### LOGAN HAS LETTERS OF CHEER

THE MAIL BRINGS THE MAJORITY WORDS OF ENCOURAGEMENT.

Yesterday's mails brought to Mayor-elect Logan a lot of congratulatory letters from various parts of the state, supplementing the spoken words that were said the day before. These letters were from political and personal friends, each of which predicted for Mr. Logan a successful administration and extended to him good wishes. There were also letters from Missoula people who had not seen Mr. Logan or who are not personally acquainted with him. Some of these local letters were specially pleasing on account of the cordiality of their expression and the faith which they declared in the effort which is to be put forth to make Missoula a better and bigger city.

From Washington Senator Dixon sent this telegram: "Mayor Andrew Logan—I congratulate you on your election and also the people of Missoula on having a mayor whom I believe will use his best endeavor toward giving them an honest, business-like, progressive and clean administration of their affairs." The mayor-elect was not bothering much about politics yesterday. He had his own business to look after, and he has been campaigning for so many days that it required special attention. Last night he stated that he had not given the matter of the selection of appointive officers enough thought to enable him to reach any conclusion, except in the matter of city clerk; to this office Mr. Logan expects to nominate Mr. Kemp, the present incumbent. Aside from this, Mr. Logan said he would have to consult with others before he made any statement.

#### AUXILIARY MEETS.

Ladies' auxiliary to B. of R. T. held its regular meeting in the I. O. O. F. annex Wednesday afternoon. After the ladies were assembled at the hall they gave Sister Eddins a sheet music shower as a farewell surprise. She expects to leave soon for her new home in Wallace. One candidate was initiated into the mysteries of the order. Eighteen members were present. After lodge a delicious lunch was served in honor of the new member.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's family Pills for constipation.

### Don't Forget the Hen

She is a producer and lucky is the man who owns a few. We have a hen ranch, and it is a dandy. Three acres one mile from the corner of Higgins avenue, and joins platted part of city. A fine 4-room house, plastered, and in first-class condition, wood shed and granary, two large chicken houses and fine brooder house, 60 fruit trees, mostly bearing. Fine shrubbery and flowers; good fence and water right. With the places goes all kinds of tools, 200 thoroughbred hens, household furniture. You can work in the city and live on this property, and if you take care of your hens they will make you this property clear in a few years. Price, \$3,500, terms.

### MISSOULA WILL HEAR BRILLIANT TALK

DR. THOMAS E. GREEN IS SAID TO BE ONE OF THE BEST SPEAKERS IN AMERICA.

The lecture at the Harnois theater on Saturday evening will offer the first opportunity to the people of Missoula to hear one of the most brilliant lecturers of the present day. This lecture will not be one of those sold to committees on the reputation made in a past generation, but will be a live, vigorous treatment of things of the most vital present day interest. This lecture will not be a mere collection of disconnected selections from the successful jests and stories made by the lecturer in the course of his career, nor will it be a mere exhibition of eloquence nor of an egotistic personality. It will not be an appeal to ignorant or interested prejudices of any kind, but, if the lecturer repeats the impression which he has elsewhere made upon the minds of some of the residents of Missoula who have heard him, it will be a keen, witty and eloquent presentation of things of fascinating interest and will pay the audience the compliment of considering their intelligence equal to the best thought of one of the most polished and vigorous thinkers on our platform. Some of his hearers give assurance that in their opinion Dr. Green is unsurpassed in magnetic and inspiring eloquence. Of distinguished bearing and compelling personality, this lecturer is no mere professional entertainer, but a man of affairs who has distinguished himself as the rector of one of the greatest Episcopal churches in the west, and also a profound student of affairs. It is out of such and other experiences that Dr. Green has in the recent past made a platform career seldom equaled in the quickness and completeness of its success. This success is built upon the appreciation of the American audience for rare ability and uncommon personality.

His lecture on "Civic Bacteriology" will be a revelation in the art of investigating the common things of observation with the magic of eloquence and the significance of keen analysis. It is confidently predicted that the lecture will serve not only to awaken the deep interest of students in the subject, but as a model of the platform art.

### "HUMAN LIFE OF GOD" IS TOPIC OF SERMON

Another large and attentive audience was present at the First Methodist Episcopal church last night. The addresses from evening to evening are out of the usual order. "The Human Life of God" was the subject of discussion last evening. The speaker laid stress upon the fact that as in times past the divinity of Christ was emphasized, often at the expense of His humanity, so in these later days there was danger in the opposite direction, or emphasizing His humanity at the expense of His divinity. A safe middle course was urged, and then from the life and teachings of Christ was shown how much he had in common with men. He hungered, He thirsted, He sorrowed, He was forsaken. He had to stand by himself, decide for Himself and bear His own individual burdens, just as each one of us must do the same things. The address was replete with suggestive and striking analogies. Tonight Mr. Mills will speak on the words, "It is Finished."

### INSTRUMENTS OF RECORD

The following instruments were filed yesterday in the office of the county clerk:

### Joe Fitzgerald's Toggery

If the compliments of those who have already bought and those who have looked and will buy as soon as the weather turns on the heat, counts for anything my store will make a beehive look like 2 cents this spring.  
My goods are right, my prices are right and so am I—so why shouldn't things hum.  
Easter fixin's for men are awaiting their selection—and the choice of shirts, neckwear, Sox, underwear and hats embraces everything from the best makers in the world.  
Whether you favor me with your business or not you should at least, in justice to yourself, look my goods over before parting with your shekels elsewhere.  
Yours truly,  
JOE,  
223 Higgins Ave.

### RECOMMENDS ELECTRICITY.
