

THOUSANDS OF MEN ON STRIKE

SEAMEN REFUSE TO SHIP ON BOATS CONTROLLED BY CAPTAINS' ASSOCIATION.

Chicago, May 1.—The strike of labor unions on the great lakes against the Lake Carriers' association, or more correctly, their formal refusal to ship on boats controlled by the association, was put into full operation today at all ports. It is estimated that probably 12,000 seamen of all classes are involved in the great struggle. Almost 3,000 are said to be now employed on boats controlled by the carriers, and these are scheduled to leave their vessels this morning if in port, or as soon as they come in from sea.

Thousands are idle today in Chicago, Cleveland, Buffalo and other centers. The next move of the leaders will be to request the general officers of the International Seaman's union to come to the lake district and endorse the strike. General Secretary W. H. Fraser of the international union is at East Boston, but will immediately get in touch with the situation. He probably will join George Hansen, agent of the lake seamen at Buffalo, and President Andrew Furuseth of San Francisco will come to Chicago. About 400 boats are controlled by the Lake Carriers' association.

JOHN LAVEY IS DEAD AFTER LONG ILLNESS

At 3:15 yesterday morning John Lavey died after a long illness, chronic stomach trouble being the cause of death. The remains are lying at the home of Hugh B. Campbell, where they will rest until 10 o'clock Monday morning, when funeral services will be held at the Catholic church. Burial will be in the Catholic cemetery.

John Lavey was 23 years old; he was born in Pittsburg, Pa., and came to Missoula when he was 6 years old; he was the son of Mrs. Lawrence Lavey. Besides his mother and stepfather, he leaves no relatives in Montana; all the other relatives are in Pennsylvania.

John Lavey was one of the well-known young men of Missoula, and whoever knew him liked him. When he was taken sick with the illness that caused his death he was a member of the south side fire department; with his associates he was extremely popular, and his death is deeply mourned.

DIVORCE IS ASKED FOR FRACTURED JAW

If Alexander Bombard hadn't fractured his wife's jaw with a blow of his fist, the married life of the Bombard family might have continued a dream of bliss, but Alexander let his temper get away with him—at least so his wife alleges—and now Jane Ann Bombard is suing for divorce. The complaint was filed yesterday in the district court and, according to its text, the couple were married on July 8, 1891, at Woonsocket, N. D. The episode of the broken jaw happened on November 12, 1907, at Princeton, British Columbia.

FAMILY THEATER OPENS TO LARGE AUDIENCES

Two large and well pleased audiences attended the opening performance last night of the Family theater, established in the old Union. Manager Baxter presented a good bill for the first day of his house, every number on the program coming in for a generous share of applause. Emmet and Lower, in a "Country Kid" turn, introduced comedy and music, and Baby Clarke, a child impersonator, made good from the start. The La Peres, a sister team, pleased greatly and the Glenroy-Russell company presented a comedy.

The motion pictures were up to date and the music was new and good. The illustrated songs are sung by A. A. Von Brunt.

JIMMIE CUMMINGS WILL TAKE VACATION

Jimmie Cummings, head waiter at the Shapard hotel, has announced his intention of giving up his job for the time being and of taking up some outdoor work for the summer. Jimmie has been at the Shapard for five years without a vacation, and as a result his health is not in the best of condition, and it is in hopes that he may be able to regain it that he has resigned. While Jimmie is gone his brother Tom will take charge of the dining room. Mrs. Cummings will remain in the city during the summer, after which her husband expects to be back on the job.

CUPIDS AND BACHELORS WILL CLASH TODAY

No matter how exciting the game of this afternoon between the Glauks and the Fort Missoula soldiers, it will not be a marker to the deadly struggle to be pulled off on the south side grounds this morning between the Cupids and the Bachelors, nine representing rival boarding houses. Last Sunday the Cupids won by a score of 5 to 4 in an 11-inning game, and today the Bachelors are going after their lost prestige. The slaughter will begin at 10 o'clock.

MEDALS PRESENTED TO WILBUR WRIGHT

Bollee, presented Wilbur Wright with a bronze group representing the genius of aviation, revealing the secrets of flight to the brothers. The mayor of Le Mans presented to Mr. Wright a medal on behalf of the city and a second medal on behalf of the citizens, while President Bollee handed him checks for the club's two prizes, which were won by Mr. Wright.

COULD NOT REFUSE IF URGENTLY ASKED

Spokane, May 1.—"I don't think anybody would refuse to be a candidate for president if called upon," said ex-Governor Polk of Missouri today. "That is a matter, however, to which I have not given any thought. I think the democratic party has a good chance to win in 1912. The papers do William J. Bryan a great injustice by insisting that he has sinister designs upon the nomination. I do not think Mr. Bryan will be a candidate, though he is very close to the hearts of millions of people. Personally I think Mr. Taft is a good man. Outside of politics no fault can be found with him."

