

### A Good Rooming House Proposition For Sale

Located right in the heart of the city—an excellent location. This house contains 12 rooms, nicely furnished, bath room, large hall, front and back entrance; every room always rented. This house will bring in over \$200 each and every month; a good transient house. The rent is only \$60 per month. Price, \$1,250, and it is the cheapest rooming house for the money in Missoula.

### EAGLES TO INITIATE BIG CLASS

LOCAL AERIE EXTENDS INVITATIONS TO REST OF STATE FOR BIG MEETING.

It may be that there are three busier men in Missoula than the committee of Eagles, which is getting ready for the big initiating meeting which the aerie is going to hold next week, but if there are they would be hard to find, for with all of the details of a meeting, which is going to be one of the biggest in the history of the aerie to attend to, the committee has a big job on its hands.

Up to date, the committee has passed favorably upon 16 applications for membership and it is probable that in some of the meetings, which is to come off next Tuesday, there will be an even greater number. The Union theatre has been hired for the occasion and invitations have been extended to all of the neighboring aeries of the order to attend and it is expected that there will be large delegations from Wallace, Butte and Anaconda present. Invitations have also been sent to all of the state officers and some of them if not all will be here Tuesday to help in the initiation.

The initiatory ceremonies will begin in the afternoon of Tuesday, April 20, and after the class has been put through a banquet will be spread in the theater and an informal social session will be enjoyed. The committee has no nothing which could in any way add to the success of the day pass their notice and the big meeting will be one of the best and most successful which the local aerie, or in fact any aerie in the state, has ever held. The local Eagles gained a reputation for hospitality and spirit when they entertained the state convention here last fall and they do not propose to let the visitors who come here Tuesday go away with any change of opinion regarding them.

The candidates who have thus far passed the committee are: J. R. Gilard, Thomas Fagan, Edward A. Jones, J. C. Williams, Joseph Mansolf, Andrew Leland, James D. Maher, George Rosenbaum, John Rogers, Jack Beck, Albert T. Fowler, W. J. Merrill, G. A. Vanderkin, John McDonald, A. C. Harper, Ernest J. Callantine, August Saderquist.

### CAN THROW NO LIGHT ON SMUGGLING CASE

San Francisco, April 17.—Alice M. Grant, daughter of Jesse R. Grant and granddaughter of U. S. Grant, and her aunt, Mrs. John E. Mason of this city, have been unable to throw any light upon the plot now being investigated by the New York customs officials to smuggle about \$20,000 worth of French gowns and rare lace into this country. Upon the assurance that they knew nothing of the three trunks held at the New York custom houses in their names, the trunks were opened and the valuable shipment was confiscated because the goods had not been declared for duty.

STOUT WOMEN BUY

### Rengo Belt \$2 Corsets Worth \$3

Rengo Belt is a new corset designed especially to do away with the appearance of excess flesh. The Rengo Belt reinforcing belt and apron front, worked into the body of the corset and over the abdomen, is in just the right place to produce the smooth black and slender hip lines so widely advocated in advance dress models. Rengo Belt is the most wonderful corset ever produced for medium and large figures. It gives a sloping waist line which flows snugly over the hips, and has length below the waist to make the stout figure trim and proportionate. Rengo Belt corsets also have extra strength due to the double watch-spring steel boning which is twice as durable as the usual single boning. This boning is perfectly covered and made rustless before it is sewed into the corsets and we guarantee that it will not break or punch through. If you have searched unsuccessfully for corsets that will actually give graceful back and hip lines with perfect comfort, you should be properly fitted with a Rengo Belt. RENG0 BELT—Style 41, for medium figure; price, \$2.00. RENG0 BELT—Style 43, for slim figure; price, \$2.00.

### Choice Waist Styles Special Values of Unusual Importance Are Offered

The showings are now complete, and encompass all the new and most distinctive style features of the season. We quote two values that illustrate the strength of the offerings:

Waist of Linon de India or French lawn, made open front and trimmed with tucks and Val. lace and insertion; an unusually effective model..... **98c and \$1.48**

### RESULT OF AUTOPSY NOT MADE PUBLIC

Dr. George H. Putney and W. E. Shea yesterday performed an autopsy on the body of Dave Anderson, the aged lumberjack who died suddenly at Bonner early Saturday morning. The investigation of the physicians, who were assisted by County Coroner Kendrick, was not completed yesterday and the result will be made public today. Mr. Kendrick stated last evening that he had not yet decided as to the necessity for an inquest. It seems to be the opinion of the officials who are investigating the case that death was accidental.

### FUNERAL IS HELD.

The funeral of Axel Spangberg, the man who died several days ago at St. Patrick's hospital, was held yesterday afternoon from Marsh's chapel. Rev. Gustave Metz of the German Lutheran church officiated. The services were under the auspices of the hod carriers' union. Members of the brick-mason's and hod carriers' unions escorted the remains to the grave in Missoula cemetery.

### WATER MAINS IN DALY ADDITION GROW FAST

The Missoula Light and Water company is making splendid progress, through its contractors, in digging the ditches for water mains and other pipe lines in Daly addition. The contract was let a few days ago and for the last few days a force of 40 men has been busy. Altogether there will be about three miles of ditches to be dug, one-half mile being completed to date. The contract calls for the completion of the work by June 1.
