

### SUNDAY AND LANGE GET TOGETHER

VETERAN CHICAGO BALL PLAYERS GREET ON COAST AFTER MANY YEARS.

One of the first men to greet Evangelist Billy Sunday upon his arrival in San Francisco was William A. Lange, a prominent real estate man, but known the country over as "Little Eva" when he, with Sunday, played on the great Chicago team, says the San Francisco Call. It was the first time that these world-renowned tossers had met in 20 years, yet they knew each other at first glance and fairly jumped into an embrace like ardent lovers, long separated.

"Well, Bill, old boy," exclaimed Sunday, "you look like a man who has prospered since you left poor old Pop Anson and the rest of the gang back in Chicago. How's the battling eye, anyhow? It does me more good than anything else to meet an old pal like you after all these years. Sit down and tell me all about it."

Lange sat down and the famous pair fanned and fanned over the happy old days. They looked at each other like a pair of youngsters starting to play and they joked and laughed and talked and played ball over and over again.

Thanks for All American Honors.

"Billy, I want to thank you for putting me on that everlasting All-American ball team," said Lange, referring to a combination of players which Sunday named as the greatest that the game has ever known or ever will know.

"I know that you flattered me, and it was a great honor. I didn't think you still remembered me."

"Remember you," blurted out Sunday. "Do you think I could forget you? You had the class in those days, old boy. You could play the game and hit that ball when a hit meant a run. I never forget a ball player like you, Bill. You're down on that everlasting All-American ball team and none of them have got it on you either. You were a ball player, you were."

Then Sunday began to dream of the diamond and his thoughts wandered back to those stirring times when he was the best man up on that mighty Chicago team. The sight of Lange made him think of the others who used to be great, but whom the world has forgotten now.—Spokane Chronicle.

### SANDPOINT WILL HAVE FAST BASEBALL TEAM

Tom Judge, the father of baseball at Sandpoint, writes that the outlook for a great season there is bright. Sandpoint for years has had one of the fastest ball teams in northern Idaho, and Judge says the coming season will be no exception. The new electric street car company contemplates building a new park just outside the city, with double the grandstand and bleacher accommodations of the old park. Judge says Sandpoint fans are eager to get into the Intermountain league, proposed by President W. H. Lucas, but recognize the fact that the transportation item would eat up all the profits in case Sandpoint should be successful in its application for a franchise. Saunders, Riches, Nagle, Bandelin, Jens, Fleming, S. Judge, Shaw, Broadbent and Parrott are some of the players who will wear Sandpoint togery this season. Most of the men have wintered in Sandpoint.

### MISSOULA WILL SEND NO REPRESENTATIVES

A meeting of representatives of the baseball enthusiasts of Butte, Helena, Great Falls, Billings and Bozeman will be held in Livingston today to consider the formation of a state baseball league. An invitation was extended to Missoula promoters to attend the meeting, but the call will probably pass unheeded, as the local fans are more favorable to the intermountain circuit. In the meantime the committee which has the affairs of the local club in hand is hopeful of being able to make a good report when the meeting is called on Friday night to consider the advisability of a place in the Intermountain.

### BOXING PERMITTED.

Nashville, Feb. 24.—The senate today passed on final reading the house bill permitting scientific boxing in this state. The bill now goes to the governor for signature.

### FIRST TRAIN ARRIVES.

Silverton, Colo., Feb. 24.—The first passenger train since February 7 arrived in Silverton today.

### Your Supper Tonight

After the theater will be absolutely all right if you reserve a table at Ye Olde Inn this afternoon. You'll be pleased with the service.

### SUFFRAGISTS ARGUE THEIR CAUSE

WOMEN URGE CONSTITUTIONAL AMENDMENT BEFORE NEW YORK LEGISLATURE.

Albany, N. Y., Feb. 24.—Hosts of suffragists and anti-suffragists gathered in the great assembly chamber in the capitol today, and for more than two hours their chosen speakers argued before the members of the judiciary committee of the senate and the assembly on a concurrent resolution proposing an amendment to the constitution striking the word "male" from the suffrage clause.

The suffragists were more outspoken in their applause than those opposed to the ballot for women, but the anti-suffragists argued at length in support of their contention that their opposition was due to "a patriotism that would seek to make the ballot a high mark of civic worth and honor."

