HELENA DOESN'T LIKE JEFFRIES IS BEST LUCAS' PLANS SAYS SHARKEY

THE BASEBALL PROMOTER HAS FAILED TO IMPRESS HELENA ENTHUSIASTS.

"SAILOR TOM" BELIEVES JEFFRIES CAN EASILY BEAT PRESENT CHAMPION.

Written much has been said and written about a new baseball league embracing Helena and Salt Lake, the Helena fans do not take kindly to the plans of Promoter Lucas, who has floated a number of "hot air" leagues with Helena in the circuit, but has delivered the goods to the satisfaction of the Helena admirers of the national game. A Capital city exchange has the following on the subject:

Helena is in the league again. At least that is what Mr. Lucas says, and in his own imagination, as he has furnished the baseball brains for the northwest, it must be so. According to the Mr. Lucas story, the International league is not a possibility, but a sure thing, and managers are being placed in Orden, Salt Lake, Spokane, Butte and Helena, and the other town to make up the big six is the only problematical thing about it.

And the way they have dug into the ranks of the old-timers to man the league is one of the things that gives a hazy tinge to the affair. Jack Trim is the man in Salt Lake. Jack played in Helena once, so did Eddie Hammond, another prospective manager. Here in Helena Jack Flannery is to guide the destinies of the Capital city team. It seems a shame to spoil a good guardian of the public welfare to help make up an imaginary league with Lucas as the impresario.

A good deal has been heard about so many leagues organized for us by Lucas that vanished in smoke that a cloud of skepticism always accompanies any announcement of this nature from Spokane.

A few weeks ago Helena's application for membership in the North-western league was rejected, according to Lucas, when, as a matter of fact, no application was ever thought of. Helena has been a catpaw in several and sundry occasions in the past to suit the whims of Lucas, and when he springs a new league with Helena in it, the talk should be accompanied by a bond to attest its truth.

Speaking of the respective fighting merits of Jack Johnson and Jim Jeffries, Tom Sharkey, the ex-heavyweight, pays the following tribute to his conqueror: "I'll admit that Jack Johnson is a great fighter. I picked him to whip Burns, but I know more about Jeffries than any other man in the world does, because I fought him 45 rounds, and I know him from A to Z. In the first place you can't hurt the big Italian. I think he's an Italian. He looks it to me. I almost broke my arm trying to knock that big guy down. I hit him every place I wanted to and didn't even rattle him. "Johnson will hit him, too, but he'll get tired. Jeff can take all the wallops that were ever invented. He's too big for any one man to fight. I think he'll have an awful job getting back into shape, but believe me, if he does, he will trim Johnson and all the other fellows that want to fight him. "Johnson is the best man in the world right now, barring Jeff, but don't ever run away with the idea that he can whip that big fellow. Jeff broke a lot of my ribs, not a hum on me, and had me in the hospital for a week or so, and you know that I'm no frail little thing at that. I don't think a freight train could have busted me up much more. Me for Jeff."

BLANKENSHIP MAY REPORT. Cliff Blankenship, report has it, will rejoin the Washington American league club the coming season. Cliff is in good standing in organized baseball, and is sorely needed in the capital to help out his old pal, Charley Street. Joe Cantillon has forwarded Cliff his contract for the coming season, and has sweetened the pay tag of the fleet-footed backstop in order to induce him to return to the fold.

JOCKEY INJURED. Oakland, Jan. 26.—Michael Hennessy, a former jockey, who has ridden on the eastern and California tracks, was run over by a street car today. His skull was crushed and recovery is improbable.

SLOSSON WINS MATCH. New York, Jan. 26.—Slosson won the billiard match from Sutton tonight by a score of 500 to 329. It took 56 innings to finish the game.

