

PEYTON APPOINTMENT APPROVED

GOVERNOR SIGNS BILL MAKING MRS. PEYTON A DEPUTY GAME WARDEN.

Special to The Daily Missoulian. Helena, March 10.—The resolution passed by the last legislature providing for the employment of Mrs. Charles Peyton as a deputy game warden was today approved by Governor Norris, but he says he has grave doubts as to the legality of the method adopted for the relief of Mrs. Peyton. He adds that the legal questions are for the courts and not for the executive to decide.

In addition to the Peyton resolution the following were approved: Senate Bill No. 100, relating to admission of children to the school for deaf, blind and feeble minded; Senate Bill No. 132, relating to livestock shipments; Senate Bill No. 131, enlarging the scope of the railroad commission; Senate Joint Memorial No. 5, praying for grants to several state institutions; House Bill No. 127, authorizing public administrators to require statements from corporations and other persons on estates worth not more than \$200; substitute for House Bill No. 171, relating to payment of taxes under protest.

MISS GLADYS EMERY TO MARRY JAPANESE

San Francisco, March 10.—The engagement of Miss Helen Gladys Emery, daughter of Rev. John A. Emery, archdeacon of the Episcopal diocese of California, to Gunjiro Aoki, son of the late General Aoki of Japan, has been announced. Both Miss Emery and her mother admit the engagement, but they refuse to give the date of the wedding, which must take place outside of this state, where the marriage of orientals and Caucasians is forbidden. Aoki is a member of one of the most distinguished Japanese families, and is said to be a relative of Viscount Aoki, who represented his country at Washington.

NO NIGHT TRIALS.

Des Moines, Iowa, March 10.—"I intend to protect the good name of Iowa and I will not have it said that a prisoner has to be arraigned by stealth under cover of darkness to secure a fair trial." The governor made this announcement tonight in declaring that the trial of John Junkin, the negro alleged murderer of Clara Rosen, must be held in the day time.

EMPHASIZES DANGER OF SOFT DRINK HABIT

Washington, March 10.—The dangers of the "soft drink habit" and the innocuous with which girls become addicted to it, were emphasized tonight by Dr. Harvey W. Wiley, the government pure food expert, in a lecture at the Holy Cross academy. "If you only know what I know about what things soft drinks contain, you would abstain from them," he said. "It would surprise you to know what most of them contain; more caffeine than coffee and a drug which is more deadly. So beware of the soft drink. It is more harmful than coffee. I have collected more than 100 samples of soft drinks sold at soda fountains, and each contains caffeine, and many of them a deadly drug."

CONTINUES TO IMPROVE.

Rome, March 10.—The pope, who has been suffering from a severe cold, continues to improve. The pontiff held mass himself this morning.

WOMEN EAT TOO MUCH AND DON'T EXERCISE

So said a famous woman athlete and beauty in a lecture at Boston the other day. Women ought to exercise, of course. Most American women do exercise. As bread-winners and housekeepers most of them get all the exercise required.

That they eat too much is a question. American women are reasonable and know that overloading the stomach causes misery and indigestion and should be avoided.

But many women have severe attacks of indigestion, belching of gas, wind on the stomach, sour food and other symptoms, not because they eat too much, but because they have eaten the wrong kind of food.

The best way to get rid of indigestion is to put the stomach in perfect condition. This you can do by going to George Freishelmer's and getting a 50-cent box of Mi-o-na tablets, which he will guarantee to cure, or money back. Then read carefully the little circular you will find in every box, and it will tell you how to keep a stomach good after you get it good.

Mi-o-na is sold in every town in America, and in Missoula by George Freishelmer. J. M. McDonald, Cullhook, Tenn., on December 6, 1908, wrote: "For years I was a great sufferer from stomach trouble, and doctored and doctored, but got little relief. Mi-o-na has cured me. After the first day's use I have had no pains in my stomach. I can work all day and don't throw up any more blood."

HOTELS TURN DOWN FIGHTER

JACK JOHNSON, THE BLACK HEAVYWEIGHT, IS REFUSED LODGING IN VANCOUVER.

Vancouver, B. C., March 10.—Vancouver hotel proprietors drew the color line very strictly last night when Jack Johnson, the black heavyweight champion, attempted to put up for the night. Coming up from the steamer, the colored man with his white wife and friends went to the St. Francis hotel. Johnson was politely told that the hotel was filled to overflowing. The clerk was very sorry, adding, "Really, Mr. Johnson, it could not be helped." They did not have any room, and that was all there was to it. The fighter took the turn-down with grace the first time, but when it was repeated in five other hotels, especially in two-dollar-a-day houses, he was abusive. Mrs. Johnson said very little, but was plainly very much disgusted at the turn of affairs. Late in the evening they obtained accommodations at the Dominion hotel, a down-town house. Johnson spent part of the night at the home of George Faris, a boxing instructor. This morning Johnson could be found everywhere. Sporting men here are inclined to comment on Johnson's lack of definiteness in making possible the arrangements for a fight with Jeffries. When the newspaper men last night asked him if he would fight Jeffries, he invariably replied: "Oh, yes; I will take on anybody."

