

NATIONAL FORESTS

TRANSFERRED

BIG HORN AND SHOSHONE RESERVES IN WYOMING TO BE ADDED TO DISTRICT NO. 2.

Word was received yesterday by the officials of District No. 1 of the forest service, with headquarters in this city, that on June 1 the Big Horn national forest, whose headquarters are at Sheridan, and the Shoshone, at Cody, will be transferred from the jurisdiction of District No. 1 to that of District No. 2, which has its offices in Denver.

When this is done it will place all the national forests in Wyoming under district No. 2. The Bannock national forest, with headquarters at Ogden, will also be transferred to that district. This will mean a decrease in the acreage of District No. 1 of from 2,500,000 to 3,000,000 acres, and all the transferred forests will add about 5,000,000 acres to district No. 2. The reasons given for the proposed change are two. The first one is that district No. 2 has been very small in comparison with district No. 1, and the second is for geographical reasons. The change will be made under the orders from Chief Forester Gifford Pinchot.

GRAND WILL FEATURE

"PLATT'S HUNTRESS"

In the program announced for the Grand theater for Monday, Tuesday and Wednesday of the new week, the "headliner" is "Huntress," presented by D. W. Platt, character impersonator and vaudeville dancer. This act is famed all through the country as one of the most elaborate and attractive now on the vaudeville stage. A wealth of scenery and a great number of costumes are used by "Huntress."

The De Chantre Twins, a sister team, will be heard in song, and the Whittens are booked for a comedy sketch, announced as being more than ordinarily clever.

The usual "first run" moving pictures will be shown. The Grand is gaining much reputation with its original and exclusive motion films, and this is one of the strong features of the theater's offerings.

THE WALDORF SOLD.

Mark, Holden & Harper yesterday sold the Waldorf on West Front street to Mike Linn of Salt Lake and Charles Mattison of St. Regis. The new owners take charge of the property at once. Under the management of Tom Harper, the Waldorf has become an excellent resort and its reputation has been first class since the officers and with the help of the new management worked hard to give the place a good reputation and has succeeded admirably.

"Shiny" Fat Folks.

One of the fat woman's chief griefs in life is her shiny, greasy skin. If it be pimple besides, as it probably is (or may be), her cup of anguish is full. Powder and cosmetics simply hide these horrors for a season—a very short season. They are not a cure for them. There isn't any cure for them except getting rid of the grease beneath. When she does that she finds her complexion improves.

In this way only can I account for the clear, natural complexion acquired by those who use the Marmola receipt: One-half ounce Marmola, 1-2 ounce Fluid Extract Cascara Aromatic, 3-4 ounce Peppermint Water. By causing the excess flesh to be absorbed, it clears the blood of the globules of fat which, physicians say, cause the greasy, oily skin of the over-fat.

This simple receipt makes a mixture both pleasant and harmless. It causes neither wrinkles nor stomach disturbances. It is also quite inexpensive. Make it a point to try some; take a teaspoonful after meals and at bedtime for a week or two and see if your oily skin does not quickly disappear. As you lose your fat your complexion should progressively improve, and after a month or so, when you have lost 25 to 30 pounds of flesh it should be nearly perfect.

Smashes All Records.

As an all-round laxative tonic and health-builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate stomach, liver and kidneys, purify the blood, strengthen the nerves, cure Constipation, Dyspepsia, Biliousness, Jaundice, Headache, Chills and Malaria. Try them. 25 c at Geo. Freisheimer's.

IT PAYS TO Dress Well Why?

Because it helps your business and your friend like you better.

We are showing an All-Wool Serge suit for \$14.00; and a black Unfinished Worsted for \$18.50, that can't be matched in the town for the money. Also many light, fancy suits up to \$25.00.

We'd like to show them to you.

BROOKS' Everything that men wear

STEEL WILL ARRIVE NEXT MONTH

CONCRETE WORK IS FINISHED AND BRIDGE PROPER WILL BE STARTED SOON.

At last the big pier on the south bank of the south channel of the river has been finished as to its footing, and now things are in a position where work can be carried on regardless of any kind of a flood. This pier which, aside from the two on the north side of the river, was the last one to be finished as its successful completion before the high water was necessary to the continuance of the work two shifts have been at work on it for the last two weeks. Owing to the fact that the excavation was through the long rock which forms the Milwaukee's roadbed it was necessary to keep three pumps at work on the pier all of the time and a great deal of trouble was experienced by the engineers in keeping the excavation dry. At last, however, the pier has been finished and from now on there will be no delay to the work.

Engineer Sweet said yesterday that the first shipment of steel was billed to leave Toledo on May 20, and that it would arrive here about June 10. The steel work will then be started at once from the south end of the bridge and extended from that end across. The completion of pier No. 10 marked the end of the concrete work with the exception of the two north piers, which will be finished after the high water is over, and the city's abutment along the south bank, work on which has already begun and which will be finished, it is expected, by the time the steel arrives. Just as quickly as the steel work is put up the concrete floors and paving blocks will follow so that the time the steel has been put in as far as the north channel all danger from high water for the year will be over and there will be nothing to delay the work.

