STATE RESTS CASE AGAINST NICK MONRO

The case of the state against Nick Monroe, the Greek leader accused of extortion, which has been on trial before Justice of the Peace Small, came abruptly to a close yesterday, when the county attorney announced that the state rested its case, and would examine no more witnesses. Immediately afterwards the attorney for the defendant, J. L. Wallace, made a motion to dismiss the charge on the ground that the defendant was an employment agent, and as such had a lawful right to accept money from the other Greeks. The justice took the motion under advisement for a couple of days, and will not render his decision until he has gone over the briefs in the case.

INTERESTING PROGRAM FOR WOMEN'S MEETING

The program for the session of the Women's club this afternoon will be an interesting one. Miss Margaret Marlon Wheeler will give a talk on "Tuberculosis," and Miss Mary Stewart, dean of women at the university, will read a paper on a very interesting subject. Miss Bernice Berry will furnish the music for the afternoon.

"I'd Rather Die, Doctor, than have my feet cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead, he used Bucklen's Archa Salve till wholly cured. Its cures of Eczema, Fever Sores, Bolls, Burns and Piles astound the world. 25c at G. Freilshelmer's.

SERMON BY DR. EDWARD LAIRD MILLS ENDS SPECIAL SERVICES OF METHODISTS.

The series of services that have been in progress in the Methodist church for three weeks closed last night. The first week the pastors of the local city churches preached in turn. The second week Rev. Dr. Jacob Mills of Helena preached each evening. This week the Rev. Edward Laird Mills, superintendent of the Butte district, occupied the pulpit each evening, giving a series of talks on the last week of the earthly life of our Lord. The scripture text last night was "Father, Into Thy Hands I Commend My Spirit," and the topic of discussion was, "The Logic of Life." Mr. Mills said that this last act of Christ's in which He commended His spirit into the hands of His father was just what might be expected. It was the natural, logical issue of a life such as Christ lived. He came not to do His own will but the will of the Father who sent Him, and when He had finished the work, accomplished the mission on which He had been sent, how natural for Him to say, "Father, Into Thy hands I commend my spirit."

DEATH OF A CHILD.

The infant daughter of Mr. and Mrs. A. B. Gardner of Clinton died yesterday at the infirmary of Dr. McCall. The funeral will be held at 2 o'clock this afternoon from the Lucy chapel. Rev. J. W. Tait of the Methodist Episcopal church officiating. Interment will be in the Missoula cemetery.

GOING TO HAMILTON.

A. B. Maxwell of Chicago spent last night in Missoula. He is on his way to Hamilton, where he takes a position on the Ravalli Republican.

EASTER BALL PLANS ARE ALL COMPLETED

Today and Monday and the time of preparation for the Easter ball will be ended. Monday night the Woman's club will entertain at the real, genuine, sure-enough Easter ball of the season. The women in charge of this work have been industrious all the week, and not even the thought of Easter gowns and new hats have been able to divert them from their work. For this ball is depended upon to give a good start to the fund for the construction of the new club building that is now the dream of the members, but that will be a reality before long if the plans now forming are successfully carried out. There will be a specially pleasing program at the Easter ball, the music will be the best ever and the decorations will be artistically beautiful.

LOCAL SOCIETY

An Easter social was held on Tuesday evening at the Norton's Missoula business college by the pupils to commemorate the recovery and convalescence of Fred Carlson and to present to him a fountain pen as a mark of their appreciation. The honored guest was unable to attend in the evening but came for a few minutes in the afternoon and to receive the souvenir. The refreshments supplied by the pupils were so plentiful that an impromptu gathering at lunch on Friday was necessary to assist in removing the good things provided. This meeting of pupils was the first social for many months past, and warm promises were announced that many more such happy gatherings will be held this spring and coming summer.

Handsome Appointed Dinner.

Dr. and Mrs. W. P. Mills were host and hostess at a handsome appointed dinner at their home in South Missoula on Thursday evening. The table was decorated with carnations and ferns and lighted with candles. Dishes were laid for twelve, and a delicious menu was served. Those present to enjoy Dr. and Mrs. Mills' hospitality were Mr. and Mrs. C. M. Allen of Lolo, Dr. and Mrs. J. P. Rowe, Mr. and Mrs. Kenneth Ross.

