CROSSES CONTINENT THEN STARTS BACK

Boston, April 1.—Sergeant Johnson Walsh of the United States army, the long-distance walker, who arrived in Boston today after having completed a walk from Boston to San Francisco and return, a distance of over 7,000 miles, in 156 days, started late in the afternoon, after a few hours' rest, to repeat the performance.

Walsh left Boston on August 12, 1908, and arrived in San Francisco October 23, according to his statement. He said he lost 50 pounds, but felt strong and would make the present trip in competition with Edward Payson Weston, who started from New York last March. Walsh is 57 years old.

TAYLOR IS ARRESTED.

Honolulu, April 1.—A. P. Taylor, a reporter on the staff of a local paper, was placed in detention today while aboard the Japanese cruiser also of the training squadron and the notes he had made during his visit were taken from him by an officer of the ship. As soon as the nature of Taylor's visit was explained to the ship's officers he was released and his papers were restored to him.

MINING PROMOTERS FACE SERIOUS CHARGE

Carson, Nev., April 1.—The federal grand jury returned indictments today against L. L. Patrick and M. B. O'Farrell, Goldfield brokers, charging them with having used the mails fraudulently in connection with the promotion of mining stock. The indictments set forth that Patrick and O'Farrell advertised stock in the Manhattan Mining company for sale, stating that it was treasury stock, to be used for development purposes; that through correspondence by mail certain shares were sold, which, instead of being treasury stock, were personal or promotion stock.

ORDERS A DENIAL.

Washington, April 1.—Senator Herrarte, the Guatemalan minister, today received the following cablegram from the president of Guatemala: "Guatemala, April 1, 1909. "Deny most emphatically the news in press regarding movement of Guatemalan troops on the Honduran frontier, as such news is entirely false. "M. ESTRADA CABRERA."

MARKET MOVEMENTS OF THE DAY

TRANSACTIONS IN SECURITIES RECORDED ON THE NEW YORK STOCK EXCHANGE.

New York, April 1.—The high level at which prices were started today added to the sharp advances scored yesterday and combined with the material broadening of the participation from miscellaneous outside sources, offering so advantageous an opportunity to convert paper profits into cash, that it was taken advantage of on a large scale by previous purchasers. The professional element viewed the movement with suspicion and was constantly testing the market for reaction, but without success. The basis for the movement continued to be the conviction that the bottom of the business depression had been reached and that improvement is to follow. The large business booked in March for structural steel was noted as a consequence of the lower prices in that trade. Notice of wage reductions failed to cause disturbance, owing to apparent acceptance by workmen of the situation created by lower prices for products. News from Washington of formidable opposition forming to some of the proposed tariff reductions seemed to be accepted with equanimity, if not with satisfaction. February earnings reports of railroads are regarded as satisfactory evidence of improving traffic conditions. Encouraging reports of the condition of the winter wheat crop made a substantial basis for more hopefulness over business prospects. The market was strong and active at the close of the day.

Bonds were firm. Total sales, par value, \$4,446,900.

United States bonds were unchanged on call.

AIRSHIP IS CAUGHT IN GRIP OF STORM

THE ZEPPELIN AIRSHIP.

Munich, April 1.—The Zeppelin airship made an attempt today to fly from Friedrichshafen to this city and back. It encountered a storm and was driven far out of its original course, and after 11 hours in the air landed safely at Dingolfing, 65 miles north-east of Munich.

Part of the journey was made under circumstances of peril; one of the motors refused to work, and it was impossible for the airship to make headway against the wind, which increased steadily in violence. Helpless and drifting rapidly leeward, the airship traveled for four hours, while Count Zeppelin and his men awaited an opportunity to make a safe and successful landing. They were followed over the country by soldiers in swift automobiles and by three squadrons of heavy cavalry. The troops were sent out to be ready to render assistance when a descent was attempted. The airship outdistanced them, and they were not in it at the finish.

The airship will remain at the landing place until there is a favorable wind. No one was injured. A military balloon corps proceeded from here on a special train for Dingolfing to give assistance in protecting the airship from storm. It is understood that Count Zeppelin will make the return voyage to Friedrichshafen by way of Munich tomorrow.

PASTOR DISCUSSES HEALING OF NAAMAN

Another well attended meeting was held in the Methodist church last evening. Dr. Mills founded his discourse on the story of the healing of Naaman, recorded in the fifth chapter of Second Kings. Leprosy was used by the speaker as a type of sin. Obedience was the keynote of the sermon. As Naaman was healed of his leprosy by strict obedience to the command of God's prophet, so the harm and hurt of sin is healed not by attending to this or that form of ceremony, however well these may be in their place, but by obeying the divine command to repent and believe. For-sake sin and accept Christ as Lord and Savior. The subject for tonight will be, "The Only Way." This will be the last service for this week.

CONFIDENCE

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can cure constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail. It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and make constipation more chronic. Besides, their use becomes a habit that is dangerous and often fatal.

Constipation is caused by weakness of the nervous and muscular system of the intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

The discovery of the active principle of our remedy evolved the labor of the world's greatest research chemists. It possesses all the best qualities of the best known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on other organs or glands. They do not purge or cause any inconvenience whatever. They will positively cure chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 2c and 10c. Missoula Drug Co., corner Higgins avenue and Front street.

ONE OF THOMAS EDISON'S FILMS

"A Bachelor's Supper"

Synopsis of Senos: Ravens, a lonely old bachelor, on the eve of a holiday, when everyone is abroad on pleasure bent, goes to the club for companionship to drown old memories, but finding no congenial souls there he wanders forth to watch the people in the street.

Happy lovers pass, oblivious to all save themselves. Married couples are met, joyous in their offspring's delight at the gay sights. All this but intensifies Travers' isolation, and he hastens to his bachelor apartments where he is greeted by his faithful Japanese servant. Memories still haunt him, and he decides that he will not sup alone. Directing his servant, he orders a table set for seven, with flowers and favors; then dismissing the faithful one for the night, he places before each plate a card bearing the name of a former loved one, and adds a souvenir or keepsake to remind him of the past.

He dines alone, in the quiet solitude of his chambers, and drinks to each fair face as memory brings it to view; and as he drinks, the vision of the fair one arises before him, and, in fancy, partakes with him, until, one by one, the chairs are occupied.

Each former sweetheart responds to his toast, and then the lights grow dim, the shadows deepen, at the stroke of 12 the last candle flickers out—he is alone. His head sinks on his breast, and when his loyal servant arrives in the morning he finds that his beloved master is lonely no more, for his spirit has gone to join his loved ones in the shadow land.