### WOULD PROVIDE WORK FOR MEN OF FAMILIES

Spokane, Feb. 24.—Fraternal societies in Spokane, including the Masons, Odd Fellows, Knights of Pythias, Elks, Eagles, Red Men, Foresters, Woodmen and Maccabees, are preparing petitions to be submitted to Mayor C. Herbert Moore and members of the city council calling upon them to discharge all aliens and itinerant single men now employed on public work. The purpose is to give the places to men of families, preferably residents of Spokane. It is also urged that the council enact an ordinance, embodying the requests. The petition points to the fact that by the employment of Italians and other aliens, who have no interest in American institutions beyond securing money to send to their native homes, many residents are deprived of work. The reference to the dismissal of unmarried men has already had its effect as more than a score of them were married during the last few days. It is expected that the resolution will come before the city council in a formal way immediately upon the return of Mayor Moore, who is in California with the chamber of commerce excursion.

### BRIDE AND GROOM LEAVE.

Denver, Feb. 24.—Mrs. Susan Moran Ryan, the Ogden girl whose marriage to Father James Ambrose Ryan, a Catholic priest, was discovered two days ago, left Denver tonight with her husband for the west.

At the time of the discovery of the marriage Mrs. Ryan claimed that she had been forced into the ceremony through fear, and announced her intention of procuring a divorce at once. Father Ryan has been successfully secreted since the discovery of the marriage, although sought by the police at the instigation of Father O'Ryan of St. Leo's church, who wanted an examination made as to Ryan's sanity.

### REPORT IS ISSUED BY MINING COMPANY

Special to The Daily Missoulian.

Wallace, Ida., Feb. 24.—In a report to stockholders upon development work accomplished during the last year, in connection with a notice for an assessment, the North Franklin Mining company has issued the following report: "The amount of development work which has been done the past year consists of a crosscut, 375 feet north from the face of the long tunnel, which is a diagonal crosscut and was driven in 1908 a distance of 1,050 feet. The north crosscut was decided upon after the big strike was made on the Star group which is the adjoining property west of the North Franklin. This strike was very important and consists of large bodies of concentrating ore.

"The strike of the Star vein is such that it must pass through the Skyline and North Franklin claims owned by our company and lie north of the face of the 375 foot crosscut. The proposed development consists of continuing this crosscut with a view of cutting the Star vein 300 feet ahead. We will let contracts for 200 feet of work at a time until this vein is cut."

### PROSPECTS ARE GOOD FOR A MAIL SUBSIDY

Washington, Feb. 24.—The excellent prospects of enacting a ship or ocean mail subsidy law at this session of congress has centered attention upon the senate bill which is before the house for approval. The bill authorizes the postmaster general to pay for ocean mail service on vessels of the second class, under the classification of the act of March 3, 1891, at the rate paid first-class vessels on routes to South America, the Philippines, to Japan, to China and to Australia. The service on vessels of the third class may be paid at the rate paid on second-class vessels.

### IN THE THEATERS

GEORGE W. DONAHUE.

"Donahue's Players" will open an engagement of eight nights at the new Harnois theater, commencing Monday, March 1, presenting a repertoire of new and up-to-date plays with high-class vaudeville between the acts, with an entire change of play and specialties nightly.

Dick P. Sutton, the veteran showman and theatrical magnate of Montana, arrived in the city yesterday, and is a guest of Manager Harnois. He came on purpose to witness the opening of the new theater, and incidentally to further the interests of the new company, "Donahue's Players."

When interviewed regarding the new company, he said: "Regarding the new show house, it is a gem, and would be a credit to any city, modern and up to date in every respect, and the people of Missoula may be justly proud of such an edifice, and doubtless they will be. Give it the support it deserves. As for the new company, 'Donahue's Players,' which I am presenting to the public, I claim that it is the best company that I have ever put on the road. Myself and Mr. Donahue secured the people from all portions of the United States, and we flatter ourselves that we have an aggregation of clever and versatile artists. We have a repertoire of 25 carefully selected plays, and in offering 'Donahue's Players' to the people of Missoula in their new play house next Monday night, we feel that we have a company that will give satisfaction. My motto is to give to the public a good show for little money, and so we have made arrangements with Mr. Harnois to play at popular prices, thereby enabling all classes to see a first-class show and their new theater at cheap prices."

