## The WORLD OF SPORT

### JEFFERIS IS WARM UNDER COLLAR

BIG BOILERMAKER SAYS WILL FIGHT AND KNOCK BLACK MAN'S BLOCK OFF.

New York, March 22.—James J. Jeffries has decided to re-enter the prize ring to fight Jack Johnson, the negro champion of the world. Announcement of this will be made by Jeffries in a few days, it was said on excellent authority last night. He also will send word to Johnson to come to New York and sign articles.

In the Jeffries camp it is said that the boilermaker has refrained from publishing his plans for the reason that it was believed by his theatrical manager that a decision to fight again might destroy public interest in Jeff's training exhibitions on the stage.

In view of Johnson's fight talk in Chicago and his expressed willingness to tackle Jeffries at any time, winner to take all, or on a fair cut of the purse, it was said tonight that Jeffries and his friends had reached the conclusion that the time was ripe for him to declare himself.

For that reason and also to avoid further public criticism Jeffries is ready to say that he can get back to his fighting form, that he will make a match with Johnson for the championship of the world and that he will knock the colored man out, too.

Will Lick Him.

"I am going to fight this fellow Johnson," Jeffries said confidentially to a well-known local sporting man last night, "and what is more, I'm going to knock his block off."

"I have been stalling because we thought that we could keep up the public's interest in my theatrical exhibition, but now I am getting ready to say that I can get it and that I'll fight again to recover the heavy-weight title for the white race.

Preparing for Fight.

"I am going to keep on training moderately until after my theatrical engagements and then I'll begin the real hard work."

It takes a great deal to excite the sporting populace of New York, but it was much excited last night when this report spread around town. It was the sole topic of conversation in the resorts where lovers of sport congregate.

When asked if there was any truth in the report which was current on the streets, Jeffries unburdened himself enough to say with great emphasis:

"You can say for me that when I get in the ring with that so-called champion I will be in shape to give him such a licking that he will be as dead to the world afterward as Burns has been since he was beaten."

Berates Negro.

He talked bitterly of Johnson as a man lucky enough to get a dub to lick, so as to come into a title which he still considers his.

"I am the champion. Nobody ever beat me for the title and I never gave it to anyone, no matter what has been said in that regard," was his expression when told that Johnson had said that he, as the champion, would exercise the right of a champion in dictating terms of any match he might make.

That Jeffries despises Johnson and is nettled at any mention of his name is shown in all of his expressions about the man who beat Burns.

Many good judges of physical condition who have observed Jeffries closely during his stay here say that his step has a springiness which speaks the fire of youth, with words of strength and endurance. His stomach does not show much superfluous flesh and he has a color which, they say, bespeaks ability to get into condition in short order.

A swell new ball park helps some, but it is up to Connie Mack to furnish a winning team if he wants the Philadelphia fans to thoroughly enjoy themselves.

### HUSTON IS SIGNING PLAYERS

HELENA MANAGER HAS BASEBALL TEAM LINED UP—WORK ON PARK SOON TO START.

Special to The Daily Missoulian.

Helena, March 22.—Manager Jack Huston of the Helena baseball team is losing no time in getting his team together. In fact, he has secured the entire team. The contracts, however, have not been signed, and until this is done Mr. Huston does not care to give the names of his players.

The committee appointed to solicit subscriptions for the preliminary expenses has been meeting with great success, and already sufficient money has been secured with enough more available to start the team. Work on the new grandstand and park, which is to be erected near the armory, is to be started as soon as the plans can be drawn and the material procured.

The Helena carpenters, about 40 in number, have voluntarily offered to donate two days' work.

### BOOKING EXHIBITIONS FOR HELENA BALL TEAM

Helena, March 22.—Manager Jack Huston of the Helena baseball team announced today that he would have his team report in one of the Utah or southern Idaho towns April 10 to commence training for the season's games. Helena will open the season with the Salt Lake team in Salt Lake on May 4. Mr. Huston has signed all of his players and is now booking exhibition games with various clubs.

On account of the Texas anti-betting law San Antonio is planning to have a "betless" race meeting, a la Maxin.

The Central league schedule provides for 140 games. April 29 is the opening date and the windup will come September 15.

Minor league clubs have been invited to bid for the services of one "Young Cy" Young of Pirate Centre, Pennsylvania.

Pitcher Jay Barrett of Terre Haute, who is a protegee of Cecil Ferguson, will be given a trial with the Boston Nationals.

Joe Kiljan, the former La Crosse catcher, has been signed to manage the Winona team in the new Minnesota-Wisconsin league.

Rube Waddell has a new one to add to his already extensive repertoire of curves and shots this summer. The erratic twirlers for the Browns call it the new shoot the head ball, and it is to be used only against left-handed batters. The principle of it is to throw the first ball directly at the batter's head, thus getting him off his hitting stride. Waddell experimented with the ball on the Detroit players last fall with notable success. He routed both Cobb and Rossman with the experiment, scaring them so badly that they were afraid to stand up to the plate during the game in which the rube officiated on the slab.

