CAUGHT ON THE RUN ABOUT TOWN

Frank D. Miracle of the Miracle-Tripp Concrete company came over from Helena yesterday to complete the preliminaries of the contract for the work in the University Avenue improvement district.

With City Engineer Mayo and City Attorney Woody, Mr. Miracle went over the details of the work and the terms of the contract were agreed upon. Mr. Miracle will be back in Missoula again next Monday and will then present his bond for approval. As soon as this formality is gone through with everything will be in readiness for the start of the actual operations on the avenue. Mr. Miracle gives assurance that there will be no delay in the construction of the walks and curbing and that the contract will be fulfilled with all the speed consistent with good work. On the avenue the residents are ready for the work to start and are anxious to do their part toward making University avenue the model residence street of the city. There has been a large amount of new building on the avenue this spring and there is much more planned for the immediate future. With the completion of the improvement work on the avenue there will be nothing in the way of the complete development of the plans which the enthusiasts have for the beautifying of their part of the city. Mr. Miracle's assurance will be welcome news to them this morning.

Chairman Curran of the board of West Main street will soon be ready to ground for his new

MUCH NEW BUILDING.

of South Third and Cottonwood streets; this building is to be a model apartment house, and its location makes it especially desirable. The work will be pushed through without delay and the flats will be ready for occupancy at the earliest possible moment. Opposite the county high school building Charles E. Johnson has the excavation finished for a large apartment house; the excavation is 180 feet by 50, and the work on the foundation will be started at once. On the Penwell block good progress is being made, and the concrete men are rushing the foundation work as fast as possible. The material for the building is being assembled and as soon as the foundation is completed the superstructure will be started. On the south side there are more than 80 residences in course of construction; standing on the higher ground at the east end of Hammond addition, new roofs can be seen in practically every direction. On the north side of the river good progress is being made with the more important work that is on hand. The steel for the Masonic temple has arrived and is being placed; the excavation for the Cowell-Dixon building is nearly finished; the walls of the Greenwood building are rising rapidly; the new stable which Heenan Kohn is building on Second street is coming along; the new establishment of George Nink on other saloons follow the Club into an interior work; it is expected that the last of the material for the court house will be here by the last of the week and work will be resumed there. There is no end to the building work this month.

Another feverish postal card came to The Missoulian last night from Huson; the writing was less indicative of excitement than the one which came the night before, but it was still a bit tremulous. The cause of the tremor this time was not a victory won, but the prospect of another triumph. Mr. Toss announces that plans have been made and all arrangements perfected for a game of baseball next Sunday between Huson and Iron Mountain; the game will be under the auspices of the Huson Athletic club, which is developing into a high-class organization with an abundance of ginger and plenty of sand. The game will be a hammer and Huson confidently expects to tie one more scalp at her belt. But Iron Mountain has something up her sleeve and the next Huson bulletin may tell a new story.

There has arrived at Clinton a carload of machinery for the development work of the Triangle property, which has been undertaken by the Calumet & Hecla people. This first shipment consists of a big air compressor and the drills with the other machinery necessary for their operation. This machinery will be hauled to the mine at once and will be installed as quickly as possible. The development of this property will add to the activity in the Clinton district this summer and will be carried on scientifically; the people back of the work are prepared to carry it on as it should be and will carry it through to a finish. "This is the beginning of a great era in Clinton district," said Bob Somerville last night, speaking of the new work, "and you will see Clinton one of the greatest copper camps in the country before long. The ore is there and these people will get it out; that's certain. The work that the Nome company and others have done has established the permanency of the district, and this work will add to the extent of the development. You will see a great mining camp near Missoula before a great while."

The last of the furniture has been moved from the room occupied by the Club saloon and a big sign in the window announces that Anthony Link will immediately occupy the premises with his store. This removal is the first step in the restoration of West Front street to its old commercial activity. Time was when this was the location of the principal business houses of the town; that was a good while ago, but the effort to rejuvenate the street will be made in earnest, and within the next two or three weeks there will be two other saloons follow the Club into an old history. The quarters occupied by the Montana and the Headquarters saloons have already been rented for business purposes, and the second story rooms will be used for offices as fast as they can be renovated and remodeled.

PLANS FOR LAYING CORNERSTONE

MASONS OF MONTANA TO ATTEND EVENT IN CONNECTION WITH MISSOULA TEMPLE.

