Dress Patterns Just 1/2 Price

Dress lengths of French worsted fabrics in dainty stripe and shadow check designs; 6-yard dress patterns worth \$12 on sale today for only **\$6.00**

Extra Special for Tomorrow

\$2.89 for Regular \$4.50 Long Kid Gloves

The balance of our stock of long kid gloves must go. They are rare bargains and won't last long at this price.

THE MARTIN CO.

A MIXED MOVEMENT IN PRICES

MARKED SUBSIDENCE OF ACTIVITY IS FEATURE OF MARKET MOVEMENTS.

New York, Jan. 14.—The mixed and uncertain price movement in today's stock market was much the same as that for several days past, but the marked subsidence of activity was a distinguishing feature. The number of disciplinary measures adopted by the board of governors lately, to which was added an expulsion, today operates to curtail some kind of activity in the market, but it is doubted whether operations of the kind aimed at make up a large proportion of the dealings from day to day. The moral effect of these measures, however, is to discourage manipulative and fictitious transactions which are with a view solely to the effect on prices. New York Central was affected by the currency given to a story that E. H. Harriman had obtained an option on the holdings of W. K. Vanderbilt and was to assume the chairmanship of the board of directors. This report received no countenance from the interests immediately concerned. The advance in the Bank of England discount rate to 3 per cent, which was the principal event of the financial day was of some immediate effect in New York. The action has been generally expected and had no unfavorable effect on foreign stock markets. Heaviness of the metal industrialists proved a drag on the market. The note of disapproval in the views of steel trade authorities over the rate of revival of new demand carried United States Steel to the lowest point touched since its rise to a record price late last year. Amalgamated Copper was also unfavorably affected by the declining tendency of the price of copper and the reports of accumulating stocks of copper and the high rate of production of that metal. The market closed with none of the intermittent swings of prices in progress.

Bonds were irregular. Total sales par value, \$4,644,000. United States bonds were unchanged on call.

Silver and Drafts.	
Silver bars, 52 1/2% Mexican dollars, 47c.	
Drafts, sight, 7 1/2 per cent; telegraph, 10 per cent.	

Grain and Provisions.	
Chicago, Jan. 14.—The wheat market was a dull and narrow affair the greater part of the day, but livened up during the final half hour as a result of a cover support by bull leaders. This demand carried prices up 1/2 to 1 1/4 @ 1 1/2 from the low point of the day, the May delivery showing the greatest gain. Pit traders finally were bearishly inclined, but were afraid to venture far from shore, and consequently only a moderate demand by the bull leaders was sufficient to maintain prices during the first half hour of the session. The market closed strong at almost the top, final quotations on May being at \$1.96 1/4 and on July 97 1/4.	
Poor demand for the cash grain caused moderate weakness in the oats market. The price of the cash grain was off 1/4 to 1/2. The close was unchanged to 1/4 @ 1/2 lower, with May at 51 1/2 @ 51 3/4 and July at 46 1/4 @ 46 1/2.	
Provisions were firm throughout the entire day. At the close prices were unchanged to 1 1/2 % higher.	

Chicago Livestock.	
Chicago, Jan. 14.—Cattle—Receipts, estimated at 10,000. Market 1/2c lower. Beefsteaks, \$4.00 @ 7.25; Texans, \$4.15 @ 6.25; westerns, \$4.00 @ 6.50; stockers and feed-	

ew, \$3.25 @ 5.00; cows and heifers, \$1.75 @ 5.50; calves, \$5.00 @ 7.20.	
Hogs—Receipts, estimated at 20,000. Market steady. Light, \$5.45 @ 6.10; mixed, \$5.60 @ 6.25; heavy, \$5.75 @ 6.40; rough, \$5.75 @ 6.50; good to choice heavy, \$5.90 @ 6.40; pigs, \$4.40 @ 5.40; bulk of sales, \$5.90 @ 6.25.	
Sheep—Receipts, estimated at 15,000. Market steady. Natives, \$3.25 @ 5.90; western, \$5.25 @ 5.90; yearlings, \$6.25 @ 7.35; lambs, natives, \$6.25 @ 6.10; westerns, \$6.25 @ 7.10.	

