

### PETITION GOVERNOR INVITATIONS ISSUED FOR VETO TO OFFICIALS

OMAHA CITIZENS DEMAND THAT HE KILL "DAYLIGHT" SALOON MEASURE.

Lincoln, Neb., April 5.—Lincoln was filled today with delegations of Omaha citizens including one delegation of 250 men headed by Mayor Dahlgren, who sought to induce Governor Shallenberger to veto the daylight saloon bill passed by the legislature which limits the sale of liquors in the state between the hours of 7 a. m. and 8 p. m. The protesters argue that the bill is an abrogation of the promise of home rule for the state metropolis.

Temperance workers appeared in force, however, in an effort to have the governor sign the bill. When it was announced that ex-Governor Pointer was dead Governor Shallenberger said there would be no further hearings on the bill today.

The daylight saloon bill was passed in the closing hours of the legislature. Its passage was a surprise to everyone and the sudden death of ex-Governor Pointer, one of its best known advocates, lent a rare dramatic incident to the proceedings.

Governor Shallenberger did not indicate what action he would take on the measure.

### PRESENT AFFIDAVITS DENYING THEIR GUILT

San Francisco, April 5.—Affirming that the attorneys for the United Railroads did not comply with all legal requirements in seeking to prevent a search of their offices by agents of the county attorney's office, the four officials cited to show cause why they should not be punished for contempt presented affidavits today denying that the order of Judge Frank Murasky has been violated, and asking that the court proceedings be dismissed. Before the attorneys for the corporation had replied to the affidavits Assistant District Attorney James M. Hanley undertook to show that Judge Murasky had no authority to interrupt or prevent the raids upon the railroad offices, whereby, it was alleged, it was sought to recover papers stolen from the office of William J. Burns.

### EXCESSIVE TAXATION SAID TO BE THE CAUSE

St. Louis, April 5.—Excessive taxes upon standing timber and not the wastefulness of lumbermen have caused the denuding of the lumber lands in the northwest according to Frederick Weyerhaeuser. He made this statement in response to the attack upon Minnesota lumbermen last Friday in the house of representatives by Congressman Davis. Mr. Weyerhaeuser said lumbermen did not plant young trees to take the place of the old because on white pine they would have to pay taxes from 100 to 220 years before the trees would mature fully and make the best of lumber.

### MEMBERS OF TAFT'S CABINET ARE ASKED TO ATTEND IR-RIGATION CONGRESS.

Spokane, April 5.—Formal invitations to be present at the 17th session of the National Irrigation congress in Spokane the second week in August have been forwarded by R. Insinger, chairman of the local board of control, to these members of President Taft's cabinet:

P. C. Knox, secretary of state; Franklin MacVeagh, secretary of the treasury; Jacob M. Dickinson, secretary of war; George W. Wickesham, attorney general; Frank H. Hitchcock, postmaster general; George von L. Meyer, secretary of the navy; Richard A. Ballinger, secretary of the interior; James Wilson, secretary of agriculture; and Charles Nagle, secretary of commerce and labor.

"We are hopeful that President Taft will honor this congress, which Colonel Theodore Roosevelt has declared 'is undoubtedly the most important of the century' and it is generally believed that the resultant effect of the congress will be the investment of much new capital in Washington, Idaho, Oregon, Texas, Wyoming, Utah, Colorado, Nevada, Arizona and other parts of the country where irrigation is practiced."

"Advices to hand from various parts of the country indicate that the attendance of delegates and visitors will be the largest in the history of the organization, and I may tell you that nothing is being left undone by the executive committee of the board of control to make it the most interesting."

"The program gives promise of being continent-wide in scope and action, tending to solve some of the problems of irrigation, forestry, drainage, deep waterways and good roads is certain to follow, thus benefiting the whole country and it is generally believed that the resultant effect of the congress will be the investment of much new capital in Washington, Idaho, Oregon, Texas, Wyoming, Utah, Colorado, Nevada, Arizona and other parts of the country where irrigation is practiced."

### ACCUSED MURDERER GETS A NEW TRIAL

Helena, April 5.—The supreme court today handed down two opinions, in one of which an accused Park county murderer, Barney Hanlon, is granted a new trial. Hanlon was convicted of murder in the second degree and the supreme court reverses this judgment and orders a new trial on the ground that the evidence tending to show the act to have been in self defense was in error. In the other opinion the supreme court affirms the judgment of the district court of Silver Bow county in the case of Nichols and others against Williams, instituted for the purpose of substantiating an adverse claim filed by the plaintiffs in the land office of this city against an application for a patent for the Lucky Hill lode claim theretofore filed by the defendant.

### ROOSEVELT ARRIVES AT NAPLES

DISTINGUISHED AMERICAN IS ROYALLY RECEIVED IN THE ITALIAN CITY.

