

Some Corset Dont's

Don't go to your tailor with an old, soft, ill-fitting corset and expect to get the same results that your well-formed sister would get. Have your figure and corset in perfect condition, then take care of your gown.

Don't buy a particular model because it looks well on another woman, as it may not look well on you.

Don't wear one corset all the time and expect it to wear a year—it is cheaper to have two or three corsets on hand. Give your corset an airing, straighten out the bones, roll it up, let it rest for a day—it will give much longer service.

Don't have your gown fitted first and then buy your corset—get your corset first and then your gown will fit.

Don't go to a store where the main object of the saleslady is to sell you a higher priced corset than you care to buy.

Go to The Martin Co. and get the American Lady Corset and get a model that will suit your individual figure—no matter whether the price is high or low.

The newest models of the famous American Lady Corsets are now at your disposal—and now is the time to think about your spring corsets.

CYPHERS MODEL INCUBATORS

In these machines you get the results of twenty years' experience of the most successful incubator designer and builder ever known—Charles A. Cyphers. The "MODEL" is presented as the most perfect machine ever offered for hatching purposes, a machine carrying the personal guarantee of Mr. Cyphers as follows:

MY GUARANTEE

- I guarantee the Model Incubator to be as represented in every particular.
- I guarantee that the Model Incubator will hold a more even temperature, with less attention, than any other make of incubator.
- I guarantee that the Model Incubator, when run in competition with another make, shall, in three or more hatches, bring out a larger percentage of the fertile eggs in strong, healthy chicks or ducklings than does its competitor.
- I guarantee the Model Incubator to satisfy each and every customer.

In Construction, Insulation, Heater, Heat Regulation and Circulation, the MODEL has no equal on the market. It has patented features that put it head and shoulders above all others as regards

SIMPLICITY OF OPERATION SAFETY IN OPERATION HATCHING RESULTS

No. 0 Incubator, capacity 80 hen eggs	\$19.00
No. 1 Incubator, capacity 150 hen eggs	\$25.50
No. 2 Incubator, capacity 250 hen eggs	\$32.75
Model Indoor Brooder, single capacity 80 chicks	\$12.50
Model Indoor Brooder, double capacity 160 chicks	\$18.00
Model Colony Brooder, capacity 100 chicks	\$18.00

PRESIDENT J. B. ANGELL SUBMITS RESIGNATION

Ann Arbor, Mich., Feb. 17.—Dr. James B. Angell submitted his resignation as president of the University of Michigan today and was offered by the regents the position as chancellor at a salary of \$4,000 a year with the continued free use of the president's mansion. The duties of the chancellor are to be as are suggested by the new president and as Dr. Angell may be willing and able to perform. Dr. Angell recently celebrated his 80th birthday and has been president of the university since 1871.

FAMOUS WAR NURSE ANSWERS LAST CALL

Washington, Feb. 17.—Miss Emily Virginia Mason, member of a famous Virginia family, who won fame during the Civil war as a nurse of Confederate soldiers and who ministered to Union soldiers at Libby prison, died last night in this city, aged 94. Stephen Thompson Mason, first governor ever elected in Michigan, was her brother and her father was General Thompson Mason, first territorial governor of that state. After the war she wrote the first life of General Robert E. Lee, who was her intimate friend.

Washington Once Gave Up to three doctors; was kept in bed for five weeks. Blood poison from a spider's bite caused large, deep sores to cover his leg. The doctors failed, then "Bucklen's Arnica Salve" completely cured me," writes John Washington of Bosqueville, Tex. For eczema, boils, burns and piles it's supreme; 25c at Geo. Freisheimer's.

Poley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Garden City Drug Co.

RAILROADS RAILROAD ABSORBS PROFITS

NORTHERN PACIFIC CHARGED WITH EXTORTING ILLEGAL FREIGHT TOLLS.

Lewiston, Idaho, Feb. 17.—Farmers on the prairie country are awakening to the fact that the Northern Pacific railroad is imposing an additional heavy tax by the high freight rate, which amounts to more than 10 cents a bushel, on every sack of grain shipped to coast elevators. While wheat is selling in Walla Walla and Colfax at more than \$1 a bushel, buyers will not offer more than 85 cents at any of the prairie elevators because, they declare, the freight rate will not justify it. Although it cost the Northern Pacific railroad \$2,500,000 to build 55 miles of track from Caldwell to Grangeville the heavy tonnage originating on the prairie is believed to be sufficient to justify the cost of construction. That the rates quoted in the tariff sheets on the new line are extraordinarily high is admitted by railroad men, although relief is promised as soon as the road passes under joint operation.

