

A Fine Home On University Avenue

An excellent new 3-room house, built for a home. Has every modern convenience and is located on two very choice lots. These are the times when you appreciate furnace heat and the many little conveniences that make life worth living. They are all to be found in this beautiful home—not one lacking.

Only \$7,500 One-Third Cash

PLAN TO SIMPLIFY WORK OF ASSESSOR

Sibley & Bonner yesterday began work on a new field book for County Assessor Kroone, which is to be a decided departure from the old style. Each block in the city is to have two pages, facing each other, devoted to it. On one page is to be a map of the block with a sketch of all improvements and one the other is to be a list of owners, the lot numbers and a list of a detailed description of the improvements, with the value of the lot as improved. The idea is Mr. Kroone's own and promises to simplify the work of assessment a great deal.

STUDENTS WILL HEAR OF FORESTRY POLICY

F. A. Silcox, assistant district forester, will give the second number of the series of forestry lectures at the state university Thursday morning at 10:30. Mr. Silcox will take up the forestry question at the point District Forester W. B. Greeley left off at his lecture last week and will talk especially on "The National Forestry Policy."

MAY NOT RECOVER.

John M. Hackman, who was stricken with paralysis last night, is very ill at his home at 937 Sherwood street, and because of his advanced age, is not expected to rally. He is 93 years old and has lived in Missoula a number of years.

NO REASON FOR DOUBT

A STATEMENT OF FACTS BACKED BY A STRONG GUARANTEE.

We guarantee immediate relief and a positive cure to all sufferers from constipation. In every case where we fail to effect a cure, we will supply the medicine free. That's a frank statement of facts, and we want you to substantiate them at our risk. Retail Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily that they may be taken by anyone at any time. They thoroughly tone up the whole system to healthy activity. They have a most beneficial action upon the liver. Retail Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Two sizes, 25c and 50c. Missoula Drug Co., corner Higgins Avenue and Front Street.

NEW STREET CAR LINE

Will pass right in front of these lots. Twenty full lots, with water right for irrigation, on South Third street west; fine soil, city water and electric lights adjoining; only \$3,000 for all; easy payments. Remember, these lots have 40 feet frontage on Third street and are one mile nearer the city than East Missoula. A bargain.

INDEPENDENT LINE FOR MISSOULA

NEW CONCERN PLANNING TO INSTALL AUTOMATIC TELEPHONE SYSTEM HERE.

J. C. Ball, the representative of the Montana Independent Telephone company, spent yesterday in Missoula while on his way west from the eastern part of the state, where he has been looking after the interests of his company in Livingston and Bozeman. Mr. Ball reports that he has already 21 stockholders in this city and that he expects to bring the number up to 75 when the work starts. The policy of the company, as Mr. Ball says, bears to place the management of the local companies in the hands of a board of directors chosen from the local stockholders who shall have entire control over the affairs of the city line. Operations on the exchange here will be started as soon as the weather will permit, the wires and the poles having already been ordered. It was the hope of the company to have had the work well under way here before February, but owing to unfavorable weather conditions it will probably be a month later before the work is started at all. An automatic system of the latest pattern will be installed and the company will occupy a building of its own. Speaking of the progress of the work on the company's lines Mr. Ball said: "Lines are already at work on the toll line between Anaconda and Deer Lodge and another gang is busy putting up a line between Helena and Butte, which they will probably complete in about 30 working days. In Butte we already have over 4,000 subscribers, and instruments will be installed in Helena as soon as the line reaches that place. When we get the Helena line in operation work will be begun at once on a line from Helena to Garrison, which will connect with the Butte line. The construction work on the Deer Lodge-Missoula district is being pushed with all possible speed and a line is being built to the west which will have two loops between Missoula and Spokane, one by way of Wallace and one by way of Plains. There is still a distance of 30 miles between Butte and Logan to be finished and as soon as this is done a line will be built from Butte to Miles City. The Dakota company is pushing west from Jamestown to meet us and the Washington people will join with us at Seattle so that by August, when we expect to have our lines finished, there will be a complete system from St. Paul to the coast."