Naples, April 5.—Naples is intent today on extending a warm welcome to Theodore Roosevelt, former president of the United States, who arrived here at 1:05 this afternoon on board the steamer Hamburg on his way from New York to Mombasa. It is calculated that fully 5,000 foreigners have come into the city especially from Sorrento and Amalfi, in the hope of catching a glimpse of the distinguished traveler. The Hamburg was given a noisy and hearty greeting from ship and shore as she steamed into the bay and dropped anchor. American flags were flying from the consulate, all the hotels and many private houses in honor of Mr. Roosevelt and ships in the bay are gaily decorated.

Prominent among the yachts in port is the Nahama, with Mrs. Robert Goelert on board.

The American gunboat Scorpion makes a brilliant showing with fluttering flags stem to stern. Mr. Roosevelt will leave the Hamburg at this port and transfer to the steamer Admiral, on board which he will continue his journey to the East African coast.

Interest intense.

As soon as the Hamburg was sighted around Capri the interest in the waiting crowds became intense. The people had congregated along the docks and at various points in the city whence a view of the bay could be obtained, and when the Hamburg was identified a general road of welcome went up from thousands of throats. Handkerchiefs were waved and hats were held high and numerous craft of all kind put out from the shore to surround the incoming liner. The harbor police had taken the precaution to prevent these small boats going too close to the liner, but in spite of these measures several managed to reach the side of the incoming vessel and proffer their offerings of fruits and flowers. Other boats had on board bands of musicians who sang Neapolitan songs to accompaniment of guitars and mandolins. The rails of the Hamburg were lined with passengers who showed every evidence of enjoying the novel welcome. They applauded the singers heartily and Mr. Roosevelt himself could be seen smiling and expressing his appreciation. In the meantime crowds were gathered on shore at every point in the city where it was thought Mr. Roosevelt would pass in the course of his brief visit.

Police Measures.

Stringent police measures are being enforced to keep the people back, not only from the dock where Mr. Roosevelt is expected to land, but from the American consulate and the various hotels where prominent Americans are stopping.

As soon as the Hamburg had come to an anchorage a launch from the Scorpion and the command of Lieutenant Commander Logan, the captain of the gunboat, put out from the arsenal. On board was Ambassador Griscom and the members of his party. Arriving at the Hamburg the visitors were welcomed by Captain Baumeister who escorted them to Roosevelt's cabin.

Mr. Griscom greeted Mr. Roosevelt with great cordiality. Mr. Griscom had a short conversation when he was assailed by the passengers on the Hamburg, especially the newspaper men, with inquiries regarding the preparations on shore to receive the Roosevelt party. Herr Stefesand, the German consul at Naples, was among the first to come out to the Hamburg. He greeted Mr. Roosevelt in the name of the emperor and the German government.

Mr. Roosevelt appeared to be exceedingly pleased with this welcome and sent his homage to the emperor. Mr. Roosevelt has not come ashore from the Hamburg at 2:30 this afternoon. This delay in disembarking is taken to mean that he will not land at all, but will be transferred directly over to the steamer Admiral. This rumor has caused keen disappointment.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Garden City Drug Co., Geo. Freisheimer, Prop.

### LEADER OF MINERS MAY BE PROSECUTED

Frank, Alberta, April 5.—It is commonly reported that President Sherman of district No. 18, United Mine Workers of America, will be prosecuted for organizing a strike contrary to the Lemieux act. The miners of the Canadian American Coal & Coke company signed an agreement Saturday night to continue work. The men of the Hill Crest, Bellevue, Lillie and Maple Leaf mines are parading the streets of Frank, awaiting a settlement, which it is thought will be effected in three or four days.

### RESOLUTION SUBMITTED.

Manila, April 5.—The insular commission's resolution relative to the Payne tariff bill, a full summary of which has been cabled to Washington, was presented to the Philippine assembly today. The measure was referred at once to the committee on federal relations. It is expected that the house will reject the resolution and extended conferences will follow between members of the committee and the committee of the popular branch of the legislature.

### Notice.

All members of the Fraternal Order of Eagles are requested to be present at the next regular meeting, April 6. Business of special importance.

A parading of the products of master minds, domestic adaptations of Parisian gowns and millinery, tailored suits for everybody and Easter requisites of every character, in all the prevailing styles.

Come early in the week and avoid the flurry and haste of the days next receding Easter. Not only can we serve you advantageously, but you will serve yourself best by making your selections deliberately, carefully and, as a consequence, more tastefully.

## Easter Clothing for Men

Not a single point has been overlooked in our Men's department. No matter what profession a man may follow, we have good, reliable clothing here that was made especially for men in his particular walk of life. Clothes may not make the man, but they certainly have a great deal to do with it.

For the conservative man, the business man, the man who is extremely sensitive about his personal appearance, the famous Alfred Benjamin New York-made clothing is cheerfully recommended. These clothes are made for us by Alfred Benjamin & Co. in the great style center, and this enormous concern makes it possible to wear the prevailing New York styles for men today—not a season hence. That these garments are the highest type of fashionable tailoring, best workmanship and handsome patterns passes without question. Very moderately priced from \$22.50 to \$40.

