

TARIFF COMMISSION IS KIND

FRENCH BODY AGREES TO SEVERAL CONCESSIONS AFFECTING UNITED STATES.

Paris, April 4.—The tariff commission, as the result of violent protests from home and foreign interests, especially England, has agreed to certain amendments covering chiefly the metal and textile schedules. It is learned that several notable concessions have been made in favor of the United States. The maximum duty on heavy agricultural machinery, practically all of which comes to the United States, which originally was increased from 15 to 16 francs per hundred kilos, has now been reduced to 12 and the maximum from 14 to 8.

ATTORNEYS EXPECT TO GET JURY

THIRTEENTH WEEK OF CALHOUN TRIAL IN SAN FRANCISCO BEGINS TODAY.

San Francisco, April 4.—With every expectation of completing the jury this week, attorneys engaged in the trial of Patrick Calhoun, president of the United Railroads, will enter tomorrow upon the 13th week of the case. Since the effort to secure a jury was undertaken, on January 12, another department of the court has been involved through an injunction issued to restrain the search of the offices of the United Railroads by the prosecution, and Superior Judge Murasky will hear evidence tomorrow and argument for and against the allegation that three attaches of the district attorney's office and a sergeant of police were guilty of contempt in disobeying an order of the court while the raids on the corporation's offices were in progress.

Tomorrow's special venire, the 31st summoned in the trial, will bring the total number of citizens subpoenaed as takers up to 2,130. Of these about 1,900 have been excused by the court for various reasons and 805 have actually been examined in the box. Six jurors were impeached and discharged after acceptance and eight have been excused upon peremptory challenges, of which the prosecution retains one and the defense six. In the event that Judge William Lawlor allows the application for a 13th juror the prosecution will have two peremptories and the defense eight.

The typewritten record of the case already consists of 56 volumes, which make a pile nearly three feet in height. There are 8,850 pages of manuscript, containing approximately 2,165,000 words.

PARIS LABOR MAKES MOVE IN CAMPAIGN

Paris, April 4.—The revolutionary labor organizations have made another move in their campaign against the government. A meeting attended by 15,000 workmen was held today on the initiative of the union of electricians and masons, M. Pataud, secretary of the Electricians' union, and M. Yvetto, a leader of the General Confederation of Labor, and several labor agitators made revolutionary speeches. It was decided to appoint a central strike committee, the composition of which will be kept a secret. The committee is empowered to call a general strike.

OLD PROSPECTOR DIES.

Stillwater, Okla., April 4.—John McGrain, 78 years of age, who in the early '50s drove an ox team to the California gold fields and later joined the gold rushes to Australia, New Zealand, Africa and Alaska, died here today. Though 65 years old, he joined the Alaskan fortune hunters and dragged a sledge many miles across the snow and ice.

SPECIAL COMMITTEE REPORTS

INVESTIGATIVE BODY TELLS THE CIVIL SERVICE LEAGUE OF SITUATION.

New York, April 4.—The report of the special committee appointed for the National Civil Service Reform League to investigate the political activity on the part of office holders was made public today. The conclusions of the committee, briefly stated, are that charges made by certain newspapers to a great extent are sustained. A notable exception is reported in the allegations that Mr. Roosevelt coerced certain federal office holders into the support of Mr. Taft for the republican nomination. The committee finds no evidence to sustain the charges made. On the contrary, ex-President Roosevelt is credited with advancing civil service reform by so amending the civil service rules as to prohibit employees in the competitive service from taking part in political campaigns.

On the broad question of office holders' pernicious activity in politics, however, the committee finds that a most undesirable situation exists. Of the more than 300,000 general office holders one-third are not amenable to civil service classification. These often exercise a powerful influence in politics and constitute, in the opinion of the committee, a menace to free institutions. The remedy is to be found, the committee believes, in extending the classified competitive service and a clearer definition of the executive order governing political activity in the unclassified service.

OFFICERS ARE FEASTED.

New York, April 4.—The officers of the naval tender Yankton, happily dubbed for the occasion advance agents of the "round-the-world battleship fleet," because this vessel preceded Admiral Sperry's ships on their cruise, were given a dinner at the Hotel Astor tonight by the Friars. The membership of the Friars is recruited from among advance and press agents, hence the title given the guests.

LIQUOR QUESTION IS CAUSE OF FIGHT

Wellsville, O., April 4.—Four persons were injured in a fight today between members of the Good Citizens' league and men who had been drinking on a houseboat anchored in the Ohio river, 60 feet from Wellsville, but in West Virginia jurisdiction. The Ohio authorities have been claiming jurisdiction over the sale of liquor close to the shore. A boat, said to have been well stocked with liquor, anchored 60 feet from shore. During the day skiffs and small boats were busy plying between the shore and the boat with passengers, while the shore was lined with men. Members of the Citizens' league appeared and the liquor sellers, suspecting interference, started a fight. Revolvers were drawn and many shots were exchanged. The police interfered and made several arrests.

"AUTO CHASERS" ORGANIZED.

New York, April 4.—The recent wholesale maiming and killing of people by reckless chauffeurs running their cars at excessive speed through the city streets culminated today in the organization of a special squad of "auto chasers" by Police Commissioner Bingham. These, mounted on fast motor-cycles, arrested 65 chauffeurs for exceeding the speed limit.

