## PRESSED FOR CLOTHES

There are many prosperous looking people in this little old world, who, when pressed for the number of suits of clothes that they are fortunate enough to possess, will give you a very simple answer—none. Such a thing, of course, is unfortunate but seldom disastrous, as it was to a guest of the Florence hotel yesterday. As the story goes—that is, as it was told to the select few—that the gentleman in question, who is a well-known traveling man, was about to retire to his downy couch in the hotel yesterday morning and took the chance to send his one and only suit of clothes to the tailor to be pressed, with the understanding that when he awoke he would press the bell-button and have the suit sent up to his room. The salesman retired to his downy couch and spent several pleasant

## WOMEN WILL CHOOSE LOCATION

### CLUB WILL SOON DECIDE ON SITE FOR NEW HOME—INTERESTING SESSION.

The regular weekly meeting of the Woman's club was held yesterday afternoon in Odd Fellows' annex. The principal business of the afternoon was the discussion of plans for the construction of the proposed club house for the members of the club. The committee appointed to look up a location reported that several available sites had been investigated and it is likely that a selection will be made in the near future.

A matter of a series of entertainments to be given under the auspices of the club to secure funds to apply to the construction and equipment of the proposed club house was discussed at length. Mrs. D. E. Bandmann was appointed chairman of the building fund, and she will select her assistants from the different departments of the club.

The committee on revision of the bylaws made a report stating that the work had been completed and next Saturday afternoon was set as the date upon which the club will take action.

The program of the afternoon was in charge of the literary department, Miss Mary Stewart chairman. The first number was an instrumental solo, "Troika" (Tschakowsky), by Miss Maud Wilcox. It was beautifully rendered and greatly appreciated by the club members.

Fred Greenwood rendered a violin solo, "Barcarolle," by Franz Reiss. He was accompanied by Mrs. Blanche Whitaker on the piano. This was one of the most enjoyable features of the afternoon.

An address, "Ancestor Worship," by Dr. C. A. DeWay of the University of Montana, was listened to with marked attention and was very much enjoyed.

A piano solo entitled "Saltarelle" was rendered by Miss Helen Orvis, a talented young musician of the city, who gives promise of better things in the future.

Delicious refreshments were served at the close of the session by the literary department, and a pleasant afternoon was spent.

Next Saturday afternoon the art department will have charge, and Miss Elsie Knowles will read a paper.

The social and domestic science department will meet with Mrs. Herman Kohn on East Front street next Monday afternoon at 2:30 o'clock.

The Shakespeare and current topics department will meet with Mrs. D. E. Bandmann on East Front street on Monday afternoon at 2:30 o'clock.

The executive committee of the club wishes it understood that only members in good standing will be admitted to the business sessions, and that positively no visitors will be admitted until after 3 o'clock.

## DEAFNESS CURED BY HYOMEL

If you are deaf and the deafness is due to catarrh, then read this honest, straightforward statement of one who had lost all hope.

"I suffered intensely some two years from a bad case of catarrh, which left me very deaf.

"I doctored and used various remedies, said to be good for catarrh. When I became deaf. Then I commenced to doctor, to get rid of the deafness. I became discouraged over the outlook and well I might be, for there was nothing I used that helped me.

"The trouble continued until I was advised to try Hyomel and I procured a treatment. I used Hyomel thoroughly as per directions for a few weeks and much to my surprise the deafness and catarrh left me entirely.

"Since using this wonderful remedy, there has been no return of the trouble whatever, my hearing is good and there is no catarrhal trouble whatever, and for this reason I know I have abundant cause for calling Hyomel a wonderful remedy and endorsing its use."—Earl Howe, 202 Cherry St., Allegan, Mich., October 9, 1908.

Hyomel has become known the world over, as an almost certain cure in any catarrhal condition of the nose and throat. It is easy and pleasant to use, you simply breathe in the healing, antiseptic air, made from the concentrated extract of the mighty eucalyptus trees of Australia, through a hard rubber inhaler, and as this penetrating air passes over the diseased and germ-ridden membrane, it promptly kills the germs of catarrh and allays the inflammation. Geo. Froebelmer will sell you a complete Hyomel outfit, including a bottle of Hyomel outfit and a neat pocket inhaler, cure catarrh, bronchitis, asthma, coughs and colds or money back.

Hyomel sold in every town in America.

Mr. Earl Howe ALLEGAN, MICH. ONCE DEAF, CAN NOW HEAR.
