

Let Your Dollars Work

\$150 Each—On terms of one-third cash, balance one and two years, will buy 12 choice lots on Cleveland street that will sell for \$250 cash in less than one year. This is a certainty and it beats any interest you can obtain.

\$175 Each—On the same terms as above, for 12 choice lots on Stephens avenue, next to where new houses are being constructed. These will surely bring \$250 by September. Don't you think this beats interest.

\$350 Each—For your choice of 20 fine lots, close in, in blocks 55 and 56 on Stephens avenue. These lots are sure to sell for \$500 in one year. These are fine home sites as well as good investments.

\$750—For a beautiful corner, 60x130, on Stephens avenue. A swell building site, an excellent investment. Good terms.

RICH IN MINERALS IS GEORGETOWN

FOREST RANGER TELLS OF DEVELOPMENT WORK IN MINES OF THE DISTRICT.

Charles E. Jarvis, deputy forest ranger on the Missoula forest, with headquarters at Georgetown, has been assigned to duty in the local office for a few days. Mr. Jarvis, in speaking of the Georgetown country, said that there is yet three and one-half feet of snow on the level and sleds are the only means of transportation.

The Southern Cross mine at Georgetown is shipping a carload of ore each day, the mineral being hauled 18 miles in sleds to Brown's Spur, where it is loaded into cars and shipped to Anaconda, and treated by the Washoe smelters. The ore at present averages about \$500 to the ton and is got out in development work in the mine. Besides the ore which is being shipped, the mine officials claim to have 300,000 tons blocked out, awaiting shipment.

Work is also being done in the Cable mine at Cable, over the hill from Georgetown, the operations, however, being all development.

The people around Georgetown and Cable, not to mention the residents of Phillipsburg and Anaconda, are talking much of the prospects for the building of the electric railway from Hamilton to Anaconda. They are confident that, should the road be built, the country would be opened and found to be second, in mineral wealth, only to the Butte district. Many people of that region are firmly of the belief that the road will soon be constructed.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by druggists, 75c.
Take Hall's family Pills for constipation.

Billiken, \$1.
Send to Reeves' Music House, Helena.

DEBATERS ARE READY FOR FINALS

BOULDER AND FORSYTH READY TO CONTEST HIGH SCHOOL CHAMPIONSHIP.

Professor Snoddy of the University of Montana, the president of the Montana High School Debating League, has been busy for the last week with preparations for the final debate of the league, which is to be held here on November 10. The victory of Boulder over Butte last Monday puts Boulder and Forsyth, which school recently won over Helena, in line for the championship. Arrangements as to the sides of the question which the two teams are to take are now being made, and if some agreement cannot be reached through mutual consent lots will be drawn by the president. Boulder would seem to be the better prepared if it comes to a drawing of lots, for it has debated and won both sides of the question, and although the school asked for the negative it won unanimously over Butte with the affirmative. The work of the team which, by the way, is composed of three girls, had been remarkable in that they have won three times, twice on the negative and once on the affirmative with unanimous votes. Forsyth, the other contestant in the finals, has not been so fortunate in the matter of sides, as they have won all three times on the negative, and are, consequently, not so strong on the affirmative. The distance of the date will, however, give plenty of time for preparation and, no matter how the question of sides is determined, the contest will undoubtedly be a good one.

The results of the season's debating shows clearly how much more interest apparently is taken in the debates by the smaller schools than by the larger ones. A contest like this is one in which the smaller schools have an equal chance with their larger opponents, while the big schools are busy with athletics, the students in the schools which are out of the race go to work on the debates.

This is the third year since the league was organized, and the winner this year will be the third school to hold the cup, as so far no team has won twice in succession. Hamilton won the final of the first year's contest and Missoula won the second, so that so far the honors have all been with the western district, and Boulder, another western district, seems to have a shade the better prospect this year.

The prize for the winning team is a silver cup, which is held for a year. Two consecutive victories in succession will give a permanent possession of the cup. None of the victors, however, have been able to repeat the performance of the year before, and so it will be necessary for Missoula or Hamilton to win two more times in order to get the cup for good. Boulder so far has been the downfall of the victors of the year previous, defeating Hamilton last year and Missoula this year in their first debates, and if it can keep up its good work it stands a better show than any to win for good and all.

The opera house has been obtained for the night of May 10, which is the Monday of the orchestral week, and the committee in charge is busy preparing a list of judges to be submitted to the two schools for a selection of the set of three to officiate at the finals.

THE WEATHER

A little sunshine, mixed with April showers, was yesterday. The observations:

Maximum.....48
Minimum.....32

At 6 a. m.
Thermometer.....33
Barometer.....26.69

At 6 p. m.
Thermometer.....44
Barometer.....26.68

Wind from the northwest; .03 of an inch precipitation.

LAND OFFICE BUSINESS

In the land office yesterday Clarence H. Strowbridge of Wisdom purchased for cash the southwest quarter of the northeast quarter of section 20, township 2, south of range 15 west, containing 40 acres, at \$1.50 per acre.

Lavina D. Latimer of Missoula purchased for cash the north half of the northeast quarter and the northeast quarter of the northwest quarter of section 24, township 11, north of range 20 west, containing 120 acres, at \$2.50 per acre.

Jens John Jensen made final proof on a desert land entry for the east half of the northeast quarter, the southwest quarter of the northeast quarter and the northeast quarter of the southeast quarter of section 20, township 1, south of range 16 west. Mr. Jensen is a resident of Fox, in Beaverhead county.

New Beer in Town.

