- \$3.00 white lace curtains, per pair **\$2.19**
- \$4.50 white lace curtains, per pair **\$3.19**

THE MARTIN COMPANY

MARKET MOVEMENTS OF THE DAY

TRANSACTIONS IN SECURITIES RECORDED ON THE NEW YORK STOCK EXCHANGE.

New York, May 1.—Speculative attention in today's stock market was diverted to picked stocks or groups of securities while the general list was neglected and sluggish and the undertone heavy. Sentiment was affected by the unseasonable weather and the unfavorable effects to be feared on a grain crop in need of development to insure against deterioration and reduced yield. Some determined or retarding effect on mercantile activity is reported also as an effect of the backward spring. The holiday in London detracted something from the usual participation in the market. The check to resumption of business activity from the unseasonable weather keeps down the demand for money for mercantile purposes and conserves the ease of the money market. Outside banks are very large lenders in New York. The Canadian bank statement is of interest in its indication of call loans placed in New York to an estimated amount of \$117,800,000.

The publication of statistics of immigration attracted attention. The improved industrial outlook is given credit for this development. Features of strength in the market were Erie securities, Canadian Pacific group, Pennsylvania and Western Union. The general level of prices was little changed by the day's transactions. The surplus reserves shown by the bank statement was increased about \$1,000,000 in the average to above \$11,000,000, but the actual surplus was shown to have fallen below \$8,000,000. Loans again expanded both in the actual figures of the clearing houses and in the averages of the other banks and trust companies.

Bonds were firm. Total sales, par value, \$3,520,000.

United States bonds were unchanged on call for the week.

Grain and Provisions.	
Chicago, May 1.—Wheat exhibited greatest strength early in the session, the market losing buoyancy during the last half of the day owing to profit taking based on some extent on official prediction of slowly rising temperatures in the spring wheat country. At the start prices were 1/2 to 1/4 higher than the previous close, May showing the greatest strength despite the delivery of 2,100,000 bushels of cash grain. Weather reports from the northwest and the desire of many traders to even up over Sunday exerted a weakening effect.	
July at the low point sold at \$1.11 1/2; the market, however, reacted from the bottom and closed firm, with May at \$1.25 1/2 and July at \$1.12.	
Corn was strong and closed 1/2 higher than yesterday's final figure, May being at 71 1/2c and July at 65 1/2c.	
Oats closed 1/4 higher, May at 56 1/2c and July at 49 1/2c.	
Provisions closed unchanged to 1/2 higher.	

Metal Market.	
New York, May 1.—The metal markets were generally unchanged with prices nominal in the absence of cables. Tin easy at \$28.80 per 100.	
Copper dull. Lake, \$12.87 1/2; electrolytic, \$12.50; casting, \$12.37 1/2.	
Lead quiet and unchanged at \$4.20 1/2.	
Spelter quiet and unchanged at \$3.02 1/2.	
Iron steady and unchanged.	

Clearing House Report.	
New York, May 1.—The statement of the clearing house banks for the week shows: Loans \$1,337,375,000; decrease, \$2,225,000; deposits, \$1,285,928,800; decrease, \$2,429,500; circulation, \$49,216,000; decrease \$44,200; local tenders, \$17,423,200; increase, \$250,400; specie, \$280,707,700; decrease, \$25,500; reserve, \$37,846,900; increase, \$483,600.	

reserve required, \$346,739,700; decrease, \$696,225; surplus \$11,207,200; increase, \$1,109,225; ex United States deposits, \$11,757,400; increase, \$2,956,100.

Chicago Livestock.

Chicago, May 1.—Cattle receipts estimated at 100, market steady, hoves, 14,000; Texas steers \$4.50; western steers \$4.50; stockers and feeders \$3.50; cows and heifers, \$2.50; calves \$5.00.

Hogs—receipts, estimated at 13,000, market steady; light \$6.75; mixed \$6.50; heavy \$6.50; rough \$6.50; good to choice heavy \$7.00; pigs \$5.75.

Sheep—Receipts estimated at 1,000, market steady; native \$2.75; west, \$2.75; yearlings, \$6.00; lambs, native \$6.00; western \$6.00.

Wool Market.

St. Louis, May 1.—Wool strong. Medium grades, combed and clothing, 19 1/2c; light fine, 18 1/2c; heavy fine, 18 1/2c; tub washed, 20 1/2c.

Treasury Statement.

