

HARRIMAN NO LONGER A SPHINX

RAILROAD MAGNATE LOOSENS UP AND TALKS FREELY WITH NEWSPAPER MEN.

San Antonio, Texas, March 8.—The news stories sent out from San Antonio regarding Edward H. Harriman, who has been encamped for some time past at Hot Wells, a suburb of this city, no doubt read like wild imaginings to those acquainted with the great railroad magnate. But they are true, and therein is the wonder of it.

For Harriman, the astute, the unapproachable, the bugaboo of interviewers for many years, became of a sudden a changed man. Today he is one of the most approachable men in the public limelight of the United States. Just what brought about this change of front in Mr. Harriman is a matter of mystery to the newspaper men of Texas.

"Refuse to be interviewed by a reporter? Not Mr. Harriman! Step right into my tent," he says. "What was it you wanted to ask me about—our railroad policy concerning Texas, you say? And lo! Harriman, the erstwhile sphinx, discloses almost garrulously with a common reporter just what he thinks it will be best for a certain road under his control to do during the next twelve months; hints that Texas legislation is a little too severe in warranting him in spending much money in this state for the present; denies that his daughter Mary is going to wed Robert Walton Golet, the Illinois Central director, who was for several days a member of his party, though admitting that as regards this particular matter most of the talking will be done from the New York end of the line," meaning Mrs. Harriman, laughs when told of how Mr. Golet was arrested by a San Antonio policeman for speeding in an automobile—in fact, almost anything that the newspapers want Mr. Harriman to talk about, he has talked about, and he has talked fully, frankly and freely, without any evident attempt at subterfuge or evasion.

When Mr. Harriman reached San Antonio he was suffering rather severely with twinges of a rheumatic affection in one of his shoulders. Originally his intention was to remain for only a few days, but so efficacious was the south Texas ozone and the simple life of which the financier at present professes to be enamored that his rheumatism at once gave evidence of a hasty flight and he decided to prolong his stay.

And it is the genuine simple life that Mr. Harriman has been leading. As far as practicable he eschewed business, drove railroad building and schemes of empire from his head, and spent his days in automobiling, golf and other outdoor pastimes.

That this giant of finance has an extremely human side, which is not hard to touch, was made evident soon after his arrival here, when a reporter asked him if he would not like to go with Mr. Roosevelt on the latter's trip to Africa. "With a biting memory of the ex-president's characterization of him as an 'undesirable citizen,' seemingly fresh in his mind, Mr. Harriman replied, with a sardonic smile, 'Yes, I would greatly enjoy a trip to Africa, but I believe I would much prefer to choose my company on such a trip.'

The gist of the wizard's utterances while here is seen in one single utterance itself: "We have made all of the Harriman roads good roads. It is the best system in the world today, and we are continually working to make it better. We are not taking money out of the country; we are putting more money into development. The railroads are the greatest force of civilization at work today. In olden days the population was thinned by civil wars. Now the country is crowded and the people must find new homes. I take it that it is scarcely necessary to point out the part which railroads play in opening up new country."

PLANNING TO EXTEND RAPID TRANSIT LINES

New York, March 8.—Plans for an extension of the rapid transit system of the city to cost about \$50,000,000 are being prepared by engineers of the Interborough Rapid Transit company.

Announcement of the plan was made today by President T. P. Shonts of the Interborough company.

Mr. Shonts said that an extension of the present subway from Forty-second street downtown on Seventh avenue was one of the proposed extensions, and an extension north from the Grand Central station along Lexington avenue to One Hundred and Tenth street was another.

RUSH ORDERS GIVEN.

Seattle, March 8.—Following the recent visit here of A. J. Earling,

The most exquisite cleanliness is necessary in the care of bottles and other utensils used in the preparation of a baby's food.

For this purpose, there is nothing quite so good as Ivory Soap.

Dissolve a few shavings of Ivory Soap in a quart of hot water. Rinse the bottles with cold water, wash them inside and out in the Ivory Soap suds and then scald with boiling water.

Ivory Soap
99¹/₁₀₀ Per Cent. Pure.

President of the Chicago, Milwaukee & Puget Sound Railroad company, rush orders have been issued to the contractors and to the engineering department to finish the terminals of the road in this city and in Tacoma, where spurs and sidetracks are to be built to the mills and factories.

The work ordered rushed by Mr. E. J. Boardley, chairman, Ill., a big crew is hard at work clearing the tracks so that travel over the main line may be resumed.

"SHOO-FLY" COMPLETED.

The work on the "shoo-fly" track around the big slide at Belknap was finished today and the traffic moved over it. The slide was a bad one and a big crew is hard at work clearing the tracks so that travel over the main line may be resumed.