On the town track of the Northern Pacific freight depot is a carload of beer brand "John Gaud's Peerless." This beer will be used in the new Old Missoula hotel, and will be distributed from there. The beer is from La Crosse, Wis., and took the first prize at St. Louis at the world's fair. The Peerless beer will be handled by several of the saloons in the city. The fixtures for the new bar at the Missoula have been ordered; it is to be finished in green marble and will be particularly fine.

Words to Freeze the Soul.

"Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blenkins, a leading merchant of Springfield, N. C. by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks use," writes Mr. Blenkins, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infallible for Coughs and Colds, it's the safest, surest cure of desperate lung diseases on earth. 50c and \$1.00. George F. Fisher, Guarantees satisfaction. Trial bottle free.

DAMAGES ARE LOST TO BOGGS

SUIT AGAINST FORMER SHERIFF AND BONDSMEN IS DECIDED FOR DEFENDANT.

The case of Thomas H. Boggs against H. B. Campbell and his bondsmen was decided in favor of the defendant by a jury in the district court yesterday, the verdict being returned at a few minutes before 6 o'clock. After the examination of a number of witnesses for the defense and the arguments of the lawyers the case, which was put on trial Tuesday, was given into the hands of the jury yesterday at noon. The verdict absolves the former sheriff and his bondsmen from any liability in this matter. Boggs, who was working in Taft as a baker, asked \$5,000 damages, claiming that he had been badly beaten and wrongfully imprisoned by Pat Callahan, formerly a deputy under Mr. Campbell. Mr. Callahan, who, ex-officio, worked as a bill collector, stated yesterday that he was assaulted by Boggs while attempting to collect an account and that he locked the baker up only after being struck several times.

Snell is Arraigned.

Frank Snell, who is charged with criminal assault, was arraigned before Judge Webster yesterday afternoon. He took the statutory time to plead and will come before the court again this morning.

Sued on Contract.

Suit was brought yesterday in the district court against Florence Cyr by Thomas Baird and William Harper, members of the firm of Baird & Harper, for damages in the amount of \$697.66. The plaintiffs claim that Mrs. Cyr has failed to deliver 38,750 pounds of oats purchased of her and that the market price has risen to such an extent that they are damaged to the amount asked. The original contract involved 100,000 pounds of oats at \$1.25 a hundredweight and, according to the complaint filed yesterday, only 101,241 pounds have been delivered. The contract was made on November 5, 1908.

HUNTING LICENSES DELAYED IN PRINTING

Deputy Game Wardens McCormick and Froman are among the busiest men in Missoula right now and their specialty is explaining why the new hunting licenses do not arrive. Yesterday Mr. Froman authorized the statement that the licenses would be here within a few days—some time this week, at the outside—and that the delay was to be blamed on the Helena printing office in charge of the job. Under the new law one needs a license to even shoot gophers and, worse than that, even to fish. As a consequence everybody that has any sort of sporting instinct needs a license and is awaiting for the expected shipment of new ones. Announcement of the arrival of the permits will be made in The Missoulian.

CAN'T CONTRADICT THIS

No Matter What Skeptics Say We Have Proved That Mi-o-na Will Cure Dyspepsia.

Many stubborn people go on suffering from indigestion because they don't believe it can be cured. But it can be cured and here is just one case out of many thousands that has come to our notice. I gratefully acknowledge what Mi-o-na has done for me. I have taken 2 boxes and can say I have been cured of stomach trouble which no one on earth had any worse than me. I have increased in weight. My weight is 129 lbs., the most I have weighed in 14 years. I think that every one who is troubled with their stomach should try this wonderful medicine—Yours very truly, Mrs. Emma Schultz, 747 S. Broadway, Akron, O.

There are any number of thin and scrawny people in this world who are in that condition simply because the stomach is out of order and does not extract the nutritious matter from the food to supply flesh to the bones. If these people would take Mi-o-na tablets with or after meals for a month they would take on good solid flesh just the same as Mrs. Schultz did. Mi-o-na tablets are known the country over as the surest cure for indigestion, belching of gas, sour stomach, coated tongue, sick headache, heartburn and catarrh of the stomach. Leading druggists everywhere sell Mi-o-na. Geo. Frelsheimer sells them in Missoula for 50 cents and guarantees them to cure or money back.

CHURCH IS BURNED.

Nashville, Tenn., April 14.—The Presbyterian church at Fredonia, Caldwell county, was burned last night and Night Riders are suspected.

Notice of Special Meeting of Stockholders

Missoula, Mont., April 14, 1909. Comes Greeting:

A special meeting of the stockholders of the French Bar Gold Mining and Milling company of Missoula, Mont., is hereby called by the president of said corporation, to be held at old Harnols theater, Missoula, Mont., on Monday, the 19th day of April, 1909, at 8 o'clock p. m. This meeting is called for the purpose of hearing the report of engineers who have recently made a thorough examination of all the property owned by the company, and also made numerous chemical tests on the ores, which will be thoroughly explained by the engineer to the stockholders at this meeting. Attest: ALPHONSE LACASSE, President. JOHN LACASSE, Secretary.

Joe Fitzgerald's Toggery

Real, genuine, honest values—that's the main point in buying clothes.

No man objects to loosening up if he can be sure of getting value for his money.

I've built up this tailoring business of mine on the values I give; not only the quality of materials used, but the quality of style, of tailoring, of fit—and above all, the quality of satisfaction my customers get.

I've filled up the gap between the high-priced tailor and the hand-me-down clothier.

I number among my customers the best dressed men in Missoula. Are you one of them?

Yours truly, JOE, 233 Higgins Ave.