SPORTING NOTES. Willis Gregg's signature is the first to be affixed to a contract issued by the Spokane Outdoor Amusement company (The Northwest League club). President James Cohn corralled him at Lewiston, Idaho, yesterday. Gregg, who used to pitch for the state normal at Lewiston, spends his winters there. Last season Gregg, who is a left-hander, got a tryout with the Spokane Indians, but was loaned out, although not released. Gregg pitched in the Inland Empire league and was a sensation with the Baker City team. Then he went to Livingston, Mont., and won still greater honors.

Frank Chance is said to have lost \$45,000 in his bookmaking venture at Los Angeles, and is believed to have exhausted the fortune he has made in baseball, with the single exception of an orange farm. Chance bid for the big wagers made by "Plunger" Charles Gates and was making money until the latter hit his lucky streak. Gates is said to have cleaned Chance's book of \$20,000 in one day. Chance has quit his book, but is still at the track daily.

Strange is fate in the baseball series. It has been announced that Doc Gessler, the Boston right fielder, has been made captain of the Red Sox. Thus is climaxed a peculiar career. Gessler was a Tiger in the old Ed Barrow days. He couldn't field and, though he could hit them from, he didn't hit them often enough. He was buffeted about, Brooklyn, Chicago, Columbus all knowing him, and finally came back into the American league by the way of Boston. He was considered an outside chance last spring, a half dozen other men having a call on him. But he outplayed the better-touted ones and was outbid by only three regular players, Cobb, DeLany and Crawford, making the swell average of .308 for 125 games. He isn't much of a fielder yet, and always was slow on his feet. But he drove in most of Boston's runs, and he managed to steal 19 bases, most of them when they would do some good. Now he has arrived.

Walter Johnson has joined Milan, Freeman and Ganley in refusing to sign with Washington. From his home in Orinda, Cal., Johnson wires that he is dissatisfied with the terms offered him and has returned the document unsigned. When Johnson joined the Nationals in 1907 he received \$300 a month. After pitching a few games and showing his worth, Manager Cantillon voluntarily boosted his pay to \$400.

It appears that Chubby Charley and Frank Chance overlooked a bet when they let go of Doc Gessler, who has been appointed field leader of the Boston Americans. The chubby one offered him and has returned the document unsigned. When Johnson joined the Nationals in 1907 he received \$300 a month. After pitching a few games and showing his worth, Manager Cantillon voluntarily boosted his pay to \$400.

CHICAGO CLUBS FORM CITY LEAGUE

"JIMMIE" CALLAHAN'S OUTLAW CIRCUIT ESTABLISHES BASEBALL ORGANIZATION.

Chicago, Jan. 26.—Although Chicago is already the possessor of two major league baseball clubs, it was announced today that it had been presented with a whole league of clubs, all but one of them, the Milwaukee White Sox, within its boundaries. The new organization is called the Chicago Baseball league, and was completed today by the election of officers. The league consists of six "semi-professional" clubs, which have maintained an independent existence for several years. Harvey T. Woodruff, a well-known newspaper man, was chosen president.

The new organization expects to be recognized by the National association. A. C. Anson of Chicago and T. C. Andrews of Milwaukee were elected vice presidents.

AGENT OF WHITE SOX PLANS COAST SCHEDULE

Tip O'Neill, the advance agent for the White Sox baseball team, has arrived in Los Angeles and is arranging the details and schedule of the games that will be played here during the spring between the White Sox and the Coast league teams.

Tip stated recently that the special train containing about 35 players would arrive in San Francisco about March 2. The squad will then divide, the second division of players going to Los Angeles and the first division remaining in San Francisco, providing the weather permits. In case of disagreeable weather the entire squad of players will journey to the southern metropolises and play about four weeks. As soon as the players arrive here Comiskey will order his staff of pitchers to Byron Hot Springs to "boil out" for a couple of days.

Arrangements will probably be made whereby the Oakland team, which will have quite an array of new talent, will meet the White Sox aggregation in a game or two.

BIG MARATHON RACE HAS BEEN POSTPONED

The Shrubb-Longboat Marathon race, which was to have been run last night, has been postponed by Alfred Shrubb on account of the bad condition of his left foot which was injured in training by the use of a wet shoe. Shrubb, in calling the race off, declared that he would not be able to run for two weeks. The race is now set for February 5, over the Madison Square Garden track.