EXPENSE STATEMENT FINALLY GIVEN OUT

Washington, March 10.—After carefully auditing for more than seven years the facts as to the government's expenditures incident to the last illness and burial of President McKinley, the treasury officials today made a statement covering the expenditures under the appropriation of \$45,000 for this purpose, made by congress on July 1, 1902. The physicians were paid as follows: Dr. M. B. Mann, \$10,000; Dr. H. Myuto, \$6,000; Dr. C. McBurney, \$5,000; Dr. Rosewell Parks, \$5,000; Dr. C. G. Stockton, \$1,500; Dr. E. G. Janeway, \$1,500; Dr. H. G. Matzinger, \$750; Drs. W. W. Johnson, E. W. Lee and H. R. Gaylord, \$500 each; Dr. N. W. Wilson, \$250; Dr. G. McK. Hall and Dr. E. B. Mann, \$200 each. Three firms of undertakers divided \$4,491.30 among them. Two nurses were paid \$500 each; a third was paid \$400 and another \$200.

CROSS-CUTTING THE VEIN.

Special to The Daily Missoulian. Wallace, Idaho, March 10.—The cross-cut tunnel on the holdings of the Tekon Mining company intersected the vein when in a distance of 200 feet, and the vein is now being cross-cut. About 30 feet has been made through the vein with no wall in sight. The vein shows a good percentage of galena, and while the present tunnel is at a depth of only 80 feet, a second tunnel will be run about 400 feet to tap the vein at a depth of 1,000 feet. The showing of the cross-cut through the vein in the upper tunnel has greatly encouraged the owners and they are confident they will develop a mine. The company owns a group of nine claims on the northeast side of Dago peak on the divide between Grouse, Dudley and Two Mile gulches. A majority of the stock is owned in Spokane and Tekoa.

STOCK IS BOUGHT.

Special to The Daily Missoulian. Wallace, Idaho, March 10.—A. D. Monroe of Wallace has bought of Mrs. Eliza Hellar and Frank Hellar, Jr., 400,000 shares of stock in the Coeur d'Alene Carbonate Mining company. The claims of the company are located southeasterly of Iron Mountain on the Montana side of the district. The Coeur d'Alene Carbonate has a fine showing of galena ore in the upper workings, several carloads of ore being on the dump after having been taken from but shallow depth. A lower cross-cut is in about 250 feet, and to tap the vein at a depth of 400 feet it will have to be continued only 150 feet. The ore will average about four per cent. The company's stock has changed hands recently in small parcels at 6 cents.

RAGE AND TRIUMPH.

Paris, March 10.—The country has received the passage of the income tax bill by the chamber of deputies with mingled feelings of rage and triumph. The commercial, moneyed and propertied classes generally, whose interests are voiced by such journals as the Figaro, the Temps and the Journal des Debats, deplore it as a piece of criminal folly and voted by a "cowardly majority" solicitous only of reelection next spring.

ENGAGEMENT ANNOUNCED.

Boston, March 10.—Official announcement was made today of the engagement of Miss Ethel Barrymore, the actress, to Russell Griswold Colt, son of Colonel Samuel P. Colt of Bristol, R. I., president of the United States Rubber company. The marriage will take place at an early date. The first announcement was made last night. Mr. Colt is 28 years old.

JOHNSON SENDS NOTE TO JEFFRIES

COLORED BOXER'S OLD MANAGER SAYS TEXAN CAN BEAT JEFFRIES.

New York, March 10.—James J. Jeffries today received an invitation from Jack Johnson to meet him in the office of Johnson's attorney in this city to arrange a fight. The invitation was handed to Jeffries by an attorney for Johnson as Jeffries appeared in the magistrate's court to answer to a charge of violating the penal code by sparring three exhibition rounds in a theatrical performance last night. The note read as follows: "John H. Johnson, the world's heavyweight champion, desires to inform you that he will be glad to meet you at my office to complete arrangements for a contest between the champion and yourself." Jeffries would not comment upon the note. The charge of violating the penal code which was made by the police was dismissed. Jeffries' attorney contending that the sparring was a part of the theatrical sketch.

PEDESTRIANS CONTINUE HARD SIX-DAY GRIND

New York, March 10.—Eleven teams of pedestrians continued tonight in the six-day go-as-you-please race at Madison Square garden. There was but one desertion from the ranks today—Edelson, who was paired with Quackenbush. Edelson got beyond the control of his trainers and insisted on going for a walk about town. When he returned the physician in charge of the race said he was unfit to continue and he was ruled off the course. The feature of the day was the work of Dineen and Prouty, who went ahead of Feegan and Curtis and took third place.

ABE ATTELL BESTS COLORED BOXER.

