TO IMPROVE MINING CLAIM.
Robert Sibley of the firm of Sibley & Bonner has just completed the survey of the Hopeful placer, which is located in Oregon gulch, one of the tributaries to Cedar creek. The property is owned by Frank Gareau, a prominent resident of Iron Mountain. It shows good tests and is very promising. The owner intends to develop the property by using a hydraulic elevator, and later on, providing it shows enough color, intends to install a dredge. The claim is located next to the Amador mine and for a while was in court owing to an alleged conflict with the Amador. It covers 93 acres of land.

MAKES PREDICTION.
Washington, Jan. 23.—Representative Kahn of California, made the flat prediction at the White House today that the California legislature would pass a bill prohibiting aliens from holding lands in that state.

JOE FITZGERALD'S Toggery

You don't have to be elected to the bench to be a judge of the values I'm now dishing out. Shirts, collars, neckwear, underwear, caps and the many other things decent men wear are reduced to the point where profit becomes a sad memory. However, it's only carrying out my policy of never holding over one season's goods to another. I'd like to see all you men get in the swim and annex some of the good things. It's truly while, and you know it. Yours worthily, **JOE**. 222 Higgins Ave.