Mr. Ball left last night for the west and he will spend a week or ten days in Spokane and Plains after which he will return to Missoula to complete arrangements for the building of the exchange.

UNFORTUNATE FAMILY GETTING ALONG NICELY

The family of Henry Haly, for which a public subscription was made about a week ago and which is stopping at the Briton rooming house, is reported to be getting along in fine shape. The 5-year-old child, which has been sick, is now much better, while the father, who is at St. Patrick's hospital suffering with typhoid pneumonia, is reported to be out of danger.

Mrs. Haly was out around town yesterday on a search for a house in which the family will be able to start housekeeping on its own account. Frank Long, the second-hand dealer, has offered to furnish three rooms for the family when the members of it are ready to commence keeping house.

The family has received exceptional treatment from Mrs. E. Biladeau, the landlady of the Briton rooming house, and is grateful to all the other kind-hearted people who so generously contributed to its support.

WHAT THEY SAY

"Butter costs 40 cents a pound now-a-days," said a restaurant man yesterday, "and we use 40 pounds a day. That's \$16 for which we get no returns, for we cannot charge a customer for butter, you know."

"The rock and rye bottle is getting an awful play since the cold weather began," said a bartender yesterday. "Most everybody has a cold, and lots of people think that sweetened whiskey will help to cure it."

"This weather has knocked the bottom out of the shaving business," said a barber yesterday. "The average man will let his beard grow as long as possible, as he hates to expose his face to the cold any more than is necessary. As far as haircuts and shampoos are concerned, there is absolutely almost nothing doing."

"I am selling great quantities of cold medicine right now," said a druggist yesterday. "No, I don't mean refrigerated drugs, but medicine calculated to relieve a congested nose and head. Salves and ointments for chapped hands and faces are also selling well."

MISSOULA MAN TAKES UNTO HIMSELF A WIFE

George Williams of Missoula and Rebecca Palmer of Helena were united in marriage last night at the residence of the groom, 1204 Cooper street. Rev. J. W. Tait performed the ceremony. The bride was beautifully attired and carried a bouquet of American Beauty roses. She was attended by Miss Alice Lundy, while the groom was attended by John Hayes. After the ceremony the guests sat down to a delightful luncheon. The young couple will go to housekeeping at the home which has been prepared by the groom.

STOMACH DISTRESS WILL VANISH

DIGESTS ALL YOU EAT LEAVING NOTHING TO FERMENT—TAKE DIAPEPSIN TODAY.

When your stomach is weak or lacking gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headache, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which can not be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapepsin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result, not a cause of your trouble. If the stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other miseries. Pape's Diapepsin is an antacid, most powerful digestive and thorough regulator for weak stomachs. These triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards. Any good pharmacy here will supply you with a case of Pape's Diapepsin for 50c. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of stomach trouble. Your case is no different from many others. It isn't stomach nerves or catarrh of the stomach, or gastritis, or dyspepsia. It is food rotting—food fermentation—that's all—and takes about five minutes to overcome.

PUPILS WILL STUDY FARMING

MEMBERS OF AGRICULTURAL COLLEGE WILL LECTURE IN HIGH SCHOOL.

Arrangements have been made through the office of the Farmers' Institute in conjunction with the Montana Agricultural college to add a course of agriculture to the curriculum of 12 high schools in the state by means of lectures.

Lecture courses have been arranged by Superintendent F. S. Cooley in the high schools of Billings, Forsyth, Big Timber, Helena, Great Falls, Havre, Kalispell, Missoula, Hamilton, Dillon, Virginia City and Bozeman. The program for the Missoula high school has not yet been definitely arranged but, from all indications, the lectures will be of a very instructive nature. They will cover all the different phases of agricultural work and will add much to the curriculum of the local high school. The students and faculty of the home institution are awaiting the lectures with great interest and will do all in their power to show their appreciation.