Philadelphia, March 10.—Abe Attell tonight knocked out Young Pierce, colored, of this city, in the sixth round of what was scheduled to be a 15-round bout before the Olympic Athletic association at Essington. Attell was the colored boy's master throughout, the latter at no time being able to land an effective blow on the featherweight champion. The best Pierce could do was to jab light lefts to the face and these had no apparent effect on Attell.

BASEBALL PROMOTER NOT SEEN HERE

JACK GRIM FAILS TO CONFER WITH LOCAL "BUGS" ABOUT INTER-MOUNTAIN LEAGUE.

The proposed Inter-Mountain league has received a hard blow in the solar plexus by the refusal of the Helena and Great Falls magnates to entertain any proposition looking toward the membership of those towns in the league. The promoters of baseball in both Helena and Great Falls have looked into the financial details connected with the operation of the proposed league of Lucas and Grim, and have failed utterly to see any satisfactory possibility for remunerative returns from such a circuit as proposed.

The Butte papers early in the week contained announcements to the effect that Jack Grim, who is suggested as manager of the Missoula team should a franchise be accepted in the Inter-Mountain circuit, left the Copper city for Missoula last Sunday. Grim was hunted for in every corner of the city but if he was in Missoula at all he remained carefully concealed and none of the local baseball enthusiasts could be found who has met the elusive Grim. It is barely possible that Grim arrived in Missoula on Sunday night, but he evidently left immediately, as the Butte players are now publishing a story of the promoter's presence in Spokane.

Missoula's attitude toward the Inter-Mountain league is not one which would inspire the belief that this city wants membership in the league as the proposed circuit does not appeal to the Garden city bugs as a feasible one on account of the excessive mileage to be covered.

TO OPEN QUARTERS.

Denver, March 10.—John T. Burns, secretary of the dry farming congress, arrived in Denver today for the purpose of opening permanent headquarters in accordance with the action of the recent congress held in Cheyenne.

JOHNSON THE BETTER FIGHTER

COLORED CHAMPION WANTS TO ARRANGE MATCH WITH EX-CHAMPION.

Vancouver, B. C., March 10.—Sam Fitzpatrick, erstwhile manager of Jack Johnson, the world's heavyweight champion in an interview today gave out the following statement to the Associated Press: "I can see nothing to it but Johnson will be champion for as many years as Jeffries held the title at any rate. You may take it from me that Johnson is not afraid to meet Jeffries. The colored man says that he will meet any man and literally that includes Jeffries and he means it that way. In their fight at Sydney, Burns was never in it for a moment. He had no chance at all. I believe fully that Johnson is the greatest fighter now in sight, black or white. He has great courage and is as quick, agile and hard as a big tiger." Fitzpatrick read in detail the interview given by the Associated Press in New York by Jeffries last night. When he had finished he suggested that the big boiler-maker was under-rating Johnson and added:

Ketchell Too Small.

"There is only one white man who has any right in the ring with Johnson and that is Jeffries. But I don't think that even Jeffries could beat the black man. Jeffries is a long way from being in shape and even if he could get in condition, I sincerely believe, knowing both well, that the colored man would have the better of it. For Corbett to fight Johnson would be ridiculous. Ketchell is altogether too small. It would be a shame to match them. For the second choice after Jeffries I would select Jim Barry of Chicago, but really he wouldn't have a chance. Johnson is destined to hold the championship for some time to my way of thinking." Johnson's former manager bears no ill will toward the big colored man, declaring with a shrug of his shoulder that it was impossible for any man to handle Johnson since he gained the title. Johnson has wanted since then to be his own boss absolutely, though Fitzpatrick declared that he understood the champion's wish would assist in arranging matches for him. Regarding his fight with Burns, Jack Johnson said today that he had no proposition made to lay down to Burns. But he added: "I know, though, that Referee McIntosh was supposed to be fixed to give Burns all he could."

EIGHT-HOUR MEASURE INEFFECTIVE

DISCREPANCY BETWEEN TWO BILLS ANNULS DESIRED ENACTMENT.

Special to The Daily Missoulian. Helena, March 10.—There will be no eight-hour law for county jailers despite the fact that the eleventh assembly passed and the governor approved the bill, House Bill No. 335, making the shift for the county jailers eight hours.

The reason for this is because of a conflict between House Bill No. 335 and Senate Bill No. 120, the latter providing an additional deputy in the office of clerk of the district court. Governor Norris approved House Bill No. 335 and then he approved Senate Bill No. 120. No. 120 re-enacted a statute now on the books, except that the wording was changed to read from three to four deputies. Then all acts and parts of acts in conflict therewith were repealed. This re-enacted the section that makes the number of jailers two instead of three, as it should have been under the eight-hour law. This discrepancy escaped the attention of everyone until after both bills were signed.

AGAINST JAP DOCTORS.

Honolulu, March 10.—A bill was introduced in the assembly of the territorial legislature today aimed at Japanese physicians.
