

### East Spruce Street Home \$2,750

I am offering this morning a nice little investment that will pay better than 10 per cent and is in line for a rapid increase in value, besides being a neat home. This is a five-room modern house, in good condition, on a 30x150-foot lot; good barn; located close in to Higgins avenue, on East Spruce street; rents for \$25 per month. This is certainly a great, big bargain.

### THERESA IS BAD.

A warrant of arrest was issued yesterday by Justice of the Peace Harry Small and is to be served on Theresa, the object of the law's wrath being an Indian maid known as Theresa, who is accused of third degree assault upon the person of Joseph Geot, an Indian brave. The woman was only a few days ago released from the county jail, where she served time for a too intimate acquaintance with the cup that cheers, and it is alleged that she became wrath with the man in the case because he refused to have a wee sma' drop, and beat him up.

### JAP IS JERKED.

A Jap with an unpronounceable and unspelling name was arrested early yesterday morning on the charge of carrying concealed weapons. It is said that the little brown brother was carrying a cannon in his pocket while he took in the sights of the town, and while he was on West Front street the weapon was accidentally discharged. Officer Theriault took him into custody, releasing him on a \$25 cash bond for his appearance tomorrow morning.

### DR. DODD WILL STAY UNTIL MAY 8TH

HAS BEEN FORCED TO MAKE MANY APPOINTMENTS FOR THIS WEEK.

The great success which Dr. Dodd has met with here, the general satisfaction of more than 150 patients, many of whom have friends anxious to consult him, has persuaded the doctor to prolong his visit here one more week. Already he has made appointments for this week, and many who have called and been unable to consult him on account of the crowds waiting will now have an opportunity of doing so. A few minutes' conversation with any one of the hundred and fifty of Dr. Dodd's patients could not fail to convince the most skeptical that headaches, nervousness, stomach troubles and many other nervous ills are caused by eye strain.

Dr. Dodd is certainly looking good all he claims. Cross eyes and closed four ducts respond promptly to his method of fitting and treatment after others have tried for years and failed to afford patients any relief whatever.

The above pictures show a condition which "regular" doctors said could not be straightened by any method but an operation. Her eyes were straightened in three weeks with glasses and the girl was in no danger of paralysis or blood poisoning at any time. Dr. Dodd has hundreds of like cases throughout Montana.

### LEND-A-HAND MEETS.

Following the program refreshments were served.
