

CROWDS VISITING CONEY ISLE

DESPITE FACT THAT SNOW STILL LIES UPON GROUND, PEOPLE THRONG TO PLACE.

New York, March 30.—While tiny patches of snow still linger in the sunless nooks of Coney Island, the great summer playground is today being laid open from one end to the other for crowds that already number well up to a hundred thousand.

With the commotion of Roosevelt's embarkation for Africa still echoing in their ears, New Yorkers are today settling down for a good long rest from the roar of the impending lion hunt.

Let Me Tell You Something

A woman who is sick and suffering, and won't at last try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."

Erie, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong."

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

CLARKS FORK MINE GIVES GOOD PROMISE

While on a business trip to Sandpoint, Idaho, A. K. Anderson, a well-known real estate man of this city, made a trip to Clark's Fork, where he inspected the property of the Inland Mining & Milling company.

Now that its dead walls and fences have blossomed forth with the gay colorature of the circus poster, Gotham is glad; for these signs of spring are always as sure as the buds on bush or branch.

For the first time in the history of the dingy subway tube the smoke of stale tobacco is today beginning to be cleared up by the strong arm of the law.

is the discoverer of the property, and it was from him the inland people gained possession. Casey is interested in both his own and the inland properties. I think it is only a question of time until the mine is put into operation, and when it is I am inclined to believe it will be one of the most important discoveries of the Coeur d'Alenee."