SERIOUS EXPLOSION NARROWLY AVERTED

Globe, Ariz., May 1.—After a desperate fight the fire department extinguished a blaze which this morning seriously damaged the building and stock of the Old Dominion Commercial company, one of the largest mercantile establishments in the city. The loss is about \$20,000, fully insured. A sensational feature was the fact that the town narrowly escaped being wrecked by a dynamite explosion. A large quantity of high explosives was stored in the building and the boxes containing the dynamite caps were partially burned.

MAY DAY PARTY HELD ON WARSHIP'S DECKS

San Francisco, May 1.—The grim decks of a warship transformed into the setting for a conventional May day party for children was the strange sight presented today on board the armored cruiser West Virginia, anchored in this harbor. The hostess of the affair was Miss Isabel McCrackin, daughter of Captain Alexander McCrackin, the commander of the big cruiser, and the guests were 50 children from the school attended by Miss McCrackin.

CORDIAL RECEPTION HAS A GOOD EFFECT

Tokio, May 1.—The cordial reception tendered the Japanese training squadron by the people of California has had an excellent effect here. The newspapers unite in saying that it proves that the best class of Americans are friendly to Japan. The hospitable attitude of the Pacific coast states toward the squadron generally and toward the imperial commission to the Alaska-Yukon-Pacific exposition has done much to remove any misunderstanding existing in the minds of the Japanese. The leading newspapers of Tokio devote considerable space to editorials on the subject today.

LEAD MINERS STRIKE OVER WAGE SCHEDULE

Bonnetere, Mo., May 1.—The strike of lead miners in Leadwood, spread to this place today when the underground employees of the St. Joe Lead company quit work. The big mills of the company here were forced to close and 1700 men are now idle. About 3000 other workmen are threatening to join the strikers, who are asking a partial re-establishment of the wage scale prevailing before the financial panic in 1907.

CHICAGO DETECTIVE WOUNDED IN WRIST

Chicago, May 1.—What is believed to have been an attempt by Italian blackmailers to kill Detective Gabriel Longobardi, one of the most active men against the "Black Hand" in this city, was made last night. Longobardi sustained a severe laceration wound in the wrist. The detective described his assailants as well dressed and apparently Sicilians. At his home his suspicions were aroused by the continued watching of the rear of his home by unknown men. He went to the alley and asked the men their business. Instead of an answer he says he was attacked with a stiletto. He grappled with the holder of the weapon, but was rendered unconscious for 15 minutes by a blow behind the ear delivered by the second man. His assailants then ran away.

REMARKABLE SLEEPER IS SLUMBERING AGAIN

Los Angeles, May 1.—Mrs. Paulah Hawkins, for the third time in two years, has passed into a state of complete coma and her strange case is again puzzling local physicians. She was stricken yesterday and now lies at her home as though dead, save for a faint breathing and an occasional fluttering of the eyelids. Mrs. Hawkins was overcome two years ago, and for several weeks remained in a trance. She was stricken for the second time just a year ago, and for 85 days lay unconscious. Physicians say she has a rare form of catalepsy. After recovering from former attacks she recovered her health and mental faculties quickly, and seemed to be none the worse for her long sleep.

READY TO BE SIGNED BY FIRST OF JUNE

Washington, May 1.—Chairman Aldrich of the senate committee on finance and other members of the house of congress who call at the White House almost daily to talk tariff with President Taft, adhere to the proposition that the bill be ready for the president's signature by June 1. The president is much pleased with the prospect. There appears to be no friction between the president and the leaders in the tariff fight and Mr. Taft retains the belief that a satisfactory bill will come out of the conference that follows the passage of the bill now pending in the senate.

BROTHER OF ACCUSED GIVES HIS EVIDENCE

Flushing, N. Y., May 1.—Testifying in the Hains murder trial today, Major John Powell Hains, U. S. A., brother of the defendant, attempted, by his testimony for the defense, to show that Peter C. Hains, Jr., was insane when he killed William E. Annis at the Bayside Yacht club last August. There were suppressed clubs in his case as he told his meetings and talks with Captain Hains after the captain's return from the Philippines last May to clear up rumors concerning his wife, Claudia, and Annis.

THINK THERE'S A WAY TO BREAK DEADLOCK

Washington, May 1.—It is believed by some senators that a way has been found to break the deadlock on legislation providing for taking the 15th census. These senators favor the passage of an appropriation bill providing \$12,000,000 for taking the census under the old law, in which event they believe the president would have full power to classify the employees so that there would not be any question about the application of the civil service law to them.

While the original line extends only from Conrad to Valler, it is the intention to push the line to the westward into Flathead county, thus opening up a rich agricultural, mineral and timber section. Valler is the dam site of an immense reservoir, which will reclaim approximately 100,000 acres in Teton county, under the provisions of the Carey act.

Early this morning the Kessler people made a delivery with members of the teamsters' union, but the drivers after five hours were ordered by the head of their organization to quit. Three engineers are at work at the Kessler plant and one at the Capital brewery. These four constituted today's entire working force of the two establishments.
