

MRS. MARGARET TEAL FOUND GUILTY

JURY HOLDS HER RESPONSIBLE FOR SUBORNATION OF PERJURY IN GOULD CASE.

New York, Feb. 26.—Mrs. Margaret Teal, wife of Benjamin Teal, one of the best known theatrical managers in the country, was found guilty of subornation of perjury in the divorce case of Helen Kelley Gould against Frank J. Gould.

Mrs. Teal was sentenced to serve one year in the penitentiary on Blackwell's island.

As the verdict of the jury was pronounced, Mrs. Teal sank to her knees and was lifted to a chair by attendants. She then buried her face in her muff. One of the jurors was weeping as the verdict was announced and the sentence imposed. All the jurors signed a recommendation for clemency. Judge Foster in sentencing Mrs. Teal said he would not add to her sufferings by referring to her record, with which he said the district attorney had acquainted him. The judge said that he had been greatly impressed by the touching bearing of Mr. Teal, who had sat beside his wife throughout the trial. Counsel for Mrs. Teal said he would apply for a certificate of reasonable doubt and endeavor to obtain her freedom on bail.

"This has been the mistake of a garrulous woman, and lacks the interest that usually appears in cases of this kind," said the counsel.

Mrs. Teal was indicted last year jointly with Mrs. Julia Fleming and Harry S. Mousley, a private detective. They were charged with attempting by offers of money to induce Mabel McCausland, a milliner's apprentice, to give a false evidence against Frank Gould in the divorce case.

Mrs. Fleming and Mousley turned state's evidence. A pathetic feature of Mrs. Teal's case is that she is the mother of a child but 16 months old.

KNOCKING HENDRIK'S FAME

WE ARE TOLD NOW THAT HUDSON DID NOT DISCOVER HIS OWN RIVER.

New York, Feb. 26.—After careful investigation, the treasury department has concluded that Hendrik Hudson was not the discoverer of the Hudson after all. This fact was made public last night at a meeting of the New York Society of Founders of America, a committee from which, has under consideration the placing of a tablet on the walls of the new custom house in commemoration of Hudson's discovery. Before the work can be done, the approval of the treasury department is necessary and a member of the committee last night submitted a report including a letter sent to Secretary Cortelyou by W. L. Kunhardt, which said that it was not strictly proper to say that Hudson discovered the Hudson river as the river had been visited by at least two early navigators, Veranzee and Gomez.

SURGEONS ARE CONDUCTING INTERESTING EXPERIMENT.

New York, Feb. 26.—Physicians of the Harlem hospital are watching with interest the experiments which are being made on Harry Speddie-man, a tailor's son, who has been stunted mentally and physically by the removal of the thyroid gland in his neck, when he was six months old. Although he is now 26, he is only three feet eight inches tall and while he has the face of a man his mind is that of a child. Surgeons are now administering daily an extract made from the thyroid gland of a sheep by means of which it is hoped to start again the long retarded development of mind and body. Results so far seem to be good although the case has not progressed to any extent where any marked change can be noticed. Five grain doses of the extract are given to the patient daily.

WORK SHOES
Tough stock, heavy soles, solid counters, double leather toes, double seams and high-grade workmanship are what make Mayer Work Shoes last longer than any other kind.
Farmers, miners, lumbermen, mechanics and all classes of workmen can get double the wear out of
MAYER WORK SHOES
They are honestly made—solid through and through. They are "built on honor." Their strength and wearing qualities cannot be equalled.

PLAN TO DISTRIBUTE DESPERATE "RIPPER" PRODUCTS CAPTURED

COMPANY ORGANIZES TO HANDLE LUTHER BURBANK'S PLANT PRODUCTS. MAN WHO HAS BEEN STABBING WOMEN IN BERLIN CAUGHT BY THE POLICE.

San Francisco, Feb. 26.—In order that his wonderful discoveries may be more generally distributed and incidentally that his work of discovery may not be hampered by business worries, the brains and genius of Luther Burbank, the plant wizard, have been capitalized for several million dollars. The men who have secured the sole right to distribute to the world the marvelous plant discoveries of the Santa Rosa naturalist are Hartland Law and his brother, Herbert E. Law, two well-known millionaires of this city and Oscar E. Dinner, a wealthy eastern capitalist. There is no limit to the rights which these men have secured except one or two small contracts which Burbank is now fulfilling. Working alone Burbank has not had time to give the results of all his experiments to the public, but now a systematic effort will be made to distribute both his past and future products to all the world.