Washington, May 1.—Today's statement of the treasury balances in the general fund, exclusive of the \$100,000,000 reserve, shows: Available cash balance, \$127,433,835; gold coin and bullion, \$43,501,336; gold certificates, \$42,086,045.

MISSOULA BREWERS STRIKE IN SYMPATHY

In accordance with the orders sent out from Butte at midnight Friday, the brewery employees, employed at the Garden City brewery, have ceased work, and will not return until they have received word from Butte.

In talking with a Missoulian reporter after the orders had been received yesterday, one of the prominent saloon men of the city said: "From what I have been made to understand the local employees claim several grievances, one being that their demand for shorter hours on Saturday has been refused, and another that the teamsters are expected by the brewers to act as stablemen, which the former object to doing."

A brewery employe said last night: "We are on a strike, but have no grievances or troubles of any kind. We are acting only because of our affiliation with the Butte order. We will resume work when orders are received from Butte."

FAULTLESS PRESCRIPTION.

No Remedy for Stomach Distress and Indigestion So Perfect.

A scientific prescription for dyspepsia put up in small tablet form and called Mi-o-na is making thousands of quick and lasting cures throughout America.

There is no stomach disease (even catarrh of the stomach) that it is not guaranteed to cure, and George Freishelmer has no much faith in Mi-o-na for stomach disorders of all kinds that he will immediately refund your money if it does not cure.

Mi-o-na, the faultless prescription, stops sour stomach, belching of gas, distress after eating, heartburn, biliousness and nervousness.

It is well worth a trial by any reader of The Daily Missoulian who suffers from any stomach disturbance. It contains ingredients that not only give relief but that act on the stomach so beneficially that in a short time the flabby, tired out walls of the stomach regain their strength and activity and can perfectly digest any kind of food without artificial aid.

Try Mi-o-na for a week; misery will change to happiness; despair to hope; dull eyes to bright and you will yourself wonder why you suffered so long with such a remarkable prescription at hand.

And only 50 cents for a large box at George Freishelmer's and at leading druggists everywhere.

"As a tonic for the liver, stomach and bowels, I would not ask for a better remedy than Booth's Laxative Pills,"—Henry Van Atta, Albion, Mich., Sept. 19, 1908. Booth's Laxative Pills for constipation 25 cents a box at George Freishelmer's.

SIXTEEN CANDIDATES TAKE EXAMINATION

There were 16 candidates at the teachers' examination, held yesterday and Friday at the Central school, under the county board of examiners. Mrs. Pearl T. Marshall, Dr. M. J. Elrod and Dr. O. J. Craig. The candidates wrote for all four of the various grades of certificates. The third grade certificate is good for one year, the second for two years, and the first for three years, while the professional certificate allows the successful one to teach for four years. The subjects of geometry and physics are yet to be written. The names of the successful ones will be ready for the public in 10 or 12 days.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful of 80. James Wright, of Spoutlock, Ky., shows how to remain young. "I feel just like a 15-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years I have trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at Geo. Freishelmer's.

Billiken, \$1.

HIGH SCHOOL PLAY IS CLEVER

MANY INTERESTING SITUATIONS IN UNFOLDING OF "AN UNEQUAL MATCH."

The high school senior play, "An Unequal Match," to be presented Tuesday, May 4, promises to outclass all former performances given in this city by the high school. The plot is interesting and rather out of the ordinary. The scenes are laid in England and in Germany, the first in the country of merry England, the second in a fashionable mansion in an English city, and the third act at a fashionable summer resort in Germany.

The Plot.

The plot briefly is this: Sir Harry Amcliffe, the younger son of an impoverished family, has retired into the country to recover from being jilted by a fashionable London belle, and has met a pretty country girl, Hester Grazebrook, with whom he has fallen in love.

Meanwhile he proposes to her and is accepted, but in the midst of things Mrs. Montessor, Amcliffe's former sweetheart, appears and tries to break off the match, for Amcliffe has unexpectedly fallen heir to his uncle's estate and title. But her attempts are in vain, and the next scene shows the mansion of Sir Harry and Hester after their marriage. However, Mrs. Montessor has succeeded by her intrigue and her beauty, together with the revival of Sir Harry's old affection for her, to win him away from his wife, who refuses to become a "fine lady."