IT CURED THE DOCTOR.

New Scientific Dandruff Treatment Recommended by a Physician.

Mrs. Mary C. Crawford, Oakesdale, Wash.: "Herpicide cured me perfectly of dandruff and falling hair."

Dr. E. J. Boardley, Champlain, Ill.: "I used Herpicide for dandruff and falling hair, and I am well satisfied with the result."

Alf R. Kelly, 2195 Desadero street, San Francisco: "Herpicide put a new growth of hair on my head. Herpicide does more than is claimed."

Herpicide kills the dandruff germ. "Destroy the cause, you remove the effect"—cures dandruff, falling hair and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1. Missoula Drug Co., special agents.

A VALUABLE ISLAND BOUGHT BY AMERICANS

Detroit, Mich., March 8.—A News special from Houghton, Mich., says: "The largest island in fresh water in the world has reverted to American ownership through the diplomacy of business and without probably the knowledge of Washington. Isle Royal, in Lake Superior, in almost its entirety, consisting of 83,720 acres, has just been purchased by American interests from the English syndicate which owned it for many years. The deal was concluded in London by F. W. Nichols of Houghton and Oscar J. Larson of Duluth, the latter the agent for the United States Steel corporation.

In the copper country it is believed that the steel corporation intends to cut timber from the island and probably to exploit anew its abandoned copper workings, these latter being the island mines of Sishowit bay and the Mironing mine at McCargo's cove.

The company making the sale is the Isle Royal Land corporation (limited), with an office in Liverpool.

MACVEAGH INSTALLED IN HIS NEW OFFICE

Washington, March 8.—Franklin MacVeagh took the prescribed oath of office this afternoon and entered upon his duties as secretary of the treasury.

At the conclusion of the ceremony, retiring Secretary Cortelyou was presented on behalf of the officers of the department with a large silver loving cup of classic design.

Mr. Cortelyou stated he will go to New York to become president of the Consolidated Gas company of that city.

Charles E. Taylor, a Washington newspaper man, was today appointed secretary to Secretary Meyer of the navy department.

It Saved His Leg.

"All thought I'd lose my leg," writes J. A. Swenson, Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it sound and well." Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and piles. 25c at G. Freisheimer.

BUILDERS MUST GET PERMITS

TROUBLE IS CAUSED TO ALL BY NEGLECT TO SECURE NECESSARY PERMISSION.

The spring weather which has prevailed since the first of the month has brought with it the usual spring number of applications for building permits, and Building Inspector May has been busy for the last few days. The permits are mostly for residences, and they are scattered in all parts of the city. The inspector has granted the following permits during the week:

To W. V. Hoopes, a permit to build a four-room house on South Fifth street; H. G. Bishop, permission to build a five-room house on Plymouth street; Robert Sibley, permission to build a 10-room house on University avenue; George Cyr, permission to build a four-family brick apartment house with 20 rooms on South Fourth street; H. M. Edwards, permission to build a six-room house on Brooks street; Charles Welling, a permit for a six-room house on Woodford street; George L. Steinbrenner, permission to build a five-room house on Fremont street, and to Charles Avery a permit to build an addition to his residence on Eddy street.

According to Mr. May a great many builders neglect to get permits, and then are forced to stop work until one is procured. This causes trouble to both the inspector and to the builder, and if those who are intending to build would observe the rule in the first place the trouble would be avoided. Speaking of the matter Inspector May said yesterday: "I wish people would get their permits before they start work. I don't wish to stop the building, but a permit must be granted and I must have a record of it before I can let the work go on."

MUST CHOOSE BETWEEN CHURCH AND PARTY

Milwaukee, March 8.—A special to the Evening Wisconsin from Manitowish, Wis., says:

Members of the Roman Catholic church who are affiliated with the socialist party must choose between the party and the church. This was broadly intimated by Rev. Kubissawsky of St. Mary's Polish Catholic church on Sunday in an address from the pulpit. The priest said a circular letter from the pope was the basis for this statement, and similar addresses will be made by all Catholic priests in the state. The climax was forced here by the recent nomination by the socialists of Peter Kaufmann, a member of the Catholic church, for city treasurer. Kaufmann has withdrawn from the ticket, however, and it is said will sever his connection with the party.

TIME IS EXTENDED.

Muskogee, Okla., March 8.—Governor Charles N. Haskell and others indicted for Muskogee town lot frauds by the federal grand jury in February were today granted an extension of time, until March 15, to plead. Their plea will be entered at Vineta during the term of the federal court there.