Next Tuesday, May 18, will be the big day for the Masons of the city as well as invited guests of the order from out of town, for on that day the cornerstones of the new Masonic hall on East Cedar will be laid, with ceremonies appropriate to the occasion. It was decided last night, at a meeting of Missoula lodge No. 13, to invite all members of the order residing in the state. Invitations will be sent to the secretary of each lodge in the state, and it is expected that a large out-of-town attendance will respond.

Grand Lodge Coming.

The grand lodge of the state will convene at the hall on that day at 1:30 and will have entire charge of the ceremonies. From the hall the grand lodge and the local members will march in order to the new building, escorted by the Knights Templar. At the scene of the ceremonies the address of welcome will be delivered by Mayor Andrew Logan, the oration pertaining to the event being given immediately after by some member of the local lodge.

Then will come the laying of the cornerstones, which will be hermetically sealed after copies of the daily papers of the city, together with other records and insignia have been placed therein. At the conclusion of the ceremonies the grand lodge will adjourn.

Ends in Banquet.

In the evening Most Worshipful Grand Master C. B. Nolan of Helena will pay his official visit to the Missoula lodge, after which the work of the day's degrees will be completed. When the business of the meeting has been concluded, the visitors and local members will adjourn to Elite hall, where a banquet will be served by the ladies of the Eastern Star. During the progress of the banquet, the usual Masonic toasts will be responded to by prominent members from the various lodges of the state. The names of the speakers have not yet been decided upon, but many are being considered for the occasion.

This will be one of the most notable, if not the most, event in the history of the Missoula lodge and, the members are making great preparations for it.

TRACK MEET ARMY DUE TO DAY

MAIN BODY OF ATHLETES, DECLAIMERS AND ROOTERS TO RIDE WEDNESDAY TRAINS.

Today the main body of athletes and declaimers will arrive, and by evening the entire number will be present. The ladies are taken care of at Woman's hall, where the young ladies have very kindly arranged to make room for the visitors. The young men are given quarters in the gymnasium and at the hotels in the city.

At the gymnasium the main floor is cordoned off across sides and ends, leaving a large central free space. Each school has a separate curtained compartment, large enough to contain as many cots as are necessary for the accommodation of the students from the school. There are thus as many compartments as there are schools taking quarters. Comfortable cots and pillows are provided, each cot with a double blanket. Other material is brought by the pupils.

Upstairs around the gallery is a second row of compartments, with the same equipment. The dressing rooms are partitioned and used for similar purpose. Altogether nearly a hundred will have quarters in the gymnasium, each school having private quarters. The open center affords ample space for the boys to assemble and discuss matters, and it is here they make their acquaintances and have those little chats so dear to the heart of a schoolboy.

Naturally there are many visitors who wish to see the gymnasium when it is prepared for so many. In order to protect the occupants from the occasional prowler a watch is maintained day and night. This is also sometimes necessary to protect the sleepers from late comers, since they are likely to disturb those who may be desirous of needed rest for the athletic events. Visitors are welcome during the forenoon, but during the afternoon of the meet no one will be admitted and all doors will be closed.

Reduced fare of one and one-third has been granted by the Northern Pacific, Great Northern and Oregon Short Line, on the certificate plan. It was hoped an open rate might be had, but this was not granted. It will, therefore, be necessary for all certificates to be signed in order to secure reduced rates.

The medals were shipped some days ago, but were delayed, and a message received yesterday gives assurance that they will arrive today. The cups are on hand, as is also the individual prize. This latter is a watch fob with solid gold buckle and charm, a very handsome trophy for the winner of the greatest number of points in the meet.

The track has never been in as good condition as it is now. It has been sprinkled and rolled with the heavy city roller until it is in splendid shape. The same is true of the straightaway for the short dashes. The ground for the other events is prepared in proper shape, all ready for business tomorrow afternoon. Today the various teams will doubtless have a tryout, and if visitors desire to see the track and see the boys at practice they will be welcome.

The campus looks beautiful. There is a fine growth of early spring grass, not yet out, which is as soft as velvet. The trees and shrubs are putting forth leaves, many in full leaf. The daffodils are fine, and are filled with vehicles much of the time.

It is expected that the souvenir programs will be ready for sale at the declamatory contest this evening. Dr. Book has been working for a week on this, from morning to night, and then until darkness blends with daylight. The result is a beautiful and attractive booklet, full of information, which will be eagerly sought. The program is profusely illustrated, printed on fine paper, neatly bound, and is, indeed, a souvenir of the meet.

