CIVIC LEAGUE WILL MEMORIALIZE LINCOLN

The newly elected executive committee of the Civic League held its first meeting yesterday afternoon in the offices of C. N. Madden in the Higgins block, and held a general consultation. It was decided to call a public meeting at the Union theater on Lincoln's birthday, which comes on Friday, February 12. The meeting will be called together at 8 o'clock in the evening. The program has not been definitely arranged as yet, but it is known that a proper appreciation of Abraham Lincoln will be one of the features. The meeting is to be public, somewhat on the order of the series held last summer.

BRIDGE IS ASSUMING TANGIBLE FORM

WORK ON HIGGINS AVENUE PASSAGEWAY IS BEING RUSHED. NEED GOOD WEATHER.

Under the supervision of Superintendent E. W. Sweet and Chief Engineer T. A. White, the site of the new Higgins Avenue bridge is fast becoming a busy place, and such an appearance that the general public can easily see and understand what is being done. Heretofore the work done towards the construction of a bridge had been of such a nature that it was hard for a layman to see just what was being accomplished in the way of a crossing. From the present time the bridge will rapidly assume tangible form, providing that the weather is of the right kind.

On the south side of the island the contractors have installed an electric-gear rotary pump, which is being used to lift the water from the holes which have been dug for the piers. The piers on the south side will be the first to be constructed, as the men in charge are desirous of having them in place before high water comes in the spring. A cement mixer, which is already on the ground, is expected to be in operation next Monday, and then work will progress rapidly. Upon the completion of the south piers, work will be commenced on the north abutment, the falsework for which is now in course of construction. All the necessary concrete has been delivered, and from the present time work will be incessant.

WOMAN ON TRIAL.

Ollie Rhodes, alias May Davis, colored, who was arrested Thursday night on the charge of having "touched" Frank Sharkey for \$40, was tried yesterday afternoon by Police Judge Small. The only evidence against her was given by the alleged victim, but as far as it went was rather damaging. The judge will render his decision this morning at 9 o'clock.

PARENTS BRING SUIT FOR DAMAGES

MR. AND MRS. F. W. JULLERAT ASK \$15,000 FROM N. P. FOR SON'S DEATH.

Yesterday afternoon a suit was filed in the district court against the Northern Pacific Railway company for \$15,000. The suit is brought by F. W. Jullerat and Laura Jullerat, parents of Charles Jullerat, who was killed in the famous runaway wreck on the Evaro mountain about three years ago. Charles Jullerat was fireman on the freight engine that raced down the big hill on April 23, and, together with Engineer Stearne, met a fearful death. The engine and the entire equipment was destroyed by fire. Jullerat and Stearne were burned beyond recognition. It has never been known just how many men met their death in this wreck, as it was supposed that half a dozen tramps were stealing a ride at the time of the tragedy. During the three weeks that were consumed in cleaning up the wreck human bones were discovered almost every day. Conductor Garber and two brakemen were the only living beings on the ill-fated train to escape. Mrs. Caroline D. Stearne, wife of the engineer killed in the Evaro wreck, brought suit last fall against the Northern Pacific, while the nearest relatives of Jullerat have waited until the present to start damage proceedings.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts. He will never be troubled with liver, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and cleans, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanness. Dr. Pierce's Pleasant Peppermint Cure. They never gripe. Easy to take as candy.

IN THE THEATERS

Daniel Sully.

Daniel Sully has at last secured a worthy successor to "The Parish Priest" in his new play "The Matchmaker," which will be seen at the Union theater tonight. This is another case of an actor being forced by public opinion to play one line of parts and it is likely that Sully in a clerical role will be a feature of the American stage for many seasons to come.

Like many another good play "The Parish Priest" was a losing proposition at first. People of religious tendencies, those who could best appreciate the play and from whom he naturally expected support, refused to go and see it and it was only after months of losing business that the tide turned and the show began to make money. Eventually the barriers of prejudice were broken down and Sully found "The Parish Priest" the greatest success of his career.

In "The Matchmaker" Mr. Sully has a play stronger in every way than "The Parish Priest" or any other play in which he has ever appeared. It is a romantic comedy in three acts, well constructed, full of dramatic strength and rich in comedy. The characters are flesh and blood, modern type of American men and women. The action of the play is rapid, the situations full of interest and the climaxes exceptionally worked up. From every point of view "The Matchmaker" may be considered the crowning triumph of Mr. Sully's life.

LYCEUM TRIO PLEASES.

It was a well pleased audience which heard the interesting entertainment which was given at the assembly hall of the county high school last night by the Grand Lyceum Trio of Cleveland. The trio is composed of three young ladies, Misses Ethel Montgomery, Dack Montgomery and Mari Francis Whitney. They presented an interesting program of instrumental and vocal music and recitations, all of which were well received. Miss Dack Montgomery made an especial hit with her readings, for which she has a national reputation, although each of the other members was repeatedly encored.

The management of the students' association, under whose auspices the concert was given, was well pleased with the large crowd which attended the entertainment, and reported that a substantial sum had been netted over and above all expenses.

If you'll select your cloth now, I'll get busy and make the suit up and have it ready for you when you're ready for it.

It's a good stunt, for in many cases there's only one suit to a pattern, and you'll be good and sore if the other chap gets ahead of you.