THE WEATHER

While the mercury reached 9 degrees below zero yesterday, it also clambered back to 2 degrees above which shows that the weather has a disposition to do better than it has in the past. The prospects are for warmer weather today. The observations:

Maximum 2
Minimum 9 below
At 6 a. m.
Thermometer 6 below
Barometer 29.50
At 6 p. m.
Thermometer 1
Barometer 29.32
Southwest wind.

LICENSED TO WED.

A marriage license was issued yesterday to George Williams of this city and Rebecca Palmer of Helena. The young man gave his age as 21, while his intended bride is 19 years of age.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach. While Kodol is doing this, the stomach is resting and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain. The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods." The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dizziness, natural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these. Spurring the stomach and brain

SUBSTANTIAL GAINS ARE SHOWN

LOCAL NATIONAL BANKS HOLD THEIR ANNUAL STOCKHOLDERS' MEETINGS.

The annual meetings of the stockholders of the Western Montana National and the First National banks were held yesterday. The election of officers resulted, in each instance, in the selection of the same men to continue in charge of the affairs of the institutions that have been in control for the past year.

The year 1908 was characterized by phenomenal growth in Missoula's financial institutions. The reports presented at the meetings yesterday showed gains in all lines which would seem incredible to one unfamiliar with local conditions. When other communities a year ago were hampered by a shortage of ready money, Missoula's banks were in condition to meet all demands made upon them and this is one of the few cities in the country where no certificates were issued. The same healthy condition has been maintained throughout the year. The statements of the banks which have been published regularly have disclosed the fact, as the year has progressed, such strength as no other city of the size of Missoula, anywhere in the world, has been able to show. There is no wonder that the stockholders yesterday found matters very satisfactory.

The First National. The meeting of the First National stockholders was held at the rooms of the directors. All of the officers were re-elected as follows: President, A. B. Hammond; vice president, J. M. Keith; cashier, E. A. Newton; directors, A. B. Hammond, F. L. Greenough, J. M. Keith, C. H. McLeod, O. G. England, Kenneth Ross, H. C. Keith. Asked for a statement regarding conditions, Cashier Newton said to a Missoulian reporter: "The year has been entirely satisfactory. Our institution has enjoyed a splendid growth and along with the city has had a prosperous year."

The Western Montana. The meeting of the Western Montana stockholders was held at 3:45 o'clock yesterday afternoon in the directors' room. The following officers were unanimously re-elected: President, G. A. Wolf; vice president, John C. Lehoucq; cashier, J. H. T. Ryman; directors, G. A. Wolf, John C. Lehoucq, M. A. Fisk, Ferd Kennett, J. H. T. Ryman. Concerning the year at this institution, Mr. Ryman made the following general statement: "Our bank has had an increase in business that is very gratifying. During the year the bank has gained in resources, as has been shown by the statements made at the call of the federal officers. It has been a year of encouraging development in the city and this we have had our share."

FURTHER EVIDENCE WANTED.

Washington, Jan. 12.—The bill granting permission to the city and county of San Francisco to use the Hetch Hetchy and Lake Eleanor valleys of the Yosemite national park for a reservoir was again under consideration at a public hearing before the house committee on public lands today. No action was taken by the committee pending the introduction of further evidence.

JAIL FOR JIM CROW.

In the court of Justice of the Peace Small yesterday Jim Crow was found guilty of petty larceny and sentenced to 30 days in the county jail. He was accused of having taken a sum of money from the bar of the Montana saloon several days ago.

MINISTER WILL LECTURE.

Rev. J. W. Tait, pastor of the First Methodist church, will speak to the students of the state university today at 11:30 under the auspices of the Young Men's Christian association. Special music has been arranged for the meeting today.

BORN AT ST. PATRICK'S.

Mr. and Mrs. Joseph Lebert of St. Regis are rejoicing over the arrival of a boy, which came to bless their home last night. The child was born at St. Patrick's hospital.

LAW IS UPHELD.

Chicago, Jan. 12.—The validity of the Illinois draft primary law was upheld in the superior court today by Judge Ball.
