SNELL GOES TO PEN FOR FOUR-YEAR TERM

By a verdict returned at 4:50 yesterday afternoon by a jury in the district court, Frank Snell was found guilty of criminal assault upon Mamie Brown. The decision of the jurors fixed his punishment at four years in state's prison, and Judge Webster will pronounce sentence Thursday afternoon at 5 o'clock. The case, which was put on trial Monday morning, went to the jury at noon yesterday.

Yesterday in the case of the county against E. J. Tubbs, a default was entered. Judgment in the sum of \$523 and \$50 costs was allowed.

The trial of the case of Arthur O. Tobinson against Samuel Dinsmore et al. began yesterday afternoon, and a jury was secured just before adjournment. The case, which involves property in Orchard Homes, is being heard by Judge H. L. Myers. Judge Webster being disqualified.

SUPERVISOR REPORTS SPLENDID PROGRESS

Supervisor Eiers Koch of the Lolo national forest returned Monday from a several days' trip over the reserve in the vicinity of Lathrop. He states that the men at work on the tract on Petty creek, back of Lathrop, are making splendid progress in planting new trees. There are three acres to be planted, two of them with tree seeds and the third with yellow pine seedlings. The forest officials hope to raise another supply of timber in that locality in pursuance of their policy of conservation of natural resources. The work on the little nursery is in charge of Forest Assistant M. H. Stickney.

SCHOOL BOARD MEETS.

The school board continued its examination of the plans for the new west side school house at a meeting yesterday afternoon. Architect Gibson explaining the ventilation and heating systems which his plans call for. This was done on account of the fact that Link & Haile were allowed a second hearing at which they explained their heating plant and their ventilators and in order to give all an equal chance the other architects were given a second hearing.

PAT DONOVAN IMPROVES.

Pat Donovan yesterday showed further improvement, and the report from the hospital last night was that he was away beyond the danger line. Monday forenoon was his lowest point, and after he passed the crisis he appeared to gain rapidly; his iron constitution is asserting itself, and the old veteran is already planning on what he is going to do when he gets out of the hospital; meanwhile, he is so cross that there is no doubt of his convalescence.

No other remedy on earth is so good for children as Hollister's Rocky Mountain Tea. Makes them eat, sleep and grow. Bright eyes, rosy cheeks, 35 cents. Tea or Tablets—D. C. Smith and G. F. Peterson.

COUNTY TO IMPROVE STUDENTS TO MEET COUNCIL CONSIDERS ROADS IN DEBATE BIDS

COMMISSIONERS ANNOUNCE THE PLANS FOR HIGHWAY WORK OF COMING YEAR.

The county commissioners have announced their plans for road work during the coming year. The delegation from the automobile club which met with them yesterday has given them a chance to more thoroughly oversee this work, and they are determined to make the best of the opportunity and get the roads into the best possible condition. The county at present has a total of \$23,000 at its disposal for the carrying on of improvements along this line, and with the exception of the new bridges at DeLorgia and Lolo the money will all be used on the roads.

According to the present plans of the commissioners a good road will be built at once through O'Keefe canyon to Evaro. This is one of the most needed roads in the county, for there will be much travel there this year. A road which will be built over some of the other hills and extensive improvements made over the Lolo grades, which are in great need of some manner of improvement. There will also be some minor changes made in the roads near town.

The problem of the road up the Blackfoot canyon and across Camas prairie has also come up again this year. This road has never been in good condition, and the matter of its improvement is a perennial problem which the commissioners have been vainly endeavoring to solve for several years. This year they have made up their minds to get it off their hands, and they are considering plans for its improvement at present. The Blackfoot is Commissioner Nelson's home district, and it naturally interests the board. A tentative agreement has been reached with the ranchers of Camas prairie as to cooperation with the board, and until some definite and final understanding can be reached the matter will be held in abeyance. One point, however, is certain, and that is that the board is going to do a thorough job with the roads this year, and that the money which is at their disposal will be used where it can do the most good.

TEMPERANCE WORKER DELIVERS ADDRESS

Morgan L. McKoon, a temperance worker and speaker of note from New York, appeared at the Methodist Episcopal church here last night under the auspices of the local Women's Christian Temperance union and gave an interesting lecture. The speaker took up the liquor question from every standpoint in his attempt to show why it was an evil and a curse to the nation, and why every Christian organization should join in the general movement which is stirring throughout the land toward its eradication. In dealing with the question from its economic side Mr. McKoon presented an amazing quantity of statistical information against the liquor traffic.