Figuring the added cost of transportation at 10 cents a bushel on grain and the production at 4,000,000 bushels, shows a toll of \$400,000 a year. The excuse is offered that the grain is not as good a quality as that of the Palouse country, but Lewiston buyers are willing to pay \$1 a bushel for No. 1 milling wheat and most of the wheat now held by the Vollmer-Clearwater company in prairie warehouses will be made into flour at some of the V-C mills.

Members of the Farmers' Educational and Co-operative union declare that they are willing to prove the exactness of figures quoted above. The railroad charges \$20 to \$24 more to haul a car of live stock from Grangeville than from Stites, a town equally distant from tidewater packing houses. An indication of the amount of business credited to the Grangeville line comes from the little town of Vollmer, which paid the railroad agent on an average of \$45,000 a month during the busy season, and other towns on the prairie should show heavier freight receipts.

RAILROAD OFFICIALS FEARFUL OF FLOODS

Railroad officials who returned from the east districts yesterday report a strong prospect of a general rise in the Hell Gate river should the thaw of yesterday continue for 24 hours longer. One of the officials stated that he looked for a rise of at least 18 inches before nightfall today and said that there was sufficient snow in the hills to cause apprehension if a general thaw sets in. Along the line in Garrison there is now about 8 inches of snow on the level, which will disappear entirely with another 24 hours of warm sunshine. During the past 30 days the Northern Pacific company has been busy strengthening its grade along the river and now feels moderately secure against floods.

JAPANESE LABORERS VICTIMS OF ACCIDENTS

A peculiar accident occurred at the Blossburg tunnel at about 6 o'clock on Tuesday evening, resulting in the death of one Japanese laborer and serious injuries to another. A number of Japs are said to have followed close in the wake of an ice train going east through the Blossburg tunnel, the hauler which they were propelling getting beyond their control and striking the caboose of the freight with great violence.

Simultaneous with the report of this accident the local officials were advised of the death of another Japanese laborer, who was killed by standing in the door of an outfit car at Bradley on Tuesday evening. According to the report the laborer was watching the process of dynamite blasting by the construction forces at Bradley, and was struck over the head by a flying piece of rock. The body of the Jap was brought to Missoula on No. 5 last night.

THEATRICAL COMPANY HAS SPECIAL TRAIN

The "Ben Hur" theatrical company is scheduled to arrive in Trout Creek at 12:25 Sunday afternoon and to reach Missoula at 5:15 p. m. The train will make a short stop of about 30 minutes here, after which it will proceed to Butte, where it is scheduled to arrive about 10 o'clock. The train will be composed of 11 coaches, baggage cars and sleepers. One of the baggage cars is fitted with stalls for the accommodation of the horses and camels carried by the company.

WIRES IN RANCH HOUSE.

W. J. Beutle, who has been in the local telegraph office, will leave today for Tyler's ranch, where the company will maintain a telegraph office for a few weeks while work trains are being operated in that vicinity. The telegraph wires have been cut in at Tyler's house, about two miles east of Nimrod.

SEIFERT HAS APPENDICITIS.

Operator Paul J. Seifert of the Northern Pacific west yard office was taken suddenly ill yesterday morning. An examination at his home disclosing a well-developed case of appendicitis. The young man was removed to the Northern Pacific hospital at 5 o'clock last night. It is probable that an operation will be necessary.

CHANGE ENGINE RATING.

According to a bulletin just issued "S" engines in service between Missoula and Salt Lake will haul 1,900 tons, while class "Y-3" engines will be rated at 1,400 tons.

Dyspepsia Appendsicitis Kodol

PREVENTS DYSPEPSIA A great many persons do not know this—that such diseases as appendicitis, cancer of the stomach, etc., result from chronic dyspepsia—which, in time is almost sure to follow close upon neglected indigestion. But there is little need of considering these facts, when Kodol will give quick relief from the digestive disorder—and prevent all the serious consequences. Just as quickly as Kodol is taken into the stomach, it commences the perfect and natural digestion of all the food in the stomach.

Your Guarantee. Get a dollar bottle of Kodol. If you are not benefited—the druggist will return your money. Don't hesitate any longer. Buy Kodol on these terms. The dollar bottle contains 2 1/2 times as much as the 50c bottle. Kodol is prepared at the Laboratories of E. C. De Witt & Co., Chicago.

Sold by Garden City Drug Co.

START TRACK-LAYING TODAY

PUGET SOUND OFFICIALS READY TO LAY STEEL OUT OF GARRISON.

At 7 o'clock this morning the Puget Sound line track-laying machine will begin operations at Garrison and will probably have steel laid through the Garrison tunnel by nightfall. The machine is one which has been shipped from one of the east divisions for service on the Missoula-Garrison district and will be used until the track-laying is completed.

The local Puget Sound officials yesterday gave out the statement that, with normal conditions prevailing, the outfit should reach Missoula in about six weeks. There is now nothing to prevent the gang from laying steel through to Missoula now, as the Northern Pacific has about completed construction work where its old track would interfere with the progress of the new line. The track machine will be assisted by a gang of about 175 men and the work will be pushed with all possible vigor.

