

# 15 Acres-- Orchard and Orchard Land

I am offering for sale in this 15-acre tract without doubt the greatest bargain that is on the market today, fifteen acres of excellent level land; fine soil, good water right, not over two and one-half miles south of Missoula; 4 1/2 acres in bearing orchard, all fenced; splendid well, all kinds of small fruits, good level road to town. This tract is well worth \$5,000 at the price other lands are selling for, but for a short time I am offering it at \$3,750

## OPERA'S SEAT SALE OPENS THURSDAY

INDICATIONS ARE THAT "THE TALK OF THE TOWN" WILL DRAW WELL.

Last year during the holiday season Donald McDonald staged the opera, "The Talk of the Town," at Saginaw, where it met with the greatest success. Mr. Burt of that city then offered Mr. McDonald \$500 to remain there a few days longer and put on the play again, in order that many who had not seen the first performance might have a second chance. Mr. Burt is a man who could well stand the expense, and his idea was to cut the prices down so that the poorer people of Saginaw might for once, at least, have an opportunity to see a good opera. But Mr. McDonald had contracted to stage "The Talk of the Town" for the University of Virginia, and had only two weeks in which to train the troupe, so, of course, was unable to give the Saginaw people a second performance.

This same play, "The Talk of the Town," with which Mr. McDonald has had such great success in staging at other places, is to be presented at the Harnois Friday, April 16. The seat sale will open tomorrow, Thursday, morning at 9 o'clock, and from all appearances there will be a rush at the box office.

If we are to judge from the reports that follow Mr. McDonald from all parts of the country and the success of his play in other places, we may be assured of the quality of the performance Friday evening. Mr. McDonald feels very well pleased with the talent he has found in Missoula, and is confident of the success of the play.

An alumnus of the University of Wisconsin passed through Missoula yesterday and was asked if he knew Donald McDonald, who is a graduate of and has staged several plays for that institution. He said that he knew Mr. McDonald in his work, and if he put on the same play that he staged in Madison it would certainly be a great success.

## NEW ACT EXPLAINED

The register and receiver of the local land office have received a letter from Commissioner Fred Bennett of Washington, D. C., regarding land entries under the new homestead act of February 19, 1909. The commissioner says that it has come to the notice of the general land office that some of the entries for lands under this new act, contrary to instructions, the entries, after their acceptance, being suspended indefinitely. Full instructions as to the new act have been prepared, but have not as yet been printed and, consequently, are not ready for distribution. The following is an extract, sent out in advance:

"From time to time lists designating the lands which are subject to entry under the new act will be sent you, and immediately upon receipt of such lists you will note upon tract books opposite tracts so designated, 'Designated-Act February 19, 1909.' Until such lists have been received in your office no application to enter shall be received and no entry allowed under this act."

## WORK ON BIG BRIDGE MAKES SHOWING

PROGRESS ON HIGGINS AVENUE PASSAGEWAY ATTRACTS ATTENTION.

The work on the big bridge is making a better showing lately than ever before; this is due, no doubt, to the fact that the work is now nearly all above ground, where it can be seen and the results of a day's operations are more satisfactory to the crowd of onlookers than when the pile-drivers were sending the big cedar logs down to bedrock and the concrete men were at work on the footings for the piers. Yesterday workmen started on the removal of the last of the wooden portions of the old bridge on the north end, preparatory to beginning the fill back of the big concrete abutment. The coffee dams on the three piers that are in the current are in good shape now; each one of them is holding out the water so that the pumps are able to keep ahead of the river. On the south side the piling is all driven in one of these dams and the second one is nearly ready for the concrete work, which will be started as soon as the last of the piles are driven.

On the north side of the river where the flow of water has been giving a good deal of trouble, the pumps yesterday did better than to hold their own and were easily able to keep ahead of the run from the river. The pile-driver will be shifted to this side as soon as the second pier on the south shore is driven. Then the concrete work will follow as quickly as possible. Meanwhile the concrete workers are making a good showing on the middle piers that are strung along the island and they will be disposed of at an early date.

Word has been received from the steel for the superstructure, which is to be shipped from Toledo. This will be here within 30 days and the present indications are that everything here will be ready for it as soon as it begins to arrive. Plans are being made to take care of it as fast as it comes and if the water in the river behaves a little while longer, there will be no trouble on this score. Things are in excellent shape at the bridge and the work is being pushed as fast as men can do it. The new pumps which were received early in the week make it possible to work inside the coffee dams to better advantage than before and the last cause of delay has been removed.

## TOUGH SMOKE IS TOLD TO SCALE THE MOON

Yesterday the charge of assault against D. J. Russell was dismissed by Judge Webster on motion of County Attorney Mulroney. Russell, who stabbed Richard Kelly, an inmate of St. Patrick's hospital, is about the toughest proposition that has ever conferred his presence upon Missoula, and the authorities are anxious to get him out of the country. Yesterday Russell promised to go far and keep on it released, and today a railroad ticket will be given him with the compliments of the county commissioners.

