

BURROUGHS IS ANGRY AT PAPERS

HE DISLIKES COMMENT MADE BY PUBLICATIONS RELATIVE TO ROOSEVELT.

Los Angeles, Cal., April 19.—John Burroughs, the noted naturalist and friend of ex-President Roosevelt, who is sojourning in southern California, has no patience at those who rail at Mr. Roosevelt for shooting the animals of Africa, and also is very peevish with the obnoxious newspaper correspondents who are trailing him to the dark continent.

"Mr. Roosevelt enters into his great African hunt purely in the spirit of the naturalist. He does not go as a butcher, with the desire to kill every wild beast that crosses his path. He has passed his day as the devouring hunter."

"I have no patience with this school of sentimental naturalists that has grown up with the last few years. They would try to tell us that the wild animals and the birds are endowed with human attributes. They call them 'our little brothers of the air' or 'our little brothers of the forest.' It's all downright nonsense."

"It is shameful the way the newspaper correspondents are putting telegraph lines in the African jungles and preparing to spy upon the former president's every move and rush it into print. Why can't they let him alone now that he is a private citizen? I should say that he would have a perfect right to shoot the fellows who will endeavor to destroy the privacy and recreation which rightfully belongs to him."

CONDEMN CORNERING OF WHEAT MARKET

Cincinnati, Ohio, April 19.—Despite the fact that Patten, the new wheat king is building a gymnasium costing \$150,000 for the Northwestern university, a Methodist institution, Cincinnati Methodist ministers today adopted a resolution condemning the "action which cornered wheat in Chicago." Dr. L. O. Hartman, pastor of Christ Methodist Episcopal church,

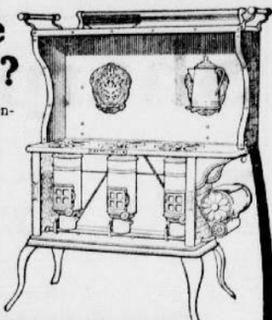

Ivory Soap is not a "time saver"; or a "labor saver." Nor does it "make dirt fly."

But it will clean as quickly as is consistent with safety; and it can be used for hundreds of purposes for which ordinary soaps are unsafe and unsatisfactory.

presented the following resolution, which was adopted: "Resolved, That we hereby reaffirm the position of the Methodist Episcopal church in regard to gambling and earnestly condemn every form of gambling, from gambling at bridge whist to speculation on the board of trade."

"I live in a district where it hurts when people have to pay more than 5 cents a loaf for bread," said Dr. Hartman.

He Feels Weary. Chicago, April 19.—Mr. Patten expressed a feeling of weariness when informed that Methodist ministers had condemned "the action which cornered wheat in Chicago."

"Everybody who knows anything knows that I have not cornered wheat. Nobody has cornered it. Prices are high, and they want a scapegoat. I'm the chosen man. If I sold every grain of wheat I have the price would not drop."

"If those ministers would turn to the sober market page of their paper instead of sensational front page articles and honestly endeavor to find the truth the silly pulpit utterances would not be made."

MARKET MOVEMENTS OF THE DAY

TRANSACTIONS IN SECURITIES RECORDED ON THE NEW YORK STOCK EXCHANGE.

New York, April 19.—The stock market again proved its power of resistance to what was considered unfavorable factors in the outlook and developed a considerable degree of positive strength. The bears continued their covering operations today when they perceived how little effect was produced on foreign stock markets by the admittedly serious situation of affairs in Turkey. The speculative tone abroad was confident. The coolers maintained their strength well. The metal industries were also a strong sustaining influence in the market; the movement embracing not only iron, steel, copper and lead dealers, but companies engaged in more advanced stages in those industries, including electrical equipment companies. Steel trade sentiment is reported conservative. The hopeful expressions on the prospect reported from the head of the Union Pacific's banking house in the course of his travels abroad was a perceptible influence in keeping up the tone of the day's stock market. Time money rates were appreciably firmer today. Bonds were firm. Total sales, \$1,966,000. United States bonds were unchanged on call.

Grain and Provisions.

Chicago, April 19.—Bullish enthusiasm faded today at times to check the declining tendency brought about by the general selling. The market opened weak at declines of 1/4 to 1/2c. Late in the session all deliveries sold off to new low points for the day, July dropping back to \$1.15 1/2. The close was weak with July at \$1.16 1/2@1.16 3/4. May and September at \$1.07. PLEADS NOT GUILTY TO BRIBERY CHARGE

Washington, April 19.—John A. Benson of San Francisco, when placed on trial before Justice Gould in the criminal court today, waived reading of the indictment and pleaded not guilty to a charge of bribery in connection with defrauding the government of valuable forest reserve lands in California and Washington. Benson is charged with having paid to Woodford D. Harlan of the general land office, on March 15, 1903, as a bribe to reveal to him (Benson) the contents of the reports of two special agents who were then making an investigation in the west. Count adjourned at noon for the day after having secured a jury.

THE SUPREME COURT RENDERS DECISION

Helena, April 19.—The supreme court today handed down three opinions, two of which are affirmations and the other a dismissal. The cases affirmed are those of Summers against the drain commissioner of Yellowstone county and that of Estlin against Grum, also from Billings. The former was instituted to collect damages from injuries to a water canal and the later a controversy over livestock. In the Missoula county personal injury suit of Hovey against the Northern Pacific, the appeal of the defendant is dismissed because of its failure to have the judgment entered. This favored the defendant concern.