Discount Rate Raised.

London, Jan. 14.—The rate of discount of the Bank of England was raised today from 2 1/2 per cent to 3 per cent. This is the first change since May 28 of last year.

The increase in the rate was generally anticipated and was due to the small gold reserve which last week stood below \$100,000,000, being further depleted today by \$5,000,000 withdrawals to ship to South Africa.

For many months the bank has been unable to obtain the weekly supply arriving from the mines, as France has been a persistent buyer of the metal, presumably in preparation for the new Russian loan. With the bank's reserve at such low ebb, the right high rate is necessary to attract gold imports as well as check continual demands.

Metal Market.

New York, Jan. 14.—The London tin market was higher today, with spot quoted at \$127 1/2 and futures at \$129 7/8 @ 6d. The local market was also higher, in sympathy with spot, quoted at \$28.00 @ 28.25.

Copper was lower at 61 1/2 for spot and 62 1/2 for futures in London. Locally the market was weak, with Lake unchanged at \$14.37 1/2 @ 14.82 1/2. While buyers' views were a little lower on the other grades, electrolytic was quoted at \$14.00 @ 14.25 and casting at \$13.87 1/2 @ 14.12 1/2.

Lead was unchanged at \$13 28 @ 6d in London. The local market was dull at \$4.17 1/2 @ 4.22 1/2.

Spelter was unchanged at \$21 7/8 @ 6d in London and, while the tone was easy locally, quotations remained at \$5.12 1/2 @ 5.17 1/2.

Wool Market.

St. Louis, Jan. 14.—Wool unchanged. Medium grades, combing and clothing, 18 1/2 @ 23 1/2; light fine, 16 1/2 @ 20c; heavy fine, 16 @ 16; tub washed, 23 @ 31 1/2.

Treasury Statement.

Washington, Jan. 14.—Today's statement of the treasury balances in the general fund shows: Available cash balance, \$156,995,225; gold coin and bullion, \$24,853,939; gold certificates, \$36,108,630.

BOND IS REJECTED BY COMMISSIONERS

Special to The Daily Missoulian.

Wallace, Jan. 14.—That wealthy mining men of the Coeur d'Alenes contribute little to the taxes of the county in which they live, is evidenced by the fact that Harry L. Day and Eugene Herzig, tax collector and assessors of the county, are unable to collect the tax rolls for only \$1,600 each.

This fact was developed when sheriff-elect Jack Moffatt presented a bond signed by the mining men as his surety when he appeared before the county commissioners to take his oath of office. The commissioners were forced to reject the bond owing to the state law, which provided that officials must appear on the tax rolls for amounts equal to the amount for which they are surety.

On this account, the new sheriff did not take office until today, although the term of Sheriff Bailey, his predecessor, expired yesterday. All of the other county officers, elected last fall, took office Monday, having presented bonds guaranteed by eastern bonding companies.

WORK TO COMMENCE.

Special to The Daily Missoulian.

Wallace, Jan. 14.—Work will be begun on the Pittsburg Lead Mining company's mine tomorrow morning. The mine has been idle for the past three months. The development will be devoted to drifting and to the sinking of a 200-foot shaft. The owners will not start their mill until the present development work is completed.

SITUATION TANGLED IN OREGON

REPUBLICANS OBJECT TO SENATING DEMOCRAT TO UNITED STATE SENATE.

Portland, Ore., Jan. 14.—The controversy over the United States senatorship and the election of a man to succeed Charles W. Fulton is developing into a fight between the Chamberlain men and the "ants," who wish to see Fulton or some other man sent to Washington instead of the "people's choice," George E. Chamberlain, now governor of the state.