## EMBEZZLEMENT CHARGED BY WALLACE LAUNDRY

Sheriff Graham left yesterday for Helena to get regulation papers for George Hubbard, who was told in yesterday's edition, is now under arrest in Lewiston, Idaho. Hubbard is charged with having appropriated \$630 belonging to the Wallace Steam Laundry company. He was the agent of the company at Taft and, it is claimed, failed to turn in his collections.

## THE WEATHER

Yesterday's weather could have been much pleasanter, although Silas Cortness is probably tickled "most" to pieces. The weather was chiefly rain, with just a little snow and hail. The observations:

Maximum	48
Minimum	49
At 6 a. m.	
Thermometer	44
Barometer	26.55
At 6 p. m.	
Thermometer	42
Barometer	26.69

Wind from the south; 92 of an inch precipitation. The temperature at midnight was the same as at 6 a. m., 48.

## TAKEN TO HOSPITAL

A. Spanberg, who has been working as brick mason in Missoula for several months, was taken to St. Patrick's hospital yesterday to be treated for pneumonia. Spanberg's condition is considered very serious and his wife was called here from East Helena yesterday morning.

## IS SEEKING BOOKER.

Sheriff Graham yesterday received a letter from Mrs. May Stanton of Pringle, S. D., asking him as to the whereabouts of Vere Booker, whose mother is ill at that place. It is thought that he may be in the employ of some cow outfit in this locality.

## WEDDING COUPLE LEAVE.

Abiscott Yumapine, the young Indian who was married Monday evening to the girl of his choice, Ellen Campoo, by Justice of the Peace Dyson, left yesterday with his bride for their home on the reservation.

## EVERYTHING WILL THEN DIGEST

DON'T STARVE YOURSELF—A DISTENDED STOMACH GRUMBLES FOR A GOOD EAT.

Some people think they have indigestion, others catarrh of the stomach, others nervousness, cancer or dyspepsia, etc. Call it this if you will, but the real name for your trouble is food fermentation, with only partial digestion. Everything you eat turns to either acid, stomach gas or stomach poison, which weakens the digestive organs, causing a lack of gastric juice. Your food soured, is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, burning sensation, a feeling of vomiting, heartburn, water brash and tenderness in the pit of the stomach, slimy tongue, bad taste in the mouth, constipation, nausea, belching of gas, dizziness, sick headaches, mental depression and many other common symptoms.

You can cure all this by not eating, by not putting any food in your stomach to ferment; but how about the nourishment needed to sustain your bodily strength? If you are a stomach sufferer, either man or woman, young or old, whether you call it indigestion or any other name, go now to your druggist and give 50 cents for a case of **Pape's Diapesin**.

Every possible kind of stomach trouble is cured by Diapesin, which takes right hold of the food in your stomach and digests it alone, without the help of the stomach, just as if your stomach wasn't there.

After a few days' use of Diapesin your stomach will again be in good working order, your meals will be thoroughly digested and your intestines will be clean and fresh, and you will have no use for laxatives or liver regulators.

## FORMER OFFICIALS ARE DEFENDANTS IN SUIT

The case of Thomas S. Boggs against H. B. Campbell et al. was called in the district court yesterday morning, and before the day was done the plaintiff's testimony had all been introduced. The plaintiff claims that he was thrown into the calaboose at Taft by Deputy Sheriff Pat Callahan and that he suffered various indignities at the hands of the former official. Mr. Campbell and his bondsmen are made parties to the suit, which demands damages in the sum of \$5,000. Mr. Campbell being held responsible for the action of the Taft deputy, who was one of the ex-sheriff's appointees. The case will probably go to the jury today.

## COMMITTEE'S REPORT IS DELAYED A WEEK

The second meeting of the Missoula County Automobile club was held last night at George Brooks' office for the purpose of hearing the report of the committee on by-laws, which was appointed last week and was to get things in shape for a final organization. The committee, however, asked for an extension of time and so the organization was delayed. The evening was spent in a general discussion of automobile affairs, after which the meeting was adjourned until next Saturday, when it is expected that the committee will be ready to report as to the by-laws.

## Have You Seen It?

We wonder if there is anyone in town who has failed to see the great food demonstrations now being carried on by the Quaker Oats company in the local stores. Everyone should attend at least one of these demonstrations and learn some of the interesting and appetizing things about such foods as Quaker Oats, Quaker Puffed Rice, Quaker Puffed Wheat, etc. The demonstrators will be here for only three more days, Thursday, Friday and Saturday. Crowds are listening with interest every day.

## IN ADVANCE OF "GIRLS."

Whitaker Ray, in advance of Clyde Fisher's "girls," the Shubert show billed for next Tuesday, April 20, at the Harnois, was in the city yesterday. Mr. Ray is full of the success of the show on the coast and is confident that it will make a hit in Missoula.

## IN ORCHARD HOMES.

The Orchard Homes Ladies' Aid society will meet Thursday afternoon with Mrs. August Fischer and a full attendance is earnestly requested.

## Differing in Every Respect