MARKET MOVEMENTS CONFLICTING

SPECIAL INFLUENCES GOVERNING MANIPULATIONS WORK AT CROSS PURPOSES.

New York, Jan. 26.—The special influences that governed the movement in a handful of stocks today were conflicting in their effect on the general list, or more properly, had a neutralizing effect, which aggravated the dullness of the trading. Dealings were at the point of stagnation between the occasional spurts of moderate activity. The most influential movement in its general influence was that in Consolidated Gas. The price of that stock dropped precipitately over 9 points, to a lower level than was touched in the slump following the decision of the supreme court against the company. The desire to await the appearance of the quarterly report of the United States Steel corporation was a factor in the later dullness. Railroad deal rumors showed vitality and furnished the principal points of strength in the market. Chesapeake & Ohio passed into the hands of the interests that but lately marketed successfully the control of the Colorado & Southern and negotiation was made with the banking house which had taken over the Pennsylvania holdings of this stock. It was inferred that the Southern line situation would not be disturbed by the new control while assumptions of more liberal policy in the distribution of profits also helped the advance in the stock. Atchison made a favorable response to the showing of increased net earnings. The weekly gross earnings of railroads for January now coming to hand are occasioning remark by reason of the moderate betterment shown over January of last year, a month when the depression of the railroad industry had come into full effect. Money continued to work easier in this market, but London was somewhat sensitive to a suggestion of renewed inquiry for gold there on behalf of Paris. Bonds were irregular. Total sales, \$5,043,000. United States bonds were quiet.

Cape Nome Copper Mining Co.

Mines at Clinton, Mont. Office, Rooms 1 and 2 Dixon Bldg., Missoula. The above company offers for sale a limited amount of treasury stock at 40 cents per share, payable as follows: 10 cents per share cash, 10 cents per share in 30 days, 10 cents per share in 60 days, 10 cents per share in 90 days. The excellent showing of ore made at the 500-foot level has been greater than anticipated and further drifting on the vein under the ore shoots, exposed in the upper levels, should result in the opening up of a substantial quantity of high grade shipping ore. The Speculator Mining company of Butte is operating the adjoining property and with the advent of eastern capital into the camp, this year should witness an unprecedented amount of active development work in the Clinton district. The Cape Nome is looked upon as one of the most legitimate mining propositions in Montana and owing to the low price at which this stock is now offered for sale, it is requested that early applications be made to the secretary, as only a limited amount of stock is being placed on sale. H. T. WILKINSON, Sec. Treas. F. C. WEBSTER, Pres. F. H. WOODY, Vice Pres.

VICTOR AND VICINITY

Victor, Jan. 26.—Grant Kemp moved his family last week from the Scott ranch adjoining Victor to the Baker ranch on Burnt Fork. Miss Carolyn Wells spent Saturday and Sunday at her home in Stevensville. E. E. Hackett and son were Hamilton visitors Saturday. Fifteen pupils took the eighth grade examination here Friday. Only two of them belonged to other districts. Mr. Weatherford, one of our village blacksmiths, has bought five acres of land on the north side of Victor, on which he expects to erect a dwelling house in the near future. Mrs. J. H. Chisholm, who has been so ill with pneumonia, is now very much better, and hopes are entertained for her recovery. Mr. Newman, who is state missionary for the American Sunday School union, was in Victor Sunday and yesterday. H. J. St. John and C. B. Cates were Woodside visitors Sunday. The ice harvest, which had to be abandoned when the deep snow came three weeks ago, has been started again with renewed vigor, and out citizens seem to be preparing to keep good next summer. From the number of building lots that are being purchased it looks as if there would be a number of new residences built in our village in the spring. Rev. J. L. Counterline, D. D., will occupy the pulpit in the Missoula Presbyterian church next Sunday.