Ralph Williams, republican national committeeman, is here, as is also Ormsby McHarg of Chicago, said to be the personal representative of Frank H. Hitchcock, chairman of the national republican committee. This is not McHarg's first visit to Oregon. Last fall he spent some time endeavoring to harmonize the discordant element within the republican party. That the anti-Chamberlain forces will map out a line of campaign between now and next Tuesday, when the first ballot in the senatorial contest is to be taken, is certain. While it is generally believed that Fulton is the man the "ants" want returned to the senate, it is understood that if a winning fight cannot be made with Fulton as the candidate, some other name will be put forward.

The Chamberlain forces show no signs of weakening. The speaker of the house, C. N. McArthur, a republican, and known to be a friend of Fulton in most things, has not been won over to the side of the "ants," and, furthermore, has taken no part in the fight since the legislature convened.

WORK ON NEW LINE TO COMMENCE SOON

Special to The Daily Missoulian.

Wallace, Jan. 14.—From all that can be learned by the time the Coeur d'Alene country will in a few weeks be rejoiced at the news that the Spokane-Wallace Electric line will be commenced within the next three months.

At the last council meeting the company asked for a renewal of a franchise which expired a year ago. At the expiration of the franchise the company did not see fit to ask for a continuation, but let the matter drift along. Now they state that the company has spent thousands of dollars getting the surveys made and that the Wallace council should renew the right to enter the city.

It is thought by many of the local people that the Federal company is simply waiting the outcome of the lead drift question. There was some opposition to granting the renewal.

FULL FACE OF MINERAL.

Special to The Daily Missoulian.

Wallace, Jan. 14.—The East Snowstorm mine, located adjoining the Snowstorm, near Mullan, Idaho, has encountered a full face of mineralized matter in the new tunnel which is being run in an easterly direction and is now in about 200 feet.

The face of the tunnel is traversed by about seven bands, ranging from 1/2 inch to 1/4 inch in thickness and of rock of milling quality. Considering the shallow depth in which this strike was made, experts state that a good strike might be made at any minute.

GOOD STRIKE MADE.

Wallace, Jan. 14.—What is considered one of the best strikes of the year was made a few days ago about 12 miles from Wallace, on the west side of Mission creek. The ledge is reported to be 18 feet wide and to run as high as \$75 in copper.

HYOMEI

THE ONLY REMEDY THAT REACHES THE SPOT AND KILLS CATARRH GERMS.

Catarrh is an inflammation of the membrane of the nose, throat or mouth.

This inflammation is caused by germs which dig into the membrane and cause a constant irritation. If not destroyed, catarrh germs increase and multiply.

All modern scientists agree that in order to drive catarrh from the system the germs must be killed.

To get an antiseptic strong enough to kill the germs and not destroy the tissues of the membrane at the same time, has been a problem which was never solved until the discovery of Hyomei (pronounced High-oh-mey), the Australian dry air cure.

Hyomei is prepared from eucalyptus, the most powerful, yet healing antiseptic known to mankind. Pour a few drops into the little hard rubber pocket inhaler, breathe it in over the inflamed and germ-ridden membrane four or five times a day, and in a few days the germs will disappear.

The inflamed condition will go, too, and the snuffing, hawking and offensive breath, and the discharge of mucus and crusts in the nose will cease.

Then why should any catarrh sufferer hesitate when George Freyschneider has such implicit faith in Hyomei that he offers to return your money if after a fair trial Hyomei doesn't cure catarrh.

A complete Hyomei outfit, including the inhaler, costs \$1, and extra bottles, if afterwards needed, cost but 50c. Hyomei also cures asthma, croup, sore throat, coughs, colds or grip.

Hyomei sold in every town in America.