But far above all other features of the question, Mr. McKoon believed to be his moral and religious phases, and he dwelt at considerable length along this phase.

Immediately before the lecture music was furnished by Mr. and Mrs. George McAdister, each of whom sang a solo. J. E. Patterson offered prayer and introduced the speaker of the evening, after making a few preliminary remarks in which he praised the women of the temperance organization for what they were doing and expressed the hope that last night's meeting might serve as the beginning of an inspired work by the women of Missoula against the liquor traffic.

2 1-4 POUNDS OF FOOD

Of Any Kind, Are Fully Digested By One Teaspoonful of Kodol.

Any kind of food, understand—not just some certain kinds, Kodol is rightly termed the "Perfect Digestant"—because it does digest any and all classes of food. Kodol does this because it contains, in liquid form, every one of nature's digestive elements—therefore cannot help but digest food the way it does. Kodol, as stated, digests all food—promptly and completely—and assures good health to the stomach. Come to think of it—Kodol does accomplish a great deal—if one gives it a chance. Some of the commonest and surest indications of more or less developed digestive trouble are these:

Bad breath, bad taste in the mouth, rising or sour, bitter fluid, gas and undigested particles of food into the mouth, tenderness and dull pain at "pit" of the stomach (sometimes relieved by eating), sensation of faintness, dizziness, and being "all gone," bloating of stomach and bowels, capricious and uncertain appetite, flabby coated tongue, uncomfortable "full" sensation after eating, "heartburn," lingering headaches, heart "fluttering" or palpitation, dull, sleepy, "loggy" feeling, irregular action of the bowels, melancholia, gloomy forebodings, etc. Our guarantee: Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2 1-2 times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.

DR. PARSONS GAINING.

Dr. Houston H. Parsons yesterday made further advance on the road to recovery, and his family and friends were much gratified by the improvement shown.

A marvelous preparation containing the constituent elements of life, Hollister's Rocky Mountain Tea cures when all else has failed. 35 cents, Tea or Tablets.—G. F. Peterson and D. C. Smith.

UNIVERSITY OF MONTANA TEAM WILL ENTER CONTEST WITH PULLMAN COLLEGE.

Tonight at 8:30 o'clock in university hall the debating teams of Washington state college of Pullman will meet the state university team in the annual debate between the two institutions. For a number of years the two schools have held debates, tonight's contest is looked forward to with considerable interest by the students and faculty since the team this year has labored hard to develop arguments to meet those of their rivals.

The names of the Washington debaters in order of speaking tonight, are Alvin Solter, Milton Newhouse and A. E. Davidson, the latter name having the rebuttal. M. S. Bullerick will be the first speaker for the local university, Robert C. Line, second, and DeWitt C. Warren, third. Mr. Line will have the rebuttal for the university. A. E. Davidson is captain of the Washington team, and Robert C. Line holds a similar position on the university side.

The question which will be debated tonight is, "Resolved, That, aside from the question of amending the constitution, congress should require all corporations doing an interstate business to take out a federal license."

Judge Myers of Hamilton, Rev. W. J. Hindley of Spokane and President Fancher of the Montana college of Deer Lodge will be the judges.

Preliminary to the state oratorical contest to be held in Dillon next month there will be a try-out contest today at 11:30 in university hall. The winner of today's contest will represent the university at the state oratorical contest.

LEAVE OF ABSENCE IS GRANTED MULRONEY

Yesterday the county commissioners granted a 30-day leave of absence to County Attorney E. C. Mulroney. Mr. Mulroney's vacation begins on Friday, when he starts for Iowa on very personal business. During his absence Harry H. Parsons will take care of the county attorney's work in the district court and as an adviser of the county commissioners, while Daniel L. O'Brien will be in charge of all state cases in the minor courts.

IN THE THEATERS

"The Right of Way." Eugene W. Presbury's dramatization of Sir Gilbert Parker's novel, "The Right of Way," will pay a visit to the Harmonis theater on Thursday, April 22. It is one of those big, gripping plays that make one forget for the time being that one is in the theater. But it is a play that requires actors of brain and a personal magnetism that can sway an audience with each varying movement they are called upon to interpret. Klav & Erlanger have provided these actors particularly in the persons of Guy Standing and Theodore Roberts. Each man in his own special way dominates the big scenes of the play, and there are a constant succession of them.