Busy Idlers.

The Busy Idlers club was pleasantly entertained by Mrs. Raymond Dodds at her home on Brooks street yesterday afternoon. After the usual number of hands of whist had been played, luncheon was served and prizes were awarded. A set of opera-glasses, the first prize, was captured by Mrs. Davis Graham, and the consolation, a pitcher, by Mrs. Will Anderson. Twelve ladies were present.

HOLDS TAYLOR GUILTY.

Toledo, O., April 9.—Coroner Hensler today rendered his verdict in the Krueger murder case, holding Michael Soboleski, a tailor, responsible for the deaths of Ludwig Krueger and his wife, Augusta, whose bodies were found burned in the cellar of their home after it had been destroyed by fire on the morning of April 1. Soboleski says he had purchased the Krueger farm, west of Toledo, and that he visited the Kruegers the evening of March 30.

NEW BREAD WON'T HURT YOU EXPERIMENT PLANNED FOR LOLO

YOU LIKE IT BUT DON'T DARE IT NOW FOR FEAR OF INDIGESTION AND DISTRESS.

Miserable is the man or woman who suffers from dread indigestion or dyspepsia. There are few diseases which create such misery, long drawn-out suffering, as indigestion. It pursues them before meals, after meals and between meals; they take it to bed with them. It is with them wherever they go, though indigestion is the simplest disease of all to cure. Tell such afflicted ones, dear reader, of Pape's Diapiesin; urge the sufferer to go to any Pharmacy here and give 50 cents for a case. Such a sufferer would ever bless you, because five minutes after taking there would be no more indigestion no feeling like a lump of lead in the stomach, or heartburn, or fullness and discomfort of Sour Stomach, Debilitating Headache, Nausea, Water Brash and other symptoms of a sour, disordered stomach. Pape's Diapiesin will digest anything you eat without the aid of the Stomach. Diapiesin is a wonderful Stomach purifier and splendid to keep the intestines clean and fresh; then your food will not ferment and poison your breath with nauseous odors. Diapiesin will rest the stomach and increase the gastric juices; this is what is mostly needed—more and better digestive juices—and no Gas—then indigestion and all stomach trouble will go. Each 50-cent case contains sufficient to usually thoroughly cure the most chronic dyspepsia.

WILL SHIP HIM OUT AT ONCE

FRANCE WILL PUT CASTRO ON BOARD A BOAT AND START HIM TOWARD EUROPE.

Washington, April 9.—The French government has informed the state department of its determination to put into effect immediately its decision to expel former President Castro of Venezuela from Fort DeFrance, and compel him to return to Europe. The program is to put him aboard the vessel first touching at Fort DeFrance. If this is carried out, Castro will be on his way to Europe in a day or two unless his physical condition is such that an ocean trip would put his life in jeopardy. The state department officials are much gratified in the manner in which the French government has acted, and feel relieved that Castro is to be sent back to Europe, where he will have no immediate influence in the affairs of Venezuela, where his personal following is believed to be considerable.

CLEVER ENTERTAINERS PLEASE AT THE GRAND

On the program at the Grand it says that Miss Temple of the team of Temple & O'Brien holds the world's championship medal for buck and wing dancing. That may be, and it's a cinch that last evening's audiences would have been willing enough to present the young woman with the medal anyway. She is exceptionally clever with her feet and her partner helps a lot. A laughing farce "Twins," is presented by the Hickman-Miller company, composed of C. C. Lydston, Pearl Hickman, Harry Lancaster and Jessie Miller. The moving pictures are good and Fred Potter has a good song. The Grand will have a matinee this afternoon and an extra performance this evening.

RAILROAD OFFICIALS SUMMONED TO TESTIFY

Salt Lake City, April 9.—In preparation for the hearing of testimony in the government's suit to dissolve the Harriman railroad merger, many railroad men are being served with subpoenas. Joseph G. Oglesby, former district freight agent for the Union Pacific, and S. H. Babcock, in charge of the Commercial club's traffic bureau, are among those summoned to appear before Special Examiner Sylvester A. Williams, when he sits here April 27. Ralph A. McKenzie, a secret service official, is in the city and is said to be directing a search for evidence in support of the government's case.

