LIFE INSURANCE MAN IS DEAD

EDWARD A. TEMPLE OF DES MOINES, WELL KNOWN IN MISSOULA, PASSES AWAY.

There are many people in western Montana who remember Edward A. Temple, president of the Bankers' Life Insurance company of Des Moines. Mr. Temple visited Missoula several times as the guest of D. R. Beck, and he had a pleasant acquaintance with many of the policyholders in his company, as well as with others in this section of the state. Yesterday Mr. Beck received news of Mr. Temple's death, which, it appears, occurred last week. The news was contained in a newspaper which was sent to Mr. Beck, in which the following appeared:

"Edward Ames Temple of Des Moines died at Orlando, Fla., Saturday, from disease of the heart. He was born at Lebanon, Ill., September 23, 1831. He was a son of Major George Temple, a pioneer settler at Burlington and a member of the territorial legislature. The late George D. Temple, for many years cashier of the First National bank of this city and a well-known business man of Fairfield, was a brother, and Miss Cecelia A. Temple of Des Moines is the only surviving member of the family. Mr. Temple was in Fairfield for several years in the early days, a clerk in the government land office, and was married here to Elizabeth J. Sweet. The wife died December 6, 1880. Mr. Temple went hence to Charleston and engaged extensively in land operations, and was the founder of the town of Mt. Airy. The panic of 1857 ruined the firm with which he was connected, and he went to Oregon for several years, where he accumulated sufficient funds to liquidate all his liabilities. Shortly after his return to Charleston, in 1859, with S. H. Mallory and others, he organized the First National bank of that city, which had such a tragic history in recent years. Mr. Temple was a successful banker and business man, but his greatest work was the organization of the Bankers' Life Insurance company of Iowa."

PERRY STEFFEE ILL.
Perry W. Steffee is seriously ill at his home. Steffee was said that his condition was critical. He has been alling for some time, having suffered much from rheumatism.

SIGNS OF SPRING AT HAND

IMPLEMENT STORES BRING OUT THEIR PLOWS AND HARROWS FOR SPRING TRADE.

There are people who think they can tell of the approach of spring by the displays in clothing and dry goods stores, but when it comes to truly heralding the coming of spring the implement stores have them all beaten, for when a man has spring clothing to sell it doesn't matter much whether it is spring or not, for he can sell his clothes as well as at one time as another, but the farming implement man can sell only at the time when his goods are needed by the farmer, and so when he puts out his plows and harrows and puts the bobs and cutters back into the warehouse it is a sure sign that spring is at hand. This is what the Missoula dealers have done in the past week, and if their prophecy is true spring is at hand and our winter weather is over. Gaspard Deschamps is making fine showing of implements in his new quarters in the old Boyd livery stable building, where he has very comfortably fixed, his list including everything the farmer could need in his spring outfit—plows, gang plows, harrows, seeders and winnowing machines of the latest and most perfect models. With the rest of the stores of the kind in the city he has also gotten his stock of seeds and fertilizers for the spring planting, and has them ready for the first warm weather.

The Missoula Mercantile company has its usual big stock of the latest machines, and it has received in addition to the other farm implements this year a big stock of gasoline engines fitted for every department of farm work. This company is also making a specialty this year of sprayers to help along the campaign against the overwhelping apple pests as much as it can by furnishing the farmer with the best weapons obtainable for the fighting of the enemy. The big power sprayer which has been received for C. M. Allen of Lolo is a sample of the way the Bitter Root farmers who are interested in the extermination and control of these pests are going to go after them. The machine is a big portable outfit, which is furnished power by a gasoline engine, and was purchased by Mr. Allen at a cost of \$500, so as to insure the safety of his big orchards during the coming season. At the Studebaker store, Mr. Hagestead is, of course, mainly interested in wagons, and his stock includes every form of vehicle that other local could desire, and he has as well all the latest Studebaker models in all kinds of farming machinery and implements. These facts, taken in connection with the warm weather and the appearance of the early birds, seems to refute the ground hog's prophecy that we would have six more weeks of winter and to augur an early spring.

NEWS OF PARADISE

Special Correspondence.
Paradise, Feb. 25.—General Manager George T. Slade, accompanied by Division Superintendent J. M. Rapelle, J. Flemming, T. Chester and other local officials, came over the cut-off from St. Regis, arriving in Paradise at 2 p. m. Monday. Some time was spent in looking over the new work here, Mr. Slade expressing himself as well pleased with its progress.
W. Moler, general superintendent of motive power for the Northern Pacific, arrived in Paradise Tuesday morning, his car, No. 10, being set out by train No. 6 and picked up by No. 16. Mr. Moler spent a busy day in Paradise looking over the new roundhouse and auxiliary buildings that are soon to be turned over to the operating department.

THE WEATHER

Missoula was favored with fine Red Apple weather yesterday. It was almost an ideal day and overcasts were superfluous. The sun, it shone, and the wind, she blew from the south. The observations:

Maximum	43
Minimum	29
At 6 a. m.	
Thermometer	31
Barometer	26.65
At 6 p. m.	
Thermometer	35
Barometer	26.74

LADIES ORGANIZING.

Mrs. Phil Bottler, who has been engaged in organizing a local circle of the Ladies of the G. A. R., has gone to Hamilton to establish a branch at that place. She is hopeful of making that branch a strong one, as it is being organized by special request of the Bitter Root people.
Upon the organization of the circle in the valley, Mrs. Bottler will return to Missoula, where she will complete the work of installing the local branch. The Missoula circle promises to become the banner lodge of the state.

Most children eat too much, overtax the digestion, get thin, weak, languid, stop growing—that's malnutrition or non-digestion of food.

Scott's Emulsion

has helped countless thousands in this condition. It is both nourishment and medicine—a most powerful aid to digestion.

A small dose three times a day will work wonders, but be sure to get Scott's.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World" by SCOTT & BOWNE, 409 Pearl Street, New York.

FIRST SIGNS ARE IN THE BACK

TOO MUCH KIDNEY AND BLADDER TROUBLE IN MISSOULA.

Take care of backache. A great many cases of kidney complaint are reported about here; also bladder trouble and rheumatism.
An authority once stated that pain in the back, loins or region of the kidneys is the danger signal nature hangs out to notify the sufferer that there is something wrong with the kidneys, which should receive immediate attention. Only vegetable treatment should be administered and absolutely no strongly alcoholic medicines, which are harmful to the kidneys and bladder.
The following prescription, while simple, harmless and inexpensive, is known and recognized as a sovereign remedy for kidney complaint. The ingredients can be obtained at any good prescription pharmacy and anyone can mix them: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.
This preparation is said to restore the natural function of the kidneys, so they will sift and strain the poisonous waste matter, uric acid, etc., from the blood, purifying it and relieving rheumatism. Backache will be relieved, the urine will be neutralized and cleared and no longer a cause of irritation, thereby overcoming such symptoms as weak bladder, painful, frequent and other urinary difficulties.
This is worth trying and may prove just what many people here need.

WILL TIE UP BILL.
Washington, Feb. 25.—The liquor question promises to tie up for some time action on the penal code bill. That and the provisions relating to the race question constitute the only important elements of difference. The liquor provisions and the purpose to regulate interstate traffic in liquor were originally in a bill introduced in the senate by Senator Knox, but not passed. The measure was added in the House to the penal code bill.