AT THE LYRIC

FRIDAY AND SATURDAY EVENINGS, JANUARY 15 AND 16, AND SATURDAY MATINEE

Presenting in Motion Pictures Pathe Freres' Beautifully Colored Picture

"For the Sake of the Uniform"

The first picture is a fashionable gambling den where a young officer in uniform is a heavy loser. He is in debt, but gives his note and leaves the place, and decides to go on to his father's home, as he knows the old man has been entrusted with a large amount of money which he keeps in the house. Arriving, he waits until his parent leaves the room which contains the safe, then seizing his opportunity, he hurriedly opens the latter and takes a large sum of money. When the father returns and discovers the theft, he immediately suspects the son, but never lets on, deciding to shoulder the blame himself.

When he confesses to his employers he is immediately placed under arrest, and as he appears before the judge, his wife, anxious to save her husband, tries to take the blame, but everything points to the old man's guilt, so he is sent to prison.

The next scene shows him in his cell, where his son comes and makes a clean breast of his guilt, but the father is satisfied to suffer the punishment in order that his boy, as well as the uniform he wears, may not be disgraced. He therefore sends the son away and remains in his solitude.

When the regiment is called to the front we see the young officer leaving the camp to carry a message, and as he is riding along the road he is shot from ambush by some of the enemy. He is carried back to the camp and placed in the hospital, where he hovers between life and death for some time. Finally, we see two superior officers come in and present him with a medal for his bravery, but the young man, knowing he has only a short time to live, refuses the medal, confessing his crime and begs that it be given instead to his father in prison, as he is the one who merits it on account of the sacrifice he made to keep the uniform from disgrace.

"The Two Models"

A very interesting picture with just enough comedy to keep you laughing

"A Pair of Kids"

Just good, clean comedy, that's all.

E. WORTH CRAMPTON IN "WON'T YOU BE MY SWEETHEART" Watch for Another Big One Monday

ONLY TWO QUALIFY FOR JURY

MORE THAN HALF OF VENIRE IN CALHOUN CASE HAS BEEN EXHAUSTED.

San Francisco, Jan. 14.—Two men, still subject to peremptory challenge, have run the gauntlet of inquisition in the trial of Patrick Calhoun, charged with bribery, and the scruples of opposing attorneys have disqualified more than half of the 48 men who constituted the first panel. For the present there is no consideration given to the introduction of testimony, the energies of the prosecution and defense being directed toward the selection of men who are believed to be free from prejudice and bias. When court convened today, with the trial entering upon its third day, one of the talsmen, subsequently accepted, subject to the exercise of peremptory challenges, reported to the presiding judge an alleged attempt to ascertain his attitude toward the bribery-graft prosecution. Although the matter will probably not be made the subject of further consideration, it created, for the moment, a profound sensation in the court room.

U. S. JUDGE OF MAUI IS ASKED TO RESIGN

Honolulu, Jan. 14.—United States Attorney General Charles A. Bonaparte has asked Circuit Judge A. N. Kepoikai of Maui for his resignation, after investigation into the charges filed against the jurist by Governor Freat of Hawaii. These were to the effect that Kepoikai had borrowed \$1,000 from the funds belonging to a ward of the court, giving in exchange his own note, unsecured, which, at the time the charges were made, was overdue and unpaid. The ward in question was a Japanese minor, whose father had died, leaving an estate of \$2,500. Judge Kepoikai appointed a guardian, who converted the entire estate into cash and it is alleged, the judge then borrowed the \$1,000. Since the charges were preferred he has repaid the amount, with interest at the legal rate.

FIRE DAMP EXPLOSION ENTOMBS MANY MINERS

Vessesperim, Hungary, Jan. 14.—In an explosion of fire damp in the Aucka coal mine here today, which was followed later by a dust explosion and fire, 240 men were entombed. Sixteen living miners and the bodies of 45 dead persons thus far have been brought to the surface. The fire has been held to one locality, and it is hoped that the remainder of the entombed miners will be rescued alive.

MAIL CARRIER MURDERED.

El Paso, Texas, Jan. 14.—A report has been received from Torreon, Mexico, that Juan Vincente, the mail carrier between Rodcon and Casa Grandes, Mexico, was murdered on a recent trip and the mail bags looted of more than \$1,000 in cash.
