Metal Market.

New York, April 2.—The London tin market was lower today with spot quoted at \$134 and futures at \$135. The local market was quiet at \$29.30 @29.50.

Copper declined to \$57 5/8 for spot and \$57 1/2 for futures in the London market. Locally the market was quiet and a shade lower, with lake quoted at \$12.87 1/2@13; electrolytic at \$12.50@12.62 1/2, and casting at \$12.37 1/2@12.50.

Lead was unchanged at \$13 1/2 9/16 in London. The local market was steady at \$4.07 1/2@4.10.

Spelter was unchanged at \$21 7/8 6/16 in London and at \$4.77 1/2@4.82 1/2 in the local market.

Wool Market.

St. Louis, April 2.—Wool unchanged. Medium grades, combed and clothing, 20@24c; light fine, 17@20 1/2c; heavy fine, 19@17c; tub washed, 23@22c.

Trade Review.

New York, April 2.—R. G. Dun & Co.'s Weekly Review of Trade Conditions will say:

The stimulating effect of fine spring weather is shown in the reports from nearly all the principal cities. Some progress is making toward better things in iron and steel, although conditions as a whole are very unsettled.

In the primary cotton goods market manufacturers are disposed to refuse contracts for future shipments, indications pointing to higher prices.

In the woolen goods division the distribution of sample pieces is now completed and clothes will begin to go on the road next week.

The eastern boot and shoe market is quiet. The market for hides is fairly well maintained, although sole leather is a shade off.

There has been a slight increase in demand and tanners are holding prices steady owing to the higher market for hides.

"I'd Rather Die, Doctor," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead—he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astounded the world. 25c at G. Freishelmer's.

PRESENT OBJECTIONS TO TARIFF MEASURES

Paris, April 2.—The Federation of Industry and Commerce, a powerful organization of business men, has presented a petition to the French government setting forth in detail the French objections to the Payne tariff bill. The government is asked to instruct M. Jusserand, the French ambassador at Washington, to protest, first, against the "enormous increases" in the duties on French specialties, such as soap, gloves, etc.; second, against the inelasticity of section 4 of the bill, which concerns the negotiation of commercial agreements and treaties; and, third, in favor of the maintenance of legislation in the matter of appraisements.

Vagaries of a Cold.

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. In the summer it may give you a cold with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the pain or cramp take Perry Davis' Painkiller in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis'. It is now put up in a large 35c size as well as the regular 50c size.

RIDICULES IDEA.

Stamford, Conn., April 2.—Bishop Hartzell of Africa, who is in this country in an effort to raise \$300,000 for the celebration of Africa's missions diamond jubilee, today ridiculed the story that Theodore Roosevelt would incur any danger to himself during his trip. Bishop Hartzell said he had gone over practically the same ground when he was 55 years of age.

MARKET MOVEMENTS OF THE DAY

TRANSACTIONS IN SECURITIES RECORDED ON THE NEW YORK STOCK EXCHANGE.

New York, April 2.—The bears got the upper hand today in the contest which has been waged on each successive day this week in the stock market. In the professional trading element on the floor of the stock exchange there has been a distrustful feeling in regard to the rise in prices which has "felt for the top" constantly by putting out short contracts. Previous to today they have been forced to cover shorts later at a loss, driven in by the substantial resistance of the market to depression. While the liquidation was not urgent at the beginning of the drop the widening of the declines began to dislodge stop-orders and to uncover margins, which brought out large additional selling orders. The reaction was as much lacking in definite news to account for it as has been the week's advance. The most effective argument of the bears was that the rise had proceeded far enough to call for reaction in the normal progress of a speculative movement. The reduction of the long account by realizing sales, the passing of stocks from strong to weak hands, the vulnerability of a market to attack with the building up of a week following, and the improvement to result from shaking off the weak bulls by a dip in prices were all heard as arguments in the technical discussion of the market. The interview of E. H. Harriman yesterday deprived the bulls of some of the ammunition they have relied on by the frankness of some of his admissions. Rather definite assertions were in circulation yesterday which persisted in London this morning, that an advance in the Union Pacific dividend to 1 1/2 per cent had been determined upon. Mr. Harriman's flat assertion that no dividend increases were in contemplation in either the Union Pacific or Southern Pacific took away this motive for buying these stocks at advancing prices. Sentiment regarding the steel trade underwent some setback with the consideration that the statement of earnings for the first quarter of the year, due to appear during the month, must make a poor showing, while the current year, owing to the cut in prices and the comparatively light orders even at the reduction, the earnings may be still less satisfactory. There was a reduction in the price of copper at the New York metal exchange and in London, which served to dampen the confidence in the increased demand for that product.

Bonds were irregular. Total sales, par value, \$5,336,000. United States bonds were unchanged on call.

Grain and Provisions.

Chicago, April 2.—Rallying from a rather weak opening at the start the wheat market became exceedingly strong and prices were easily forced beyond the high point of the season recorded yesterday. The opening was at a decline of 1/4¢ to 3/4¢. The weakness at the start was due to a heavy tone of the foreign markets, particularly that at Liverpool, which was heavily affected by unexpectedly liberal exports for the week from Argentina and Australia. Leading bulls gave the market good support early in the day and a firmer tone soon developed, which became stronger as the session advanced. More crop damage reports were received which helped to strengthen the market, but the chief reason for the buoyancy was the constantly increasing demand for cash grain. Cash sales of 105,000 bushels were closed here and a charter was closed to ship 100,000 bushels more at the opening of navigation. St. Louis and Kansas City also reported brisk bidding for the cash grain. From \$1.18 1/2, the low point at the opening, the May delivery advanced to \$1.21, while July sold up from \$1.07 1/2 to \$1.08 1/2. Final quotations on May were at \$1.20 1/2 and on July \$1.08@1.08 1/2.

The corn market was helped materially by the bulge in wheat and by the popular bullish sentiment prevalent in the grain markets generally. The close was firm at net gains of 3/4¢ to 1 1/2¢. May being at 67 1/2¢ and July at 64 1/2@65 1/2¢.

Oats exhibited considerable strength, being influenced by the advance in wheat and corn. The close was firm at net gains of 1/4¢ to 3/4¢. May at 55 1/2@55 5/8¢ and July at 48 1/2@48 3/4¢.

Is the Place for Your Home

THERE is no place like home and, consequently, there is no place like Hammond addition. It is beyond all question the most desirable location for a beautiful home that there is in the west. It is unnecessary to talk to you about the advantages of Missoula; you know them; you realize that Missoula is by long odds the best city in the west. It follows, then, that in offering you the best residence lots in Missoula, we are offering you the best proposition in the west. These lots possess the advantages of location, exclusive surroundings, beautiful view, assured environment—everything that you could ask for in a residence site. The lots are not sold singly; hence the lawns and yards will always be large. Each purchaser must agree to build a house above a fixed minimum cost; hence the homes will all be beautiful. Call and investigate.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—It pays better. But you are thinking of the cure, not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medical Edition, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing esp. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