KNOCKS OUT WARREN.

Paris, April 9.—In a boxing contest here tonight Sam McVey, the American heavyweight pugilist, knocked out "Bill" Warren, an Englishman, in the second round.

Not Sisters

New and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so inferiorly associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks. No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as strictly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N.Y.

NATIONAL FOREST WILL BE RE-FORRESTED TO REPAIR DAMAGES BY FIRE.

In order to reforest the large amount of burned area on the national forests, the forest service is planning to carry on experimental work in planting and sowing tree seeds which will form the basis of work on a larger scale later on. On the Lolo national forest it is roughly estimated that there are from 150,000 to 200,000 acres of burned land which is not reproducing to forest and which will remain barren until artificially reforested. Experimental work will be carried out this year on three areas located respectively on Petty creek, in the vicinity of St. Regis, and at Borax. Experimental plots have been laid out in the form of narrow strips 19 chains long and one chain wide. Each plot will be devoted to a different form of seeding, or planting. On one strip tree seed, which was gathered by the rangers last fall, will be sown broadcast on the snow. On another strip the ground will be broken up with mattocks in "seed spots" about one foot in diameter and spaced four feet apart on the seed sown in the broken ground. Other strips will be devoted to planting nursery grown seedlings. For this purpose, 2,000 yellow pine transplants 3 years old have been shipped from the forest service nursery at Halsey, Nebraska. This will be sufficient to plant two acres. In the future the Lolo forest will be able to supply its own nursery stock. This spring a small nursery consisting of about 75 seed beds is to be established at the ranger station near St. Regis. This will be gradually enlarged in future years. Forest assistant M. N. Stickney is now at the Petty creek ranger station engaged in carrying out the experimental work at that place. The planting will be done at St. Regis and Borax as soon as the snow goes off.

SINKING OF VESSEL NO LONGER DOUBTED

Cleveland, Ohio, April 9.—There is no longer any doubt that the tug George Bloss with her crew of six and three passengers sank in Lake Erie during Wednesday's gale. Those on board the Bloss were: Captain William Barry, Captain John Daxley, Engineer Fred Gilbert, Pack Mackenzie, Frank W. Esselher, Henry Anderson, John O'Donnell, Joe Martin and Abner Campbell. The last three named were passengers. All the men but Esselher lived in Cleveland.

HOW TO BE FREE FROM PAIN

It's a wrong to try yourself and to those dear to you to suffer the tortures of Rheumatism—it's not brave or courageous to endure in silence when there is sure relief. You must be at stake for you to put it off. In a month or year from now, agony may have twisted fingers or limbs into such aching knots, and drive away every twinge or ache—loosen up the stiffened joints—give new flexibility to strained and tortured muscles. These pills are made from healing roots and herbs which dissolve the poisons of Rheumatism, and then strengthen and gently stimulate Kidneys, Liver and Bowels, so that these poisons are passed from the body—and your aches and pains along with them.

Hill's Rheumatic Pills

Have been in use for 75 years without a single change in the formula. They are the only remedy we know which really cures Rheumatism without leaving trouble just as bad in its place. Hill's Rheumatic Pills are purely vegetable. They contain no harmful minerals, such as iodides and salicylates, to upset the digestion or weaken the heart. They cure by aiding nature to throw off the poisons which cause Rheumatism. It only takes a short time and you are free from every ache and pain and feel years younger as the deadly uric acid poison is dissolved and passed off as nature intended.

We have letters from over 15,000 grateful people who have been freed from pain and made well by this wonderful discovery.

Test Them Free

We realize that there are hundreds of worthless nostrums on the market—that you may have been deceived into trying them and derived no benefit. If so, you have a right to be suspicious. To all such we will give a liberal sized package of Hill's Rheumatic Pills for a letter or postal describing their case. Address the letter to Bellenger & Co., the makers, Dept. 100, Minneapolis, Minn. The package will come prepaid. Pay nothing then or at any time. When you find the aches and pains going, and see yourself becoming better and stronger each day—then you will KNOW, and BELIEVE, and will be as anxious to continue the remedy and be cured as we are to relieve your suffering. You can then secure these Pills from your home druggist, George Felsheimer.