One of the first things undertaken by the new company will be the further development of the spineless cactus, which promises to transform desert wastes into grazing land for cattle. It is announced that Burbank has developed a cactus capable of producing saccharine matter which will yield both sugar and alcohol. Like most men of genius Burbank is decidedly adverse to the worries and troubles of business affairs and he welcomes the incorporation as the best means of ridding him of this handicap to his experiments.

AT RONAN

Ronan, Feb. 24.—Mr. and Mrs. Fred Potvin, of this place, entertained a few friends at their home last evening. Progressive whist was played until midnight, when an elegant lunch was served. Those present were Major Fred Morgan, A. M. Sterling and wife, Mr. and Mrs. Fred Roullier, Mr. and Mrs. R. McLeod and D. D. Hull and wife, T. D. Hull, F. D. Hull, Luke Bouchard, Miss Della Roullier, Miss Alma Bouchard and Miss M. Salsman. Phil Hull and Mrs. Fred Roullier carried away the first prizes and the beauty prizes were carried away and highly prized by Mr. Jos. Bouchard and Mrs. A. M. Sterling.

P. D. Q. DELIVERY.

Chicago, Feb. 26.—Two discolored letters, containing orders for goods, mailed more than ten years ago by a former salesman in Chicago, have just been received through the mails, by the Adchuler Wrapper company, Waukegan, Ill. From their appearance it was supposed they have been in a mail box all the time. The postal authorities have made no explanation.

POLITICAL CRISIS AT HAND

THE SITUATION IN GERMANY THREATENS DISSOLUTION OF THE REICHSTAG.

Berlin, Feb. 26.—The internal political situation in Germany is approaching a serious crisis over the proposed revolutionary measures, and unless the ministry is successful in its stand in the matter of the death duties it is declared in political circles that the reichstag will be dissolved. Furthermore, should new elections result in an adverse majority, Chancellor von Buelow will have to retire.

The conservatives and the clericals for some time past have been exerting the utmost pressure on the government to compel it to abandon the death duties to which the great land owners of the country are stoutly opposed. When the tax committee assembled yesterday these two parties presented a compromise in which they substituted for the death duties heavily increased contributions from the states to the empire. Reinhold Siedowkay, of the imperial treasury, accompanied by the finance minister of all the federal states, appeared before the committee and announced that the government was irrevocably committed to the death duties. This declaration foreshadows a sharp contest, in which the government will be supported by national liberals, the radicals and the socialists, a wholly unprecedented combination of the support of an imperial policy. The critical question today is whether the minister will be able to secure enough conservative votes to bring about the enactment of the duties in question.

Hexamethylenetetramine.
The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Garden City Drug Co.

The new subway through the heart of Boston's shopping district is the most expensive mile of underground railroad in the world, having cost, with equipment, about \$10,000,000 to build.

Arrested

GREAT GLASS DISC IS A PROBLEM

BIG LENS FOR MOUNT, LOWE PROVES A TASK FOR THE GLASSMAKERS.

Los Angeles, Feb. 26.—Word has been received by Dr. George E. Hale, head of the Mount Lowe solar observatory, from the glass works in Gobain, France, that the works will at once undertake another cast of the 100 inch disc for the observatory, to be placed in the Hooker telescope. Following the receipt of the first great disc which was found to be unsatisfactory because of a flaw it was decided to send Prof. G. W. Ritchey to France for the purpose of consulting with the glass manufacturers and the letter received yesterday states that President Ritchey has succeeded in obtaining the consent of the manufacturers to make another attempt. Special apparatus is necessary for the casting. Professor Ritchey will remain in France until the disc is completed. Three years will be required to grind the glass after it is cast.

C. R. Kluger, the jeweler, 1040 Virginia ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed. Garden City Drug Co."

SOUTH CHICAGO CRUSADES IN DEFENSE OF CHILDREN.

Chicago, Feb. 26.—South Chicago has launched itself on a crusade for the protection of its children. Ministers, saloonkeepers, business men, priests, attorneys, doctors and police have mapped out a general line of action and a committee has been appointed to see that the work does not lag. The congregations at night, of boys and girls in nickel theaters, penny arcades, fruit and confectionery stores and in public parks is considered one of the prominent causes of juvenile delinquency, and to cure this evil an attempt will be made to enforce curfew hours. The police will be asked to visit these places every night and escort home the children found in them, impressing on their parents their duties in this regard.

Children Who Are Sickly.
Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headaches and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitute.