Sandpoint fans have just elected officers for their baseball team for the season. Fred Kellas is president, H. L. Kenyon secretary and H. S. Allen treasurer. The town is boasting its baseball goods, and it is said that Sandpoint will be well represented on the diamond in 1909.

Walter Johnson, the Idaho pitching phenom, who is with the Washington (A. L.) team, once signed a Tacoma contract for \$75 per month, and lost his job because of ineffectiveness. Within a year he was a member of Cantillon's Senators and one of the pitching marvels of the decade.

### "YOU'RE SUCH A HELP"

"You always know where to get things done or where to get any article. How do you always know about these wonderful special values? You are a regular bureau of information. How do you manage to find out so much about things?" "Easy enough. Every day, as soon as I get my copy of The Missoulian, I turn at once to read the classified ads—the market place of the Munnimakers. Every day a lot of the readers of The Missoulian advertise new and interesting offers. There is no better way to keep in touch with business developments and with all the enterprise that is going than to read the Munnimaker ads in The Missoulian just as quickly and just as closely as you read the news that is printed on the front page."

"Take my ad out of the paper; it has served its purpose," was the message received by The Missoulian after the following class ad had appeared in but one of its issues. They bring quick results.

### WALLACE FANS FAVOR NEW LEAGUE BASEBALL HOLD-OUTS ARE MANY

MISSOULA MENTIONED WITH THREE IDAHO TOWNS FOR BASEBALL CIRCUIT. PLAYERS DEMANDING MORE MONEY WOULD FORM FASTEST TEAM IN COUNTRY.

Wallace, Idaho, March 22.—The warm weather of the last few days has tended to arouse baseball enthusiasm in Wallace, and the fans are again talking the plan of an intermountain league. This is a dream that comes every year, but seems more likely of realization this year than ever before.

The plan is to include Wardner, Coeur d'Alene City, Sandpoint, Missoula and several of the Spokane city leagues' teams in the organization and instead of having regular salaried teams, as the larger leagues do, and keeping the teams on the road all the time, to play much the same as in former years, only having the games under the management of a central body and with uniform regulations.

In past years there has been trouble in all the towns mentioned in effecting a suitable and satisfactory arrangement of games, but with a central organization this should be eliminated. It will be possible to arouse greater enthusiasm by having a standing in the league to play for; it will take Wallace baseball out of the amateur class and give it a semi-professional face that in itself will raise the local spirit to the point of better support.

It is planned to operate the team by a board of directors. Each team to play for a percentage of the gate receipts with which to defray actual expenses, 10 per cent of the receipts of all games is to be turned into a common league treasury, to be paid to the team winning the pennant.

The remainder of the money taken in at the gate will be used to pay the operating expenses of the club. It is a simple plan of procedure and should give Wallace and other towns in the circuit a good class of baseball.

Wallace enthusiasts are in favor of the scheme and a letter received here from O. J. Bandelin, the pitcher, who is at present practicing law at Sandpoint, states that he is assured the Sandpoint team will fall in line with a plan of this kind to link the intermountain teams in one league. Wardner and Coeur d'Alene City have always favored it and Missoula will be at the extreme end of the route and profit more than the rest from the methods outlined. The movement is on foot and every one will be in line when the sun has dried the diamonds and the weather smells like baseball.

### PARTNERSHIP IN SOX JONES ASKS

COMISKEY'S MANAGER REFUSES TO RETURN TO CHICAGO FOR A SALARY.

It is understood in Portland that the White Sox will go east by the southern route through Arizona and into Texas. Comiskey has wired Portland friends that he will be in the city early this week to confer with Fielder Jones. According to an Oregonian sporting writer Jones has announced that he will not return to Chicago unless in the role of part owner in the club. A salary stipulation does not mean anything to him. Jones says his business interests in Oregon are worth more to him than a salary as manager of the White Sox.

### ATHLETIC PREACHER ISSUES DEFINITIVE

EASTERN EVANGELIST WANTS TO MEET DRINKING MEN IN PHYSICAL CONTESTS.

Philadelphia, March 22.—Muscular Christianity has an earnest disciple in Rev. L. W. Munhall, D. D., Methodist evangelist of Germantown.

Dr. Munhall, who is 64 years of age, issues a sweeping challenge to all drinking men to meet him in 10 athletic contests. The evangelist made this deft to prove his contention that a man who indulges in stimulants is not the physical equal of one who abstains from them.

He was inspired to issue the challenge by a postal card he received, which he thinks was sent to him by the State Liquor Dealers' association. On the reverse side of the card is a muscular arm gripping a sledge arm, below which is the inscription: "We stand for strength and vigor. We stand for drinking in moderation."

Dr. Munhall enumerates as follows the contest in which he will meet all comers:

Standing broad jump; running broad jump; running hop, skip and jump; putting 16-pound shot; throwing 16-pound hammer; 50-yard dash; five-mile walk; heel and toe; five-mile swim (this to take place in July or August); handling 50-pound dumbbell in various exercises; bicycle ride, a distance of 34 miles.

Then Bucklen's Arnica Salve cured it sound and well." Infallible for skin eruptions, eczema, salt rheum, boils, fever sores, burns, scalds, cuts and bites. 25c at G. Freisheimer.