LOCAL SOCIETY

Sigma Chi Dinner.
On Tuesday evening the members of the Sigma Chi fraternity gave a dinner at the frat house in South Missoula, complimentary to Donald Macdonald, complimentary to Donald Macdonald, and the Sigma Chis who took part in "The Talk of the Town" fraternal colors, blue and gold, were used in decorating in a most effective manner. An elaborate menu of many courses was served. Eighteen guests were present.

Master Straughn Scheuch Is Host.
Without doubt the most delightful event among the very young set for months past was the elaborate party with which Master Straughn Scheuch entertained a number of his little friends yesterday afternoon at his home in South Missoula. The halls and reception rooms were a mass of color, made of colored cords. As each little guest entered he was given the end of a cord, which, when all are present, makes a beautiful and complete circle. In the afternoon a luncheon especially tempting to childish palates was served. Twenty-four little guests were present.

Woman's Relief Corps.
The Woman's Relief corps held an interesting and successful meeting on Tuesday afternoon at the Odd Fellows' hall annex. The Woman's Relief corps delegates, Mesdames Charles Lumley, Murphy and Simms, sent to the G. A. R. convention at Billings, returned Sunday, their reports proved to be of unusual interest. A large number of the members were present.

As-You-Like-It Club.
The As-You-Like-It club met yesterday afternoon at the home of Mrs. C. H. Grant at 511 Spruce street. Two excellent papers were read, "Rembrandt and His School" by Mrs. Tyler Worden proved most interesting, as also did "Modern Dutch Art" by Mrs. Kenneth Ross. Following the program a short social session was enjoyed.

CHAPTER ENTERTAINS.

The Beta Delta chapter of Sigma Chi entertained a few guests at dinner at the chapter house last night in honor of Donald Macdonald, the coach of the university's recent production of "The Talk of the Town." Covers were laid for about 20 and the evening was spent in talking over the show and its success.

DECIDES FOR DEFENDANT.

Justice of the Peace Small yesterday morning rendered his decision in the case against Harry Gold, the saloonkeeper accused of keeping his place open after 1 o'clock, deciding the case in favor of the defendant.

CITY FATHERS TAKE FINAL ACTION IN MATTER OF STREET SPRINKLING.

The city council held a special meeting yesterday afternoon at the call of Mayor Keith for the purpose of considering the bids for the sprinkling of the streets during the coming season. About 20 bids were considered, some for one team and some for more, and of the number the council chose five, which will be assigned to the different districts by the street commissioner. William Broderick was given the main award, his bid for the furnishing of a 3,280-pound team being accepted with the recommendation that he be given the biggest sprinkler and the route covering the business streets.

The other lucky bidders were as follows: Stinger and Campbell, for a 3,000-pound team; Thomas H. Thibodeau, for a 2,890-pound team; Merrick J. Smith, a 2,800-pound team; and D. J. Heytom, a 2,600-pound team. All the accepted bids provided for the union scale of \$6 a day with union wages for overtime. A few other matters were brought up, but final action on all of them was deferred by the mayor until the next regular meeting, he contending that the council could only transact the business for which the special session was called.

THE SECRET OF GOOD COFFEE

There's Two Things That Affect Your Coffee—The kind of coffee you use. The way you make it. And we don't hesitate to say that the first is the most important, for even the best cook can't make a cup of good coffee unless she has good coffee to make it from.

Coffee Is a Flavor
The bean itself is of no value except to hold that flavor. So what you must do, or let your grocer do for you, is to find the particular coffee flavor that you and your family likes the best and then insist on getting that flavor always. That's why we want you to try our Romeo coffee. A very rapidly increasing list of well satisfied customers makes us believe you will like it, too.

Joe Fitzgerald's Toggery

The Health of Your Horse will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic, is Perry Davis' Painkiller. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe save a long time waiting. You ought to have a bottle ready. The new size bottle costs 25 cents; one larger, 50 cents. Be sure your druggist gives you Perry Davis'.

THE MONTANA CASH GROCERY IS NOW OPEN

Cash will mean no loss and money in the customers' pocket. We buy our goods from jobbers for spot cash and therefore we can sell them as cheap as any one. Remember no one has strings on us. We do not expect all of your trade, but we will appreciate part of it. Give us a trial and you will be convinced that this is the right place to trade. We will pay the highest price for all farm products. Yours for business and satisfaction guaranteed. Watch for our solicitor next week.