A force of 40 men is now employed at each end of the Neal tunnel at Bandmann and rapid progress is being made on the drilling of the mountain. On the east end the crew has drilled about 15 or 20 feet into the hill, while on the west end the crew is making steady progress on the approach to the portal.

Ballasting has been completed on the line from Butte to Garrison and the track is now ready for train service. The company has not made any statement relative to fixing a date when a regular train schedule will be placed in effect on that portion of the line.

EXAMINING BOARD TO BE HERE SATURDAY

The general examining board, which left Seattle several days ago, will arrive in Missoula about Saturday morning and will examine all the trainmasters, road foremen and train dispatchers on this division. The board is composed of the following: Trainmaster K. M. Nichols of the Superior Division; Engineer J. H. Carr of this division; and Conductor John Dinnen of Missoula. They were at Livingston yesterday.

RAILROAD BREVITIES

Roadmaster Morton Webster of Wallace was in town yesterday conferring with the local officials. A. G. Workman has been appointed to relieve Dispatcher G. D. Pring. The latter will act as assistant to Acting Chief Dispatcher G. L. Hazen.

E. Dean, formerly a clerk in the employ of the Northern Pacific at Taft, has been appointed third trick operator at Bearmouth.

ENGINE STRIKES HANDCAR.

Marshalltown, Ia., Feb. 17.—C. M. Heiden of Ringslead, Ia., was killed and five other men were seriously injured last night when a handcar on the Northwestern railroad on which they were riding was struck by a locomotive. The men were en route to Penton to attend a dance.

HAZEN IN CHARGE.

G. L. Hazen, who has been assistant to Chief Dispatcher W. C. Snowwater for the past six months, took active charge of affairs of the office yesterday. Mr. Snowwater is ill and will not return to the office until after his trip to the Pacific coast.

OFFICES OPEN DAY AND NIGHT.

Frenchtown, Rivulet, Iron Mountain, St. Regis Junction and Pontus have been opened as regular day and night offices. Lothrop will be open from 8 o'clock a. m. to 5 p. m. and from 11 p. m. to 8 a. m.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said, "There must be power in that steam that it can lift such a weight."

There was. Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1.00. Missoula Drug Co., special agents.

THE "SALOME" DANCE APPROVED

MEXICAN CITY COUNCIL VIEWS PERFORMANCE AND PRO-NOUNCES IT ALL RIGHT.

Oaxaca, Mexico, Feb. 17.—The Salome dance has reached Mexico. The wondrous, sensuous steps of the famous dance are being presented at a local theater by a pretty little American actress, and the performance has created all kinds of a row. Some of the good people thought it was awful; others did not, and so loud grew the rumpus that the city council held a special session a day or two ago and adjourned in a body to the theater to witness in its official capacity as censors of the public morals this much-talked-of dance. After viewing the performance of the city fathers once more met and by a majority of one vote it was decided to allow the performance to continue. Nevertheless, the population is very much divided as to the propriety of the dance.

ACCUSED OF FORGERY.

St. Louis, Feb. 17.—An information charging forgery was issued by the prosecuting attorney's office today for M. Dwight Fortner, brother-in-law of Mrs. W. J. Leup, Jr., who disappeared after a check transaction which became public yesterday. The charge is based upon the denial of the genuineness of the signature of H. C. Tulley, who appears as indorser of a check for \$12,000, upon which Fortner realized \$11,000. Tulley says he did not sign the check. Fortner is supposed to have gone to Chicago.

REFORM PARTY FAILS TO ELECT COUNCILMEN

Philadelphia, Feb. 17.—Although the reformers succeeded in electing their candidate for magistrate at yesterday's election the cause suffered a setback through the defeat of councilman candidates in wards that have for several years been regarded as reform strongholds. Four city magistrates were elected, and under the law the minority party is entitled to representation. The republicans named two candidates, the democrats one and the reformers, under the title of the "William Penn party, one.

In November the reform candidate for sheriff had 73,000 votes.

INSTANT RELIEF FROM ITCH.

The Itch Gone, the Skin Soothed and Refreshed—Immediately.

Instant Relief from that Itch. A few drops of a soothing liquid—And the Itch is gone as if by magic. Just a drop or two on the skin and no more of that torturing, endless, nerve racking Itch.

Can you imagine how it will feel—that itching agony swept away in a moment? You can know the relief if you just try the simple remedy—simplest of external liquid remedies—oil of wintergreen as compounded in D. D. D. Prescription.

We positively know that it alleviates the Itch immediately—we vouch for this and guarantee it—for we have seen it used in too many cases, and the cures that follow, as far as we know, seem to be permanent. Geo. Freisheimer.
