City Or Country

I handle property of either kind. If you are in the market, either to buy or sell, it will interest you to look over my list. I have some offerings in city property that are especially desirable. If you have property to sell I shall be glad to handle it for you. I have some clients right now who want to invest; perhaps yours is just the property they want. Anyway, come around and see me.

DO YOU KNOW'S

DO YOU KNOW That Missoula's nearest competitive point on the west is 256 miles distant, that it is 125 miles to the east, that it is 100 miles to the north, and 125 to the south?
DO YOU REALIZE That this is an immense territory, of which Missoula is the center?
DO YOU KNOW That the mountains to the north are so rugged and rough that an east and west railroad cannot pass through without going north of the Flathead lake or to the south without going to the Salmon river, except from the Bitter Root valley to the west where the Lo Lo, Nez Perce and Lost Horse passes offer an outlet to the great Clearwater and Salmon river country?
DO YOU KNOW That in the Clearwater country is one of the largest virgin forests in the United States? That already very large sawmills have been built to take this lumber out and that the owners are using every effort to force the railroads to give them a direct outlet via Missoula for their lumber?
DO YOU KNOW That there are two \$1,000,000 pulp and paper mills going in at Kooskia and St. Joe?
DO YOU KNOW Where Kooskia and St. Joe are located?
DO YOU KNOW That Kooskia is nearer Missoula than it is Spokane?
DO YOU KNOW That in the Elk City and Buffalo Hump mining districts, which are nearer Missoula than Spokane, that several millions of dollars are invested in mining operations, and that several large stamp mills are in operation, and that the mining men are urging and demanding that the railroads, the O. R. & N. P., be extended into the Bitter Root valley to give them a direct route east, and that thereby they may be enabled to operate hundreds of mines that are now idle on account of the cost of operation?
DO YOU KNOW That the Clearwater country is more than 100 miles long from north to south and is full of undeveloped resources, that this practically undeveloped strip will average about 75 miles in width, and bounded on the west by the great Potlatch wheat and fruit country that produced millions of bushels of wheat last year, that contains many good towns all tributary to Spokane, but with the railroad extended to Missoula would be partially tributary to Missoula?
DO YOU KNOW That three great railroads are now preparing to fight for this great territory and that all of them have Missoula as their objective point? The N. P. railroad from Stites to Missoula, about 125 miles; the O. R. & N. railroad and the C. M. & Puget Sound railroad?
DO YOU KNOW That there are at least three new railroad lines going through Montana bound for the coast and that they will all be built in the near future—the Northwestern, the Soo and the C. R. I. & P. railroads?
DO YOU KNOW That the lowest and best pass through the mountains of Montana is the Cozette pass at the head of the Blackfoot, almost directly east of Missoula and with an open water grade to Missoula, that a railroad through the Blackfoot valley would open up for Missoula a rich valley but little developed as yet?
DO YOU KNOW That this big country is full of opportunities and vast possibilities, and that you have but to make the right choice of opportunities to make yourself independent?
DO YOU KNOW That there is a certainty of Missoula doubling in population, that there is a probability of its doubling twice over, and that there is a possibility of its becoming a city of 100,000 people?
We could tell you for hours of the great Flathead reservation soon to be thrown open for settlement, of its great possibilities and what it means to Missoula, of the great mineral districts of Salties, Clinton and Thompson that are all at Missoula's door? Of the great water powers near at hand soon to be harnessed and made of value? Of forests of spruce timber that are awaiting the building of a great pulp and paper mill at Fish Creek and other equally natural locations so rich?
But we started out to tell you of some of the opportunities to purchase desirable property at Missoula or nearby points that are almost certain to increase steadily in value and make the purchasers happy.
We have space for only a few samples. If these do not suit you, come to our "Wickup" and tell us what you want and we will try to please you.
A choice warehouse lot on N. P. railroad, only \$350.
A very pretty corner lot, south and east front, on water main, Knowles Add. No. 2, only \$250. \$25 cash and \$10 per month will buy this.
Two lots, corner of Beach and Van Buren streets, east side; fine place for moderate priced flats. Price only \$825 for the two, \$100 cash and easy payments. A row of flats on these lots will pay 15 per cent interest on your money.
Eight very fine lots in block 41, Daily addition. A snap at \$600. \$100 cash will start you on this.
Two nearby lots (corner) and five fractional lots in block 83, South Missoula; on water main; the whole block for only \$525. These lots are smooth, slightly and in a district rapidly building up. \$100 or \$200 cash will handle these lots.
We have only one lot left in block 39, South Missoula (eight sold), east front on water main; only one block from Willard school; cheap at \$300. \$50 cash and easy payments.
Ten lots, 40x130; each fenced and in garden, with good water right, only \$800; or 19 lots in same block with good five-room house and other buildings, only \$1,700; or full block, \$2,500.
160-foot choice corner, West Sixth street; a beautiful building location. \$1,100; easy terms.
600 acres Orchard Home land.
600 acres land suitable for plating.
Houses of all shapes, sizes, and prices, from a fine new three-room cottage, well located, for \$1,100 to some of the best residences in the city.
Do not buy a residence until you see what we have for sale.
If you want an investment in lots that is absolutely guaranteed, here is something that we can fully recommend, and will give you a written guarantee that if you are not satisfied with your purchase on August 1, 1909, that we will refund the purchase price, and take back the lots. This is not a usual proposition and gives you all the best of the bargain, for you can speculate on a guarantee of getting your money back and a chance of doubling it in a short time. Two lots, 40x130 each; corner West Fourth street and a corresponding corner on Fifth street; these lots are smooth, slightly, in rapidly building district, near water main, will be within two blocks of street car line to Orchard Homes. Price of either, double corner 80x130, \$375, one inside lot for \$175.