WASHERS' UNION GETS BUSY IN BOSTON TOWN

Boston, April 4.—The growing prohibition sentiment throughout the country was discussed today by the executive board of the New England branch of the Hotel and Restaurant Employees and of the Waiters' International alliance, which met here to formulate plans for the national convention in Minneapolis in May. The meeting adopted a resolution calling for a law granting a permanent license system to all cities of 50,000 or over; a bill limiting local option to municipalities and towns with a population of less than 5,000; each municipality to have complete control of the license commission and two-thirds of the fees to go to the town and one-third to the state.

POSTAL CLERK PINCHED FOR CONFIDENCE GAME

Washington, April 4.—Charged with obtaining \$40,000 under false pretenses while engaged in business at Boise, Idaho, Roy M. Wright, aged 36, a railway postal clerk, said to be a member of a prominent family in Kentucky, was arrested here today at the request of the Boise authorities. Wright says the amount involved is only \$600. He has not learned the exact nature of the charges, but declares that his arrest was brought about by a man from whom he obtained goods valued at \$600, to be shipped to another person, and for which he refused to pay because the person to whom he shipped the goods would not give him the money. He says he is willing to return and stand trial, saying he would have returned voluntarily if he had known that an indictment was out against him. He says he was in the brokerage and loan business in Boise for several years.

COLORADO HAS FIGHT ON LIQUOR

IN MANY CITIES OF STATE PROHIBITION MOVEMENT IS ELECTION ISSUE.

Denver, April 4.—Municipal elections in Colorado outside Denver will be held on Tuesday. In nearly every town the liquor question is the predominant issue, and in many cases the fight has been extremely bitter. The Anti-saloon league is giving the local workers for prohibition its active backing. In most of the cities the parties bear local names. Colorado Springs, "dry" since its foundation because of clauses inserted in all deeds given by General W. J. Palmer, its founder, will fight out the handling of liquor by drug stores.

At Cripple Creek a wrangle in the courts leaves it undecided whether the liquor question will be submitted to the voters. Both parties in Fort Collins are pledged against liquor selling and the voters will find their issue in municipal ownership and civic improvements.

The saloon question will be bitterly fought in Grand Junction. In Boulder the local option question will be submitted. In many of the cities and towns there will be no contest, the candidates having been chosen at public mass meetings and endorsed by all parties.

BOOTH POINTS WAY TO SUCCESS

AGED GENERAL OF SALVATION ARMY TELLS OF LONG OBSERVATIONS.

New York, April 4.—General William Booth, whose 80th birthday is to be celebrated throughout the world next Saturday, has replied to the scores of congratulatory cablegrams with a message to the American people. It follows:

"After passing 80 years in this world, with almost countless opportunities for observing the purpose for which men generally live, and the disappointment they so commonly suffer, it seems reasonable that I should have formed some opinion as to the course they ought to follow if they are to have any real success. "So on this, my 80th birthday, I tell the American people this: "If they will seek the honor of God, the reign of righteousness, the welfare of the friendless people, the riches that endure forever, with the same self-sacrificing activity with which they seek the wealth and pleasures of this world, they will have a good chance of finding that life of satisfaction which now so often eludes them and of building up a pattern nation for the world to imitate. (Signed) "WILLIAM BOOTH, General."

WHEEL HOUSE BURNS WHILE INSANE WATCH

Woodward, Okla., April 4.—Six hundred helpless insane persons were in danger of death this afternoon when a blaze starting from a prairie fire destroyed several buildings of the state insane asylum at Fort Supply, near here. The fire broke out in the laundry soon after the inmates had been returned to their quarters after the noon meal. The asylum fire department was ordered out and every effort made to conceal from the patients the fact that the building was burning. One woman looking out of a window, however, saw the fire and excitedly gave the alarm. The fire spread from the laundry building to the pharmacy supply building, threatening the asylum itself. It took hard work to save the various ward buildings. There was no loss of life. The loss is estimated at \$75,000.

San Francisco, April 4.—Oakland and San Francisco divided honors in a double-header today. Scores: First game—R. H. E. Oakland 4 9 2 San Francisco 3 5 2 Batteries—Wiggs and LaLongo; Browning and R. Williams. Second game—R. H. E. Oakland 4 2 2 San Francisco 7 14 2 Batteries—Boice, Johnson and Thomas; Willis and Berry.

SPORTING FORECAST

Yale's nine will tackle McGraw's men at the Polo grounds at New York on Monday and the following Sunday baseball will be tried out in face of the stringent blue laws in New Jersey, when the Philadelphia Nationals will play the Jersey City Eastern leaguers. The annual court tennis championship series will be played from Monday until Saturday at the Boston Tennis and Racquet club with Jay Gould at Lakewood, the American and British champion, awaiting the result in order to play the winner in defense of his title. Gould's most probable opponent will be Joshua Crane of Boston.

JAPS AT GOLD CREEK START SOMETHING Special to The Daily Missoulian. Gold Creek, April 4.—After having made trouble the night before at their camp near Gold Creek, seven or eight Hawaiians, comprising the lesser faction in extra gang No. 8, last evening at 7 o'clock, seemed to be about to renew hostilities, threatening the Jap foreman, R. Wada, with bodily harm, and it was found necessary by the foreman of the gang, H. A. Thompson, to call officers to the scene. Sheriff J. E. Neville of Powell county, along with Under Sheriff Tom Mullan and Constable Roy Rogers of Garrison, arrived on the scene and arrested four of the little brown men, who gave their names as S. Yamada, T. Hara, R. Wada and H. Furuji. Upon the prisoners was found a sharp jack-knife, well wrapped with cloth, to prevent closing, and a half-pound stick of dynamite, which was