ALLEGED HOLBUP MAN SHOT BY BARTENDER

Chicago, March 8.—Hugh Hopkins, son of J. J. Hopkins, superintendent of stations of the South Side Elevated railroad, was found slain early today in a doorway at 3703 Wentworth avenue, after John Latta, a bartender, had reported to the police by telephone that he had exchanged shots with a holdup man in a south side saloon.

Latta is detained by the authorities pending an investigation of his story. He says that Hopkins pounded on the door of the saloon after closing hours, and when the door was opened drew a revolver and fired. Latta returned the fire and Hopkins fled. The body was found a block from the scene of the holdup.

MYSTERY IS DEEP.

Washington, March 8.—The mystery surrounding the death of Walter F. Schultz, a Chicago artist, whose body was found Sunday with a deep cut in the neck at Alexandria, Va., proved too deep for the coroner's jury to solve today, and no verdict was rendered. The jury was dismissed subject to call after the coroner had secured some further facts for which he is investigating.

It is declared, however, that the verdict will be that Schultz met death at the hands of some person or persons unknown.

CONVICTED SOLDIER GETS LIFE SENTENCE

Seattle, March 8.—James A. Holt, a soldier of Fort Worden, who was found guilty December 22, 1908, of the murder of Bandman Henry F. Johnson, was sentenced in the federal court by Judge C. H. Hanford today to life imprisonment at the McNeil island penitentiary.

The crime was committed at Fort Worden on the night of May 8, 1908. Johnson's body was discovered in the furnace of the barracks the following morning, having been saturated with kerosene and partly consumed by fire.

A SUCCESSFUL FLIGHT.

Baddeck, N. S., March 8.—The aerodrome "silver dart" piloted by Douglas McCurdy, made a successful flight of eight miles in 11 minutes and 15 seconds here today, twice crossing Baddeck harbor.

TAKE KODOL FOR ALL Stomach Indigestion AND All Stomach Troubles

All are the result of undigested food remaining in the stomach and putting the whole system out of order—as it surely will. Kodol digests the food the way it does, because it contains all the digestive elements. If it contained only one or two of them (such as pepsin, etc.) it would not be of so much help to the stomach as it is. And there is no question but that Kodol digests all food—anywhere, at any time. When it will digest every particle of all kinds of food, in a glass test-tube, it should have no difficulty in digesting food in your stomach.

LOCAL ELKS READY FOR "DOIN'S"

HELLGATE LODGE WILL PLACE ANTLERS ON LARGE HERD THIS EVENING.

The members of Hellgate lodge No. 382, B. P. O. E., are prepared for the time of their lives tonight, when the antlers will be placed on the heads of a large number of baby Elks. The coming initiation will be one of the largest in years, and there will be things doing all the time. The victims are walking the streets in fear and trembling, with anguish written on their brows, for most of them fully expect that this is their last night on earth.

To take part in the "doin's" there will be Elks from the Bitter Root, the Coeur d'Alenes, from Bonner, and from other towns within the jurisdiction of the Missoula lodge. The members of the local lodge who reside at Hamilton have prepared to have a special car attached to the afternoon train, and they expect to arrive in Missoula with a large representation. The baby Elks from the Bitter Root will be with them.

Ends With Banquet.

After the initiation a banquet, which will be the last in the old hall, will be partaken of, and at its completion a musical program will be rendered. Manager Donahue of the Donahue Players has offered to help in the program, and will be assisted by his wife and by Miss Claire O'Donnell, who will give selections on the violin. Otto Oretto of the same company will also assist in the entertainment—that is, if he survives the initiation.

List of Novitiates.

The following well-known men of the city and neighboring towns are to be the victims tonight: W. W. Mitchell, R. E. Greenleaf, L. J. Coria, W. F. Carey, Albert Schroeder, V. K. Woods, B. H. Denison, W. T. McCarthy, George P. Porter, E. L. Freeman, L. Z. Brooks, James H. Bonner, Robert L. Owens, Morton Yonis, A. B. Frost, H. L. Smurr, E. S. Holmes, J. H. Ivey, F. E. McAboy, H. C. Johnson, George W. Jennings, H. L. Bayes, Carl A. Schuffert, M. C. Larson, Otto Oretto, Butte.

IN THE THEATERS

"The Girls From Berlin," a new musical play by John J. McNally, will be the attraction at the new Harnois theater Wednesday, March 10. Corinne will portray the leading character. The story is said to be consistent and the characters actually do something. The musical features will

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." Ask Your Neighbors. They probably know of some of its many cures.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice from THE SWIFT SPECIFIC CO., ATLANTA, GA.
