

PROBLEMS OF LABOR DISCUSSED

PRESIDENT TAFT HOLDS CONFERENCE WITH OFFICIALS OF FEDERATION.

Washington, April 16.—President Taft discussed the problem of the workingman for two hours today with the members of the executive council of the American Federation of Labor. The labor leaders, headed by Samuel Gompers, called at the White House and, according to Mr. Gompers, found the president deeply interested. Not only did Mr. Taft give the spokesman of the party all the time they desired to lay their matters before him, but he joined in the discussion.

In the delegation were representatives of most of the trades connected with the American Federation and among them a number of leaders who had stubbornly opposed Mr. Taft in the late presidential campaign. But the greeting was cordial to all.

The labor leaders took up with the president many problems, including the matter of injunction, and the eight hour law; convict labor, the recent indictment of labor leaders in the south for alleged violation of the Sherman anti-trust law, the danger of a dissolution of all labor organizations under a strict interpretation of recent supreme court decisions, the maintenance of international peace, labor problems on the Panama canal, the right of asylum in this country for political refugees and child labor. The president told his visitors that he regarded an anti-injunction law as one of the most important policies of his administration. He added that he felt that he had made his position clear on the subject in his speech of acceptance last July and had confirmed that position in his inaugural address. The president said he would be glad to consult further with representatives of organized labor.

MUST ANSWER CHARGE IN DISTRICT COURT

Special to The Daily Missoulian.
Butte, April 16.—Harry Rose, accused of a violation of the anti-pool room gambling laws, was bound over to the district court this evening by Justice Mike Egan, his bond of \$2,000 being made a continuing one. The hearing of the case occupied the entire day and was marked by continual clashes between the opposing attorneys. The witnesses for the state were the officers concerned in stopping the game, the defense declining to offer any testimony. The other cases, of which there are half a dozen, or more, were continued until Monday or Tuesday. The injunction suit by which the people interested are attempting to enjoin the sheriff from interfering with their business will begin Monday and, according to their attorney, will last for several days. The Interstate Telegraph company continued its fight on Sheriff John K. O'Rourke and County Attorney T. J. Walker today, when Henry and Paul Albertson, owners of the M. & M. saloon, petitioned for an injunction asking that the officers be restrained from interfering with their business.

AITKIN DEFEATS TRAVERS.

Prestwick, England, April 16.—Jerome D. Travers, the amateur golf champion of the United States, was defeated here today in an 18-hole match by A. R. Aitkin, the champion of South Ireland. In the return match this afternoon, however, Mr. Travers found his proper game and defeated the Irishman by one hole.

FERMENTATION OF YOUR FOOD

FEW KNOW THAT ALL STOMACH TROUBLE IS DUE TO FERMENTATION OF FOOD.

If your meals don't tempt you, or you feel bloated after eating and you believe it is the food which kills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something for a sour stomach and indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Nauseous breath, and stomach trouble of all kind; Putrefying the intestines and digestive canal, causing such misery as Billiousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking one Triangule that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at your pharmacist any time you decide to begin its use.

Pape's Diapepsin will purify the sourest and most acid stomach within five minutes, and digest promptly without any fuss or discomfort of any kind of food you could eat.

WILL PAY IN CASH.

Austin, Texas, April 16.—The mandate from the United States supreme court arrived here today, ending the long litigation between the state of Texas and the Waters-Pierce Oil company in favor of the state, the corporation being denied a rehearing in the onster suits. The fine and accruing penalties total nearly \$2,000,000. It is announced that the corporation officials intend paying the entire amount in cash.

Those Power Bills

Let's see, there's the coal bill, the labor bill, the water bill, the oil bill, the regular repair bill, to go on through the list would be to enumerate some 40 or 50 different bills—the bills that you must foot up to get at the cost of operating that steam plant.

How would you like to have it reduced to a single bill—a bill for electric power with its convenience, cleanliness, greater productive capacity and economy?

How would you like to be freed from the cares of the boiler and engine rooms and have the space to use for other purposes?

Many who have investigated and installed individual electric drive, find all other advantages capped by economy, both direct and indirect. Won't you investigate, too? We are here to assist.