The re-enforcing steel for the south abutment has arrived in the city and yesterday a crew was put at work on the excavation so that all may be in readiness for the steel when it arrives next month.

NOTED SINGER COMING TO BAPTIST CHURCH

A musical program of rare selection will be given within the week at the Baptist church by Mrs. Jane Catherwood of Minneapolis, Minn., who is making a western tour. Mrs. Catherwood comes most highly recommended by the best musical critics, and the opportunity to hear some of the best selections in the choicest musical range, as interpreted and sung by her, both in manner and voice, does not come often. Mrs. Catherwood stands high in her home circle, and is corresponding secretary of the "Thursday" Musical club of Minneapolis, one of the largest organizations of the kind in the United States. She is also musical critic of the Western Musical Herald, and while on this western tour will prepare a series of articles on the musical status in the western musical centers. Among the many press notices reporting her program we select the following:

"In a program of great variety and wide range, the resources of vocal art were displayed with great skill by Mrs. Catherwood. Her rendering of 'Indian Bell Song,' from 'Lakota,' by Delibes, was alone sufficient to establish her abilities before the audience. The difficulties of this song are among the most exacting to the vocalist in all the range of music, and it is seldom that we have heard it given with as beautiful intonation and as great clarity of expression or with more dramatic feeling.

"Mad Mrs. Catherwood elected to enter the ranks of dramatic singers it is safe to say that her success would have been as great as her art. To mention only a few, the 'Old English Love Song,' 'Hook Synnove's Song,' 'Ejner's and Kerry Dance,' afforded a proper contrast and were greatly enjoyed."—From Northeast Argus of Minneapolis, May 1, 1909.

"CLASSMATES"

"Classmates," a cleverly written four-act play, with many strong situations and a wealth of unusual scenery, attracted a rather heavy Saturday night audience at the Harolds last evening. The play was one of the best attractions of the season, and the scenic effects were brilliant. The jungle scene, in which was set the action of the next-to-the-last act, was one of the most remarkable ever seen in Missoula.

"Classmates" is a play that gives that capable actor, Norman Hackett, plenty of opportunity to shine and to make love in his insistent, strenuous way. The inevitable struggle of two men to gain a woman's favor is made the basis of "Classmates," and the action shifts from West Point to New York, from New York to Brazil and back to Gotham, with a rapidity almost startling. The inevitable success of the "right" man is the ending of an attractive play, not overladen with sentiment and emotion, although certain scenes in "Classmates" might easily be overacted. Mr. Hackett is assisted by a company of 14.

NEW CLERK ARRIVES.

Leo Welch arrived yesterday on No. 3 from Iowa to take a position as stenographer and clerk in the office of General Roadmaster J. M. Hurley of the Northern Pacific.

Wall paper cleaned. Work guaranteed. Phone 170 Black.

E. A. Winstanley

134 Higgins Ave.

NEW N. P. TIME CARD NEARLY READY

ANNOUNCEMENT IS MADE OF RUNNING ARRANGEMENTS UNDER THE NEW SCHEDULE.

The Northern Pacific's new time card, which is to go into effect on May 23, is almost ready to go to press and will be ready for distribution within a short time. Under the new schedule No. 1, the North Coast Limited, will be a solid Pullman train, without smoker or day coach. No. 2, which is the east bound North Coast, will have an additional sleeper, but otherwise will be identical with its west bound counterpart. No. 5 will run via Helena, as No. 3 does now. There will be no change in No. 6, No. 13 and No. 18, Burlington trains, which as now and trains Nos. 1, 2, 3, 4, 5 and 6 will be electrically lighted. After the new schedule goes into effect, train crews will be run as follows:

Trains 3 and 4—Helena to Paradise and return—Conductors Dinnen and Straub.

Trains 5 and 6—Helena to Paradise and return—Conductors Miller, Butler and Butler.

Trains 1 and 18—Butte to Paradise and return—Conductors M. Dore and E. J. Thompson.

Trains 15 and 2—Butte to Paradise and return—Conductors J. R. Smith and J. O. Marks.

This arrangement gives layovers for these crews at Helena and Butte.

JOHN WITT IS DEAD.

John Witt, a native of Germany, died at 4 o'clock yesterday afternoon at the Northern Pacific hospital, the cause of death being tuberculosis of the bowels. Witt had been at the hospital for several months, having been brought from Trout Creek, where he was employed as a car repairer. He was unmarried and leaves no relatives that can be located. It is probable that the body will be buried by the Northern Pacific.

AT THE MISSOULA.

Manager Conroy of the Missoula hotel reports that the dining room is complete and will be opened this morning. Since the new management of the hotel took charge, the dining room and kitchen have been thoroughly renovated and under the management of Ole Holt will prove a valuable adjunct to the establishment.

3 1/2 Acres on South Third street, city water, telephone, electric lights, splendid soil and the best and only location for small fruit and vegetables that can be had with the above advantages. Can be sold in lots and the money doubled within two years; must be sold within 30 days.

Ask About It
