Three Red-Hot Specials This Morning

A beautiful 60x130 foot corner, south and east front on the city water main; just a trifle over one block from the new high school; close to Higgins ave., near University ave.; will be close to car line; two inside lots in adjoining block sold recently for \$1,400. These will go for a few days at \$1,250, and they are a pickup at this.

A Triangular Block

Containing over 7 lots; streets on all sides of the block; it lays well and would make a beautiful building location; located one block from south end of Stevens ave. Price, \$650, on terms of \$250 cash, balance \$25 per month. The car line to the fort will go near this block, which will double its value.

90 x 130 Feet

Three swell lots in Greenwood Park, near Higgins ave. and near the city water. This is a fine building site and a good investment. The car line is sure to go near these lots, which will double their value. Price \$420 for the three on terms of \$150 cash, balance \$12 per month.

PROSPECTS AT MINE ARE GOOD

STAR PROPERTIES SPOKEN WELL OF BY SUPERINTENDENT JOHNSON.

O. P. Johnson, superintendent of the Coeur d'Alene Star Mining company properties, who has been visiting in Missoula for the past week, returned to the mines last evening. He was accompanied by four expert miners, who, during the past two years, have been engaged in the development of the Star group.

Mr. Johnson reports that the showing at the properties is so flattering that both himself and his crew of men were willing to take a contract on the basis of one-half stock and one-half cash for their labor.

The Star shareholders are nearly all residents of Missoula and Butte, and since the incorporation of the company in October, 1906, some \$16,000 has been spent in development work. The ground has been pretty thoroughly opened and considerable ore has been exposed in the various tunnels, most of it being high grade and averaging more than 70 per cent lead with fair values in silver and copper. Last fall a shaft was developed on the lead to a depth of about 100 feet, which showed ore all the way down. The water, however, got so troublesome that it was decided to start another tunnel lower down the hill to get about 100 feet under the shaft. The lead was encountered in this tunnel last December, and since then the force has been driving on the lead with very encouraging results, some very rich streaks of galena and copper having been found. Another 100 feet of drifting will carry them to the bottom of the shaft, where it is believed a shoot of rich shipping ore is located. The vein at the present time is about eight feet wide, and it has all the characteristics of the rich Morning mine and other good producers in the Coeur d'Alene country.

The company has been very conservative, both in the expenditure of money and in its published statements, while the work at the properties has been of the most substantial kind. The company has been enabled to keep a crew of men at work at its properties all through the financial stringency, and it is so financed now that it can continue operations for several months, at the end of which time it is confidently believed by mining men who have visited the ground, that it will be on a paying basis.

MEN ARE HELPLESS AS CHILDREN

WHEN TAKEN SUDDENLY ILL—HERE IS A COMMON SENSE SAFEGUARD.

Big, strong man is as helpless as an infant when he is suddenly ill. The sturdiest chap in town usually loses his self control and is utterly unable to regard his condition with the common sense that characterizes his every-day actions.

For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening. Suddenly he notices a weight on his stomach; then a sharp pain around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush over him and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his third stomach.

A couple of **REXALL DYSPEPSIA TABLETS** would have given him instant relief—would have saved him hours of suffering.

Carry a package of **REXALL DYSPEPSIA TABLETS** in your vest pocket or keep them in your room. Take one after each heavy meal and indigestion can never bother you.

REXALL DYSPEPSIA TABLETS cure stomach troubles by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich, red blood.

We know what **REXALL DYSPEPSIA TABLETS** are and what they will do. We guarantee them to cure indigestion and dyspepsia. If they fail, we will refund your money.

Price 25 cents per full package. Sold only at our store or by mail. The Missoula Drug Co., corner Higgins avenue and Front street.

EDITH SCHULTZ BURIED.
The funeral of Edith Schultz, who died several days ago, was held yesterday afternoon from the Catholic church. Rev. Father Trivelli preached an eloquent sermon to a large number of friends and relatives of the dead girl who had gathered to pay their last respects to the dead. The floral offerings were beautiful and numerous. Interment was in the Catholic cemetery.

The pallbearers were Louis Strickland, John Hubert, Charles Dodge, John Wolfberger, William Walliser and Adam Bickel.