For the declamatory contests two sets of judges have been secured, one for the boys, another for the girls. The awards will, therefore, be the judgment of different judges. The decision of the contest this evening will be made as soon as it is over, but public announcement will not be made until after the contest, Thursday evening.

It is quite generally understood, but is again stated for the benefit of some, that the entire expenses of five pupils from each school are met, and for as many as come up to 15 meals and lodging are provided.

LADIES' NEW STRAW SAILORS

A NECESSARY AND CONVENIENT HAT FOR EVERY-DAY SUMMER WEAR

75c, \$1.00 and \$2.00

The popular bowl shape, shade in straw and burnt colors, with a three-inch crown and five-inch brim; trimmed with a plain band of velvet in green, brown, black or lavender.

THREE MORE TEAMS COME IN

THE HELENA, TETON AND PARK COUNTY TRACK TEAMS GET IN FOR THE MEET TODAY.

Every train yesterday brought additions to the big crowd of high school people who are gathered here for the big meet, the first event of which will be the declamatory contest tonight, and all yesterday afternoon the track at the university was crowded with the athletes who had just come in and who were stretching their legs after their long trip with a light preliminary workout. Helena sent down a big crowd of delegates on the afternoon train, among them being Crum, the champion in the mile and a half, and the man who is conceded to have the best chance for the individual medal. He has with him a fast looking collection of new men, and the Helena supporters who come down in full force seem to be confident of victory. The bunch from up in the wilds of Teton county, the county which has in the past produced more than one champion, and has more than once figured in the final results, came in yesterday afternoon and spent the day in limbering up, after having been on the road for two days and a night.

Five men from Livingston, representing the Park county school, were also among the arrivals on the afternoon train, bringing with them their representative in the declamatory contest tonight. This brings the total up to six schools already here, and the train today will be crowded with the teams from the closer cities, such as Butte, Anaconda and Deer Lodge, and they, with their supporters, will add the final touch to the appearance of the town. Butte has been hard at work ever since the end of the football season on their track team, and they will bring over a team of athletes which will be in the pink of condition, and if there is any speed or ability in the school it will be displayed to the best advantage on the field tomorrow.

FUNERALS

The funeral of Signed A. Sampson, the infant daughter of Mr. and Mrs. John Sampson of Lothrop, was held at 2 o'clock yesterday afternoon from the Lucy chapel. Rev. A. V. Anderson officiated, and interment was in the Missoula cemetery. The child died Sunday.

The funeral of Lily, the 5-year-old daughter of Mr. and Mrs. Frank Ayres, was held privately yesterday afternoon. The child died of scarlet fever yesterday morning.

The body of John Anderson, who died several days ago of pneumonia, was buried at 5 o'clock yesterday afternoon in the county cemetery.

The funeral of Samuel Entwistle, who died Sunday, will be held this morning at the Lucy chapel. Rev. J. N. Maclean officiating. Interment will be in the Missoula cemetery.

The funeral of Angelo Dolino will be held at 1 o'clock this afternoon from the Lucy chapel. Rev. Father Trivelli will officiate, and interment will be in the Missoula cemetery.

SLICES OIL PRICES.

LOCAL SOCIETY

Box Party at the Harmonis.

The members of the Kappa Kappa Gamma fraternity participated in a pleasant box party at the Harmonis theater last evening to hear the high school debate. Each side had its four champions and an enjoyable evening was spent.

As-You-Like-It Club.

The As-You-Like-It club held a pleasant meeting at the home of Mrs. Walter Lenzie-Smith on Main street. Current topics were discussed during the afternoon, and a short social session was enjoyed at the conclusion of the regular program.

Complimentary to Mrs. Orton.

Miss Thula Toole entertained the members of the Kappa Kappa Gamma fraternity at a delightful tea at her home on Gerald avenue yesterday afternoon, complimentary to Mrs. Orton of Anaconda, who is a member of the fraternity. About 20 guests were present.

Mrs. Burnes is Hostess.

Mrs. J. S. Burnes entertained a few of her friends at a pleasant "Kensington" at her home on Stephens street yesterday afternoon. Several hours were devoted to needlework, after which a dainty luncheon was served. Eight ladies were present to enjoy Mrs. Burnes' hospitality.

Eagles Attention.

All Eagles are requested to be present at the next regular meeting, Tuesday, May 13th, to elect delegates to the state convention, June 23, 24, 25. W. D. Hord, secretary.
