BONNER TERROR GETS STIFF SENTENCE

JUSTICE SMALL SENDS SAM MATSON, BAD MAN FROM LUMBER TOWN, TO JAIL.

Justice of the Peace Small put in a busy day yesterday and disposed of a number of cases which have been pending for the past few weeks. The principal case brought before him was that of Sam Mattson, a Finn, who is said to have been terrorizing the people of Bonner for the last six months. This was the first definite complaint which could be obtained against him, although it has been known for some time that he was causing a great deal of trouble. According to the evidence that was brought before the court Mattson was undeniably guilty of the offense with which he had been charged, and it was clearly shown that he had been rather reckless in the use of a knife, with which he had intimidated the people who tried to stop him. When he was asked if he had anything to say for himself he replied in the negative, and said he was ready to receive his sentence. The judge then sentenced him to 90 days in the county jail, and in addition fined him \$200 or 100 days in prison at the rate of \$2 a day, warning Mattson that if the offense was repeated he would be sent to the penitentiary. "This man," said the judge, "is but one of a gang who has been terrorizing the town, and I hope that when the rest of them hear of this they will realize what they are up against and quit."

M. E. York, who is charged with assault with intent to kill, was arraigned and pleaded guilty. His hearing was then set for March 15. Harry McKay, who is charged with robbery, was also arraigned, but asked for 24 hours in which to plead and will be heard today.

CLERK GETS MONEY FOR BURNING PELTS

A rather unusual fee is soon to be collected by Deputy Clerk Fred Smith, who is to receive from the state 5 cents each for burning 110 coyote skins and the skulls of three mountain lions. Within the past quarter the above number of "varmints" have been killed within the limits of Missoula county, and have been turned into the county clerk's office for the state bounty, which is \$4 for the pelt of a coyote and \$10 for the head of a mountain lion. The state also pays 5 cents apiece for the destruction of the pelts and skulls.

TO HOLD COURT TODAY.

Judge H. L. Myers will preside in the district court today. This most important matter to come up will be a condemnation proceeding brought by the Chicago, Milwaukee & St. Paul Railway company against Mrs. Mary K. Bandmann and involving land on the Bandmann ranch east of the city.

The following instruments of record were filed in the office of the county clerk yesterday: Deed—The trustees of school district No. 20 to A. Bauer, one acre in the northeast quarter of the northwest quarter of the northeast quarter of section 20, range 15 north, township 25 west. Deed—L. N. Simons to H. L. Shapard, lots 1 to 24 in block 10 of Union addition. Deed—L. Baunier to the Missoula Trust and Security bank, lot 22 in Dinsmore's Orchard Homes No. 5; consideration \$500. Deed—E. A. STOMACH DISTRESS WILL VANISH

DIGESTS ALL YOU EAT, LEAVING NOTHING TO FERMENT IN STOMACH—CURE YOURSELF.

When your stomach is weak or lacking in gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headache, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which cannot be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapepsin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result, not a cause of your trouble. If the stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other miseries. Pape's Diapepsin is an antacid, most powerful digestive and thorough regulator of weak stomachs. These Triangles will digest any kind of food, and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards. Any good pharmacy here will supply you with a case of Pape's Diapepsin for 50 cents. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of stomach trouble. Your case is no different from many others. It isn't stomach nerves or catarrh of the stomach, or gastritis, or dyspepsia. It is food rotting—food fermentation—that's all—and takes about five minutes to overcome.

SUN PRAISES GRENFELL.

The New York Sun has this to say of Dr. Wilfred Grenfell, the mariner missionary of Labrador, who is to deliver a free lecture under the auspices of the Minister's association at the First M. E. church next Sunday night.

"Dr. Grenfell, the heroic missionary among the Labrador fishermen, is to speak at Adelphi hall in Brooklyn this evening. His story should serve to fill the Metropolitan opera house instead of so small an audience room as Adelphi hall. Dr. Grenfell's humanitarian work cannot be too highly praised nor too generously supported by the contributions of those who would do good to their fellow men in need."

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune serves as a warning to others.

Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach. Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently cure disordered stomachs, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Price, 25 cents. Only at our store, corner Higgins avenue and Front street.

TO FILL ENGAGEMENT IN FRANCE

DONALD WARD SIGNS CONTRACT WITH "MIDGET CITY" COMPANY OF PARIS.

Donald Ward announced yesterday that he had made the final arrangements with the management of a mid-get show in Paris for a nine months' engagement there, and that he would start as soon as the transportation arrived. Some time ago Don and his partner, with whom he has been traveling the vaudeville circuits, signed a contract for the engagement and they have merely been waiting until the manager should gather the rest of the company before starting. According to the plans of the people who are running the show, 40 dwarf people are to be gathered together in this country and taken to Paris, where they will appear in what is known as "The Midget City." It was originally planned by the company to be in Washington in time for the inauguration, but there was a hitch in the program and the start had to be delayed. They will, however, visit the principal eastern cities before setting sail and they will also stop at some of the European points of interest on their way to France. He is only waiting for the transportation to arrive now.
