/4c to 1/2c below the previous close.

Provisions were rather weak, the feature of trading being free sales by a leading grain operator. The market closed easy, with prices 5c to 10c lower.

S.S.S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contagious Blood Poison because it is prepared entirely from the blood purifying and healing extracts of roots, herbs and barks taken directly from the natural forests of the land. It does not contain the least particle of strong mineral ingredients, and is so prepared as to aid in the rebuilding of every portion of the system, while driving Contagious Blood Poison from the blood. No unpleasant effects ever follow the use of S. S. S., such as stomach troubles, dyspepsia, mercurial rheumatism, etc., as is so often the case where other medicines are used. S. S. S. goes down to the very bottom of the trouble and gently but surely, drives out every trace of the disease, cleanses and purifies the circulation, and by its fine vegetable tonic effects, assists the system to rapidly overcome the ravages of the disease, and regain its natural healthful condition. S. S. S. does not cover up or hide the symptoms for awhile, to break out later, but so thoroughly does it remove the cause that no signs of the trouble ever recur. S. S. S., Nature's cure, is the surest and safest remedy for Contagious Blood Poison. Home Treatment Book with valuable suggestions and information, and say medical advice free to all who write.

Bad Weather Bargains

In order to keep busy during this stormy weather, I name you lower prices than I have been able to quote in a long time. Either of these can be sold at a big advance in the spring. Read carefully.

Twelve fine, level lots in South Missoula on a good street. The new electric railway will greatly add to the value of these and will make them close in. For a quick sale I quote a stormy-weather price of \$100 each. \$10 per lot cash, balance easy.

Eight excellent lots in block 98, South Missoula. These lots are gilt-edged at the price asked and should pay a handsome profit during the summer. Remember, the street railway and Milwaukee are both due in a very short time. Grab these. Only \$60 each, on very easy terms.

MI-ONA Cures Dyspepsia.

IT RELIEVES STOMACH MISERY ALMOST IMMEDIATELY.

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion in one of its stages, and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

MI-ONA tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, MI-ONA will relieve instantly.

MI-ONA, unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large tin box of MI-ONA tablets costs but 50 cents at Geo. Freishelmer's, and are guaranteed to cure or money back. When others fail, MI-ONA cures. Read these two voluntary statements.

"Stomach complaint has given me all sorts of suffering for years past and I have doctored several times to cure it. There has been nothing ever given me the needed relief and cure until I used MI-ONA. This remedy stopped the pains in my stomach and bowels, the fainting sensations and weak, depressed feelings. Mrs. D. H. Nye, 178 Sherman Ave., Grand Rapids, Mich., October 21, 1908."

"I have used MI-ONA for stomach trouble and indigestion. The use of MI-ONA cured me of constipation, inability to digest my food, hard, dull pains in my side and through me. There are no words strong enough to express my good opinion of MI-ONA. E. Bromley, Court St., Otsego, Mich., Oct. 8th, 1908."

Booth's Laxative Pills for constipation. 25 cents at Geo. Freishelmer's.

Wallace, Idaho, Jan. 9.—The Amazon-Dixie Mining company, which has been developing its local mining property for the past year, has been organized under the state laws of Montana with a capitalization of \$750,000. The shares number 1,500,000. The success of the company's sale of stock during the past year led to the incorporation, a large number of stock orders having already been disposed of. The following officers were elected: President, Wesley Everett, Wallace; vice president, H. E. Chaney, Missoula; secretary-treasurer, Herman J. Rossi; directors, Martin Everett and Frank Everett.

The company is opening a 500-foot tunnel, and this week encountered a 30-foot vein, four feet of which shows a high grade ore of concentrating class. A good grade of galena for shipment is also found in the vein.

LARRY STEPHENS AND TOM HICKEY ATTEMPT TO ASCEND BIG HILL IN SNOW.

"The best-laid schemes o'mice and men gang aft a-gley," and when it came to climbing Jumbo yesterday Larry Stephens and Tom Hickey failed to deliver the goods. Regarding the attempt, there are a number of different stories in circulation, the principal ones being those of the two star performers. The gist of these stories, however, seem to show at least a few things in common, that there was a purse made up and the bet that no one could reach the top of Jumbo inside of three hours and that Larry Stephens and Tom Hickey decided to make the attempt. Also there is one point on which all are of the same mind; that is that the expedition was a complete failure.

Late in the afternoon the two weary and unsuccessful travelers returned defeated and when seen soon afterward seemed rather loath to give the particulars. Mr. Stephens was caught in a restaurant, where he was eating his dinner, and when asked about the trip said that, while the whole business was mainly a "josh," he and Tom Hickey had attempted the feat. "Yesterday," he said, "there was a pretty general dispute as to the height of Mt. Jumbo and as to the ease with which it might be climbed, and when Tom Hickey and I said that we could climb it in two and a half hours, as we have often done before, a purse of \$50 was made up by A. P. Johnston and Warren Shopp, to be given us if we could plant a black flag on the summit within three hours after our start. So today we started out and we waded through three feet of snow until we were within an eighth of a mile of the top when—well, you see Tom wasn't dressed for the trip, and he had only this snow on, so he got cold feet and we had to turn back. Hickey's feet were so bad that I had to carry him half the way back. Tom carried a gun, too, in chance of bagging a rabbit, and that caused him all sorts of trouble. The snow was fierce. It was three feet deep all the way and in many places as much as four or five feet deep. I could, of course, have finished, but I couldn't leave Tom, so I came back."

Hickey, when seen a few minutes later, was even more reticent, and all that he would say was that there was a purse of \$20 made up and that he and Larry Stephens just made a bluff at trying it for a joke, and that when they got up about half way they turned back.

Last night there was a rumor that today Otis Worden and Tom Hickey would try the stunt, Worden on snow shoes and Hickey on skis.

When Your Stomach Hurts Take a Little Kodol

The pain will then cease—your stomach will feel good. Kodol stops the pains of indigestion and dyspepsia quickly, because it digests all the food you eat.

Kodol is a pleasant, palatable, liquid preparation, that helps the stomach to do its work in a natural way. Being a liquid, it starts digestion at once.

Kodol supplies the same digestive juices that are found in a healthy stomach. This is why it will stop the pains of indigestion quickly.

Your stomach, when weakened, probably, by over feeding or over work, is unable to do its work properly, and the natural result is indigestion, sour stomach, gas, or belching, which will soon result in chronic dyspepsia, unless the stomach is given help.

Nervous indigestion or dyspepsia. It is not only annoying, but dangerous. If let alone, the result generally is gastritis, or enteritis, that fatal affliction—appendicitis.

Don't neglect your stomach. Don't take any chances. There is no need for you to suffer, because a little Kodol now and then, will keep the stomach well, healthy and strong. Do not diet or starve yourself. That is not the way to get help.

Eat what you want of the food you like, and let Kodol help the stomach to do its work. You can't be well unless you eat and unless you enjoy your food. You can't get nourishment from your food, unless you digest it. Take a little Kodol now and then. That is the only safe and sure way.

You do not have to depend on Kodol all the time. You only take it when you need it.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund you money without question or delay. If you will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer is good only in the U. S. and to be used only in a family. The large bottle contains 1/4 times as much as the tiny one bottle.

Kodol is prepared at the laboratories of E. C. De Witt & Co., Chicago.