### INDEPENDENCE URGED FOR YOUNG

SELF-RULE MOVEMENT IS IN AUGURATED IN SCHOOLS FOR BENEFIT OF CHILDREN.

New York, Feb. 24.—That the teaching of citizenship in a democracy may soon supplant the present paternal and aristocratic form of government in every school in this country is the object of a general movement that was set on foot in this city today. Following the principles of self-rule which have made hundreds of the best citizens out of boys and girls sent as "incorrigibles" to the George Junior republic in this state during the last fourteen years, an effort will be made to have all children fitted to be independent and self-reliant Americans before every thing else. With junior republics already established in California, New York, Connecticut and Maryland, and others being set up today in Massachusetts, New Jersey, Pennsylvania and projected in many more states, the organizers of this new school system are preparing to carry their object lesson into every public and private school throughout the nation.

One of the leading preparatory schools in this part of the country is already making plans to revolutionize its methods and put its pupils on the basis of citizens in a little republic of their own. It was announced at the headquarters of the national association of junior republics at 22 William street today. The term "master" is to be abolished and well-bred school boys are to learn to become bosses of themselves instead of servants of a political boss. In the public schools of this city as well as in a score of private and public educational institutions in this state the junior republic idea is reported to be at present applied substantially as it is in the successful substitute for the reformatory which Mr. George has worked out.

"The teaching under a democracy must be different from that under all the other systems of government," said Thomas M. Osborne, president of the National Association of Junior Republics in this city today. "We

### The Opera House Opening IS TO BE A Great Social Event

It Calls for a Dress Suit

Every man wants his attire, from collar to shoes, to be beyond criticism when he goes to the theater, a ball or a dinner. Next Thursday night more dress suits will be in evidence than ever before at one time in Missoula. If you have a dress suit laid away, get it out and see if it will last muster with the styles of today. If it dates back later than '07 it will not do. That is, if you want to keep abreast of fashion—and who doesn't?

Our Swallowtails, Tuxedos and Dinner Coats are not chipped out on old models, but, being *Primo* are right down to the minute—in style, in fabric, in linings and trimmings, in finish. They are made by men who from one year's end to the other work on nothing but full dress suits, and the perfection of the fit will surprise the most exacting; no need to pay ninety or a hundred dollars.

In Dress Suits we offer choice of two styles, equally correct—silk lined throughout with silk facing to edge and silk lined throughout with silk facing to button holes, both made with the new peaked lapels and pointed front, as shown in the illustration, \$40 and \$50.

Dinner Coats, latest models, made of materials to match the dress suits described above, so coats may be interchanged, silk lined, silk facings and long soft roll fronts, \$30.

EVENING WAISTCOATS—Washable, \$3 to \$5; mercerized effects, \$3 to \$10; silk, \$10 to \$15.

OPERA HATS—Telescoping high hats, two styles, one made by a celebrated English hatter, the other by Knox, \$7 and \$10.

DRESS GLOVES—Dents' and Fownes', in white kid, plain and with silk inserted fingers, \$2 and \$2.50.

FULL DRESS SHIRTS—Coronet, Manhattan and E. & W. makes, \$1.50, \$2.00 and \$2.50.

### EXTENSION PLANNED FOR IDAHO NORTHERN

Spokane, Feb. 24.—Extensions of the Idaho Northern railroad west to Spokane and north to the coal fields in the province of Alberta, Canada, and the establishment of a large smelter at the north of the Little North Fork of the Coeur d'Alene river in Idaho and included in the improvements projected by E. P. Spaulding, vice president of the company, who is in Spokane on business. He announced that 15 miles of line up the river will be built the coming summer to open copper mining and heavily timbered lands on the North Fork. The line will be extended to Spokane to give a short haul from the Coeur d'Alene to

the Panhandle smelter at Ponderay, Idaho. Mr. Spaulding said that the extension will connect with the Northern Pacific, the Spokane International and the Idaho & Washington Northern lines. Portland capital, he added, is backing the new smelter project. The Idaho Northern is now open between Murray and Wallace, Idaho.