Mrs. Montessor decides to follow him, and Hester, who is afraid of her rival, finds that they have both departed. She decides, however, to fight on, and at length cleverly pays them both back in their own coin. How she does this is most prettily cunningly presented. The part of Hester Grazebrook is taken by Miss Bess Hollenbeck, who assumes this role admirably. Sir Harry Amcliffe is taken by Earl Hughes, and Mrs. Montessor by Miss Marie Leckie. The game these two women play for the affections of Sir Harry and the final winning is most interesting.

Other Characters.

There are, besides these, several other characters, which prove a delight to every one; the two valets, Benkin, Top and Tofts, together with Bessie, the little maid, are exceedingly amusing. Grazebrook, Hester's father, Botcherby, the country doctor, and the Honeywoods, together with Lady Anlewis, Miss Leech and Captain Chillingham, all London society people, complete the cast of characters.

No pains has been spared in the procuring of scenic effects and costumes. The third and final act is to be a thing of beauty, there being about 25 people on the stage, the women all in handsome gowns. The there is no doubt that the play will be an extraordinary success.

GIANTS AND SOLDIERS WILL GIVE EXHIBITION

A particularly good game of baseball is promised for this afternoon, when the Giants cross bats with the Fort Missoula team. The latter has been greatly strengthened since the game played with the Northern Pacific team several weeks ago, and indications are that the soldiers will make Captain Gleason's team extend themselves to the extreme limit. The game will be called promptly at 3 o'clock. The lineup of both aggregations is as follows:

Giants—Gleason, catcher; Mains or Smith, pitcher; Ferguson, first base; Hart, second base; Gray, shortstop; Hudson, third base; Taylor, left field; Kelly, right field; Whitman, center field.

Soldiers—Kler, catcher; McCoslin, shortstop; Kler, second base; Pierce, pitcher; Jones, center field; McConville, left field; Hockbrocht, third base; Skuser, right field; Jackson, first base; Laseing, substitute pitcher.

IN THE GOOD OLD FASHIONED DAYS.

Powdered Wigs Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of today would gladly revive the old, dignified custom if they could. But they can do the next best thing to it; that is, hold on to what hair they have.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbro's Herpicide will do wonders in the way of encouraging a new growth of hair. Destroy the cause, you remove the effect. That is the successful mission of Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1.00.

Notice.

The firm of Thibodeau & Leo has dissolved partnership. Thomas H. Thibodeau having bought the one-half interest of Dennis Lee in the Bennett block and business. All bills due and all accounts against the firm will be settled with Mr. Thibodeau.

Same big show—real vaudeville—at the Family tomorrow night.

EVERYONE NEEDS S.S.S. IN THE SPRING

This is just a short talk which we hope will be of interest and help to you in selecting the tonic and blood purifier that will be of the greatest value to you this Spring.

That this is the most trying of all seasons on the health is a fact well known to us all. It is the time of year when our constitutions are required to stand the greatest strain, and unless properly cared for the foundation is often laid for physical disorders or disease later on. The great majority of persons are fast coming to realize the importance of preventing disease. Health is our most valued possession, and its preservation is a matter which vitally concerns every one.

Most persons, even those who are ordinarily strong and robust, feel the necessity of a tonic and blood purifier at this season. Some have no particular ailment, but are weak, debilitated and run-down. The Winter life, with its decreased amount of out-door exercise, and the fact that the cold weather has kept the pores of the skin closed, prevented the usual necessary amount of refuse and waste matter from being carried out of the system. These impurities entering the circulation have weakened and thinned the blood, and this vital fluid is therefore lacking in the nourishing properties necessary to sustain and preserve systemic health, when warm, active Spring life begins.

The general bodily weakness, tired, worn-out feeling, fickle appetite, poor digestion, etc., show how weak and anemic the blood has become. Frequently skin diseases, pimples, eruptions, boils, etc., break out on the skin, and this is evidence of the impurity of the circulation.

S.S.S. is the medicine needed to correct this condition, and is the only one on which you can rely to supply the system with the best tonic effects, and at the same time thoroughly purify the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer.

Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of fever, malaria, or some other trouble. S.S.S. is Nature's ideal tonic and blood purifier, made entirely of the pure extracts of healing, strengthening, health-giving roots and herbs. It tones up the stomach and digestion, rids one of that tired, worn-out feeling, improves the appetite and digestion, and in every way contributes to the strengthening and building up of the entire system. S.S.S. is recognized everywhere as the greatest of all blood purifiers, and this combined with its unequalled tonic properties, make it a medicine needed by every one in the Spring.

S.S.S. is for sale at all drug stores.