For the dashing young man or college student who desires slightly conspicuous clothing we are prepared—garments that proclaim him a rising and thriving young gentleman. "Harvard Cut" and "Sophomore" clothes meet every demand for the accentuated fashionable cut, high-class materials, novel finish and adornments; modest prices, from \$22.50 to \$40.

Worthy clothing may be had in our "Pile of Style" and other good makes that contain more merit than you would ever expect to find in suits priced as low as \$15 to \$22.50.

## Exclusive Easter Gowns

The most discriminating shopper will appreciate this display of beautiful costumes. They are copies and adaptations of the original Parisian models and are thus suited to the conditions, requirements and means of the average woman. Refined and charming afternoon gowns made up in fancy Foulards and Messalines, with the delightful color schemes that are peculiar to the French artists in dressmaking. Add to all this the graceful lines of the all popular empire effects, all heavily embroidered with silk or silver and gold, satin sashes, exquisite lace yokes and other garnitures. Detailed description, no matter how accurate, could never do them justice. The lines as a whole are very, very pleasing, and we feel justified in saying that nothing quite so rich and beautiful in silk costumes has ever been shown in or about Missoula. The window display shows a very small part of these 50 different models. All these handsome Easter gowns are exclusive with us and are priced from \$20 to \$50.

## Tailor-Made Suits

Our showing of tailor-made suits is very complete. All the new spring materials and colorings are very much in evidence. Every suit is from one of New York's best manufacturers and authorities. Popular prices \$20 to \$40.

# Gorgeous Easter Millinery

Nothing is of more importance to the carefully dressed woman than the selection of her new spring or Easter hat, and justly so, for nothing can make or mar a handsome gown or suit more easily. The fame of our Millinery department has long since established us the leaders in fashionable hats. The season's styles permit of a vast array of pretty hats in both large and small shapes, and our stock was never so complete, permitting us to meet all demands.

Our pattern hats embody all the elegance and artistic color effects that the foremost designers of New York are capable of, and that is saying a great deal. There is a seemingly endless variety of handsomely plumed and appropriately trimmed pattern hats that have just arrived and are on display for the first time. These handsome and highly desirable copies of French models may be had as low as \$4.50, and absolutely exclusive ones from \$12.50 to \$40.

The strength of our Millinery section, however, lies in its extensive assortment of Popular Priced Trimmed Hats. We cannot be excelled by anyone in the individuality and character of our enormous line of trimmed dress hats at \$8.50 and \$10. This line includes the very best shapes, most exquisite trimmings, and the most becoming and desirable colors that it is possible for such a small amount of money to buy anywhere. Moreover, our own milliners are able to present some creations and make alterations that will bring out the lines and contour of the face to the best advantage—a very essential point when we must conform to fashion's decree for the prevailing modes of the season. Exclusive lines of fashionable trimmed hats priced from \$2.50 to \$12.50.

Also, we are showing an extensive line of children's bonnet effects and flats in white, pink, pale blue and cream. Many other new spring shapes and shades for misses and children pleasingly priced from 50¢ to \$5.

### EXCITEMENT CAUSED BY FIERY SPEECHES

Paris, April 5.—The newspapers of Paris show genuine alarm today at the violent character of the speeches delivered at the workmen's meeting held in this city yesterday, urging the workmen to organize against the government.

Public opinion is rapidly becoming terrified, the papers declare the belief that a bloody insurrection is imminent and the statements of some of the speakers that the proletarians would neither fight nor work in the event of a war, is regarded as a particularly alarming predicament.

### STRIKES A DERELICT.

London, April 5.—A dispatch to Lloyd's from Punta Arenas, Chile, says the British steamer Oakbranch struck what is supposed to have been a derelict in the Straits of Westminster and was abandoned in a sinking condition. The first officer and 18 of the crew were landed safely, but the captain and 26 passengers are missing.

The Oakbranch is a vessel of 2,284 tons and sailed from Liverpool for Valparaiso on February 24.

### WASHINGTON PEOPLE SEE MANY WILD DEER

Spokane, Wash., April 5.—Charles Campbell, a merchant of Spokane, reported on his return from Milan, Wash., where he visited his home-stand, that a band of 40 deer was seen recently by ranchers at the foothills of Old Baldy mountain, less than 40 miles north of Spokane. James Cooper, living near Milan, says he saw 20 deer in the northern part of Spokane county a few days ago. The animals, he believes, were driven to the lowlands for food. The snow on Old Baldy is unusually deep this spring, and can be seen from the city on clear days. Deer are protected by the state game laws until 1912, hence no effort is made to kill them, but it is not often that they come so near. Tom B. Hopper, a veteran bear hunter, says that deer is more numerous in Washington today than at any time since 1900, but he is in favor of protecting them until 1915 and then limiting the kill to one male animal for each licensed hunter, thus providing good sport for years to come.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. Garden City Drug Co., Geo. Freisheimer, Prop.

After deliberating for over a year, a commission representing the governments of five German states, the population of which is one-fifth of the whole empire, has recommended a standard shorthand system.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Garden City Drug Co., Geo. Freisheimer, Prop.
