

# AT THE BIJOU THEATER

Friday and Saturday Evenings

SATURDAY MATINEE FROM 2 TO 5 P. M.

The headliner is a story of army life of the '70s on the frontier, when the Indians, dissatisfied with the restraint put upon them by the government, were constantly on the alert to take advantage of any opportunity that might arise to gratify the spirit of rebellion that had smoldered for years in their breasts. Lieutenant Gray, dishonest to his duty, and Lieutenant Bradley, faithful to his government and to his duty, and his sweetheart are the main figures in this thrilling and interesting picture.

# MARKET MOVEMENTS OF THE DAY

TRANSACTIONS IN SECURITIES RECORDED ON THE NEW YORK STOCK EXCHANGE.

New York, April 29.—The opening of the stock market today, although quite active, moved within a narrow range and was extremely irregular. Canadian Pacific advanced 1/2 and American Locomotive and Pressed Steel Car 3/4. Otherwise the change was limited to trivial fractions and the market showed no pronounced tendency either way.

The market continued to show hesitation, some of the industrials advancing vigorously, while the grain carriers receded. Reading spurred to above 145 before it fell back to yesterday's close. At 11 o'clock some of the specialties were advancing, but the railroads were reactionary. The rise in a few special stocks and the irregular course of the general list did not disguise the realizing in progress in the Harriman stocks, Reading, United States Steel and other speculative leaders.

Bonds were firm. Room operators stopped selling when Reading began to move up in late way. That stock rose 1/4 above yesterday's price, but the balance of the railroad list did not rally more than a small fraction from the low price. Republic Steel rose 2 and St. Louis Southwestern preferred 1. The market closed easy.

### Grain and Provisions.

Chicago, April 29.—The wheat market was strong all day and at one time the July delivery was up 3/8c from the low point of the day, while other deliveries showed almost equally as sharp advances. The bulge, however, induced liberal realizing, which resulted in a break of about 1 cent from the best mark of the session. A heavy snowfall in the Canadian Northwest and snow or rain throughout Minnesota and the Dakotas was the chief factor in the situation. Reports from Minneapolis claimed that seeding has already been delayed more than a week, and that it will be fully another seven days before farm work can be resumed. An improved demand for spring wheat for shipment to the east from Douth and a revival in flour business at the northwestern markets prompted additional buying of wheat here. The trade was inclined to ignore the bearish report coming from the southwest, where weather conditions were decidedly favorable for the growing crop and also to disregard the weak tone of cables. July ranged between \$1.09 1/2 and \$1.12 1/2 and closed at \$1.11 1/2. September sold between \$1.01 1/2 and \$1.04 1/2 and closed at \$1.03 1/2.

Wet weather and the bulge in wheat had a strengthening effect on the corn market. During the day the May delivery sold between 75 1/2c and 76 1/2c. The close was firm with prices unchanged to 1/4c higher, with May at 71 1/2c.

Cold weather in the west and northwest inspired considerable buying of oats and the market was firm all day. At these lower prices were unchanged to 1/4c higher, compared with the previous final figures. May ranged between 56 1/2c and 56 3/4c and closed at the bottom.

Trade in provisions was extremely quiet. At the close prices were 5 1/2c lower.

### Treasury Statement.

Washington, April 29.—Today's statement of the treasury balances in the general fund exclusive of the \$150,000,000 gold reserve fund: Gold coin and bullion, \$42,809,638; gold certificates, \$11,417,410; available cash balances, \$125,762,559.

### Wool Market.

St. Louis, April 29.—Wool strong. Medium grades, combing and clothing, 26 1/2c; light fine, 18 1/2c; heavy fine, 12 1/2c; tub washed, 25 1/2c.

# THE COAL SITUATION IS BECOMING SERIOUS

Winnipeg, Man., April 29.—The coal situation in western Canada is growing serious.

Fernie and Michel, controlled by the Great Northern railroad interests, are the only districts where coal is being mined, and a movement has been started to petition the government to intervene to end the strike or stop the export of coal.

The city of Lethbridge is in want of coal. The public schools were closed yesterday. At Swift Current there is not a pound of coal, and at smaller centers the shortage is serious.

Three thousand miners are now idle.

# INSTRUCTED TO CALL FOR NEW GRAND JURY

Washington, April 29.—After consideration of the reasons given by the court for its action in quashing the indictments against Governor Haskell and others in Oklahoma, involving alleged land irregularities, the attorney general today telegraphed instructions to the United States district attorney at Tulsa to proceed with a vigorous prosecution of those cases. The district attorney is instructed to apply to the court for a new grand jury, drawn in conformity with Judge Marshall's decision and to present the cases to that grand jury.

# ACCUSED BURGLAR ADMITS HIS GUILT

Butte, April 29.—Concluding to plead guilty rather than take his chances with a jury, Arthur C. Dingle this morning acknowledged his guilt of burglary in the first degree, and was sentenced to one year in the penitentiary. Dingle's crime was of a sensational character. He "got" the Henry Wessler, a cigar merchant of

Odgen, Utah, while the latter was intoxicated and flashing money, and before the night was over had become Wessler's boon companion and had extracted all his roll. Dingle piloted Wessler to the latter's room, and there met Wessler's son, who pounced upon Dingle, threatening to burn out his eyes if he did not return his father's money. Dingle refused and young Wessler prodded a burning cigar into the eyes of the prostrate man, burning him painfully and compelling him to disgorge the roll.