Notice to Contractors.
Sealed bids will be received until February 27, 1909, for cement footing and foundation for the Greenwood block. Plans and specifications can be had at Henry Greenwood's liquor store, 325 Higgins avenue. A certified check for \$100 is demanded with every sealed bid and I reserve the right to reject any and all bids.

IT CURES DYSPEPSIA PROMPTLY

ALL YOUR SUFFERING IS UNNECESSARY AND CAN BE RELIEVED AND CURED.

You haven't catarrh of the stomach, or nervousness, or gastritis, or cancer, etc. Prove this by taking Pape's Diapensin after your very next meal. Convince yourself within five minutes that your actual disease was sour, acid stomach—food fermentation—that every bite you ate turned to stomach gas, stomach poison and acid which makes you feel sick and miserable, producing such symptoms as pain in the pit of the stomach, difficulty in breathing after a meal, headache, belching, heartburn, gaseous breath, water brash, biliousness, sour risings, gas on stomach and many other bad feelings.

Indigestion is a result, not a cause, of your misery. If the stomach is sour, your food becomes tainted, and that's why you have these stomach disorders.

Ask your pharmacist to show you a case of Pape's Diapensin, which costs only 50 cents. Read what this effective stomach and digestive treatment contains and how absolutely harmless it must be; how it does for the stomach, why the rubbing and sun bath does so for the churn; absolutely removes every corrupting or tainting element, and will digest all the food you can eat.

Go to your druggist and get some Diapensin now, then eat anything you want at your next meal, and you will not suffer from indigestion of stomach troubles. Each bite of food will taste good, and, besides, you will not need liver regulators to keep your intestines and stomach clean and fresh. Now and forever rid yourself of the misery of indigestion and stomach trouble. Make your meals a pleasure by going to the table with a healthy appetite.

IMPROVES TELEPHONE EQUIPMENT

ROCKY MOUNTAIN BELL COMPANY REMODELS ITS HAMILTON EXCHANGE.

In anticipation of the boom which is apparently at hand for the Bitter Root valley and for Hamilton in particular, the Rocky Mountain Bell Telephone company is busy installing new equipment in their Hamilton exchange and increasing the connections between the valley towns and Missoula.

Speaking of the great increase in their business in the valley, Manager Wiseman said yesterday, "Only a short time ago we installed a new switchboard in Hamilton and it is practically filled already, making it necessary for us to add another within the next six or eight months. The growth of our business there has been remarkable, the number of subscribers having increased 40 per cent within the last few months. In view of this increase, and the probable demand for service which will come with the dividing up of the Daly ranches, we have had to figure on moving and we are now fitting up a big office in the rear of Manager Roberts' bookstore as an exchange, all of the equipment being new and up to date. We expect also within the next couple of months to build a toll line from Stevensville to Hamilton, connecting with the Missoula-Stevensville line. This, with the 'phantom' circuit, which we will install, will make three direct connections between Missoula and Hamilton."

In Missoula the company is installing a new switchboard in the local exchange, which will be ready for service within the next few days, and during the week a big electric switchboard will be put in for the Missoula Mercantile company, which will be ready to be cut in by Saturday night.

TYPHOID CLAIMS VICTIM.

Mrs. Gertrude Anderson, age 29 years, died at St. Patrick's hospital yesterday morning at 2 o'clock, the cause of death being typhoid fever. She was taken ill six weeks ago, and everything possible was done for her, but she sank rapidly in the last few days. She leaves a 10-year-old daughter and her mother, who resides at Leisnas, near Glasgow, Mont. No funeral arrangements will be made until word is received from the mother.

EVIDENCE ADMITTED.

New York, Feb. 9.—At the resumption today of the trial of the government's suit against the American Sugar Refining company to collect upwards of \$240,000 in damages for alleged false weights of imports, a great mass of documentary evidence, consisting of bills of lading, entry affidavits and invoices, which constitute the base of the government's case, was admitted over the objection of counsel for defense.

MYSTERIOUSLY MISSING.

Xenia, O., Feb. 9.—Superintendent J. L. Smith of the Soldiers' and Sailors' Orphans home has been missing from the home for three weeks, and his wife informed today that he is in California. Governor Harmon has sent a letter ordering that the salary of the superintendent be stopped. Financial Agent T. J. Collins says Smith's term does not expire until March 1.
