

YOU will never forget the comfort of that last pair of FLORSHEIM BLUCHERS.

This one—the HYLO in Cheral Patent Colt—never had an equal—it has the "ball room" necessary to properly fit most feet—

And yet the toe is moderately pointed and graceful.

The Florsheim SHOE

Always—whatever the last—the FLORSHEIM Shoe is "Natural Shape."

MARKET MOVEMENTS OF THE DAY

TRANSACTIONS IN SECURITIES RECORDED ON THE NEW YORK STOCK EXCHANGE.

New York, May 5.—The stock market showed today the winning influence of the commodities clause decision in some subsidence of activity in a mixed tone in the speculation. There were elements of strength, but they were diverted to the less influential quarters of the list except for a late advance in Southern Pacific. In the usual market leaders, Reading and Union Pacific, the fact soon appeared that effective selling orders were placed in the market to meet any further advance in prices. The effect was to dampen the enthusiasm of the bull party and to prompt to greater caution in the extension of their operations. The bankers are coming to feel that they are entitled to better interest rates for their money, and the time brokers that supply funds for that purpose have diminished in the last few days by the withdrawal from the market of some important banks. This action is based on the assumption that any effective revival of trade such as is now hoped for, must improve the demand for banking facilities. The disposition to hold funds in hands for this purpose warrants a hopeful view of the trade outlook.

Grain and Provisions. Chicago, May 5.—The wheat market experienced a sharp advance in prices early owing to a scramble among shorts to cover, due to continued dry weather in Kansas and Nebraska, but the bulge brought out liberal selling orders, which resulted in loss of all the early gains. Although May advanced beyond the previous best mark for the year, trade in that option was not on such a liberal scale as during the last two previous seasons. In all the new crop months, however, there was an active general market. During the day May ranged between \$1.25 and \$1.29 1/2 and July between \$1.15 1/2 and \$1.17 1/2. Final quotations on May were at \$1.28 and on July at \$1.15 1/2@1.15 1/4. Oats closed strong at 57 1/2c and July at 59 1/2c@59 3/4c. Provisions were dull and heavy all day, closing 2 1/2c to 3c lower than yesterday's final quotations.

Metal Market. New York, May 5.—The London tin market was higher today, with spot closing at \$131 1/2 and futures at \$128 1/2. The local market was quiet and higher also, with spot closing at \$28.90 @29.20. Copper advanced 5c, spot closing at 57 1/2c and futures at 58 1/2c to 60c. Locally the market was steady and unchanged, with lake quoted at \$12.57 1/2@13; electrolytic at \$12.50 1/2@12.62 1/2, and casting at \$12.57 1/2@12.59. Lead was higher at \$18 1/2 in London. Locally the market was dull and unchanged. Spelter advanced to \$21 1/2 1/2 in the London market, but remained dull and unchanged at \$5.02 1/2@5.07 1/2 locally.

IN THE THEATERS

MISS ANNA RAYMOND

Now comes Miss Anna Raymond, very well told whether the fair ones are coming or going. "You see," says Miss Raymond, "it is necessary for a woman thus wearing the locket to have a beautiful back. But almost every woman is convinced that she is thus fortified. Anyway, her glass will tell her whether or not she has a pretty pair of shoulders."

"I think the custom is good and will meet with great favor in this country. Anyway, a woman who is so attractive is doubly so if she has some distinguishing trait like this to single her out. The men like to see no thus wearing my locket."

Anyone who sees Miss Raymond in "Mary's Lamb" will declare that nature has been more than kind to her and that it is indeed a pretty sight to see her wearing the locket a la Sarah Bernhardt.

two-bagger. In the same inning Ladd lined one out that gave Hutchinson the chance to gallop home, winning the game. Score: R. H. E. Butte 5 6 4, Boise 5 10 4.

Batteries—McAdams and Gardner; Gardner and Shea.

Special to The Daily Missoulian. Helena, May 5.—In the district court today the trial of the damage suit of Nellie Copenhaver and her minor son against the Northern Pacific company was begun. The father and husband, William P. Copenhaver, was an engineer in the employ of the road and was killed at Wallace, Idaho, when the boiler of his engine exploded and he and two other trainmen lost their lives. The suit is for \$50,000.

The defense is that the accident was due to the negligence of the engineer, while the plaintiff charges it to have been due to the bad condition of the boiler.

Special to The Daily Missoulian. Helena, May 5.—The Countess of Orford, whose death was reported from London yesterday, was a native of this city, and lived here until she had almost attained young womanhood. She was born 41 years ago in a house that was torn down to make room for the Helena hotel. She was the daughter of D. C. Corbin, and was christened Melissa. A number of her childhood friends have kept up a correspondence with her. The family left Helena in the early eighties, and Miss Corbin met her husband while traveling abroad. The countess as a girl was noted for her beauty.

Special to The Daily Missoulian. Helena, May 5.—United States Marshal Merrifield today announced the appointment of H. J. Clark of Missoula as a deputy in his office. The appointment to take effect immediately. Mr. Merrifield today received notice from Washington that all deputies in his office who were not required to serve processes, would be under the classified service. Acting on the instruction Marshal Merrifield placed Chief Deputy Scott Sanford on the list.

The international exposition to be held in Berlin in the spring of 1911 will be limited to means for travel by land and sea, the equipment of conveyances and lodging places for travelers.

CLARK IS APPOINTED DEPUTY U. S. MARSHAL

SITUATION CRITICAL. Beirut, Asiatic Turkey, May 5.—The situation at Deurtul and Hermal again is critical. Trouble has been brewing and further anti-Christian outbreaks are feared. Five hundred Turkish troops have been dispatched to these two points. In addition the British battleship, Triumph, with the British consul on board left here this morning for Deurtul.

ICE DAM DYNAMITED. Butte, May 5.—Lifted by a tremendous charge of dynamite, the ice dam in the Big Hole river southwest of Butte went out last Monday. The dam, which has been gathering for more than two weeks, backed the river water over an area of two miles. All bridges for several miles were saved by being cabled to trees and rock.

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream, which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease. In S. S. S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S. S. S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S. S. S. rids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body.
