JOHNSON AND O'BRIEN IN SHAPE FOR BATTLE

Philadelphia, May 18.—Supreme confidence in the outcome of tomorrow night's tistic encounter in this city between Jack Johnson and Jack O'Brien was expressed by each of the principals tonight. O'Brien said: "I have no fear of the outcome of tomorrow night's battle. I had an opportunity yesterday of viewing the pictures of the recent Johnson-Burns fight in Australia, and believe me, if Johnson adopts the same tactics against me that he did in the Australian battle, there will be a different story to tell. I am heavier and much faster than Burns, and yet I took Johnson 14 rounds to beat the Canadian. In my 26-round fight with Burns in California the latter could not defeat me, and yet I failed to train properly. For this fight with Johnson I have trained more conscientiously than I ever did in my life, and I have taken on weight instead of reducing it." While Johnson's course of training has not been so severe as that of O'Brien's, his manager claims he is fit to make O'Brien go six fast rounds. The negro is not in such perfect condition as O'Brien, but the immense difference in weights will be used by Johnson to great advantage in clinches. Johnson will enter the ring close to 200 pounds, while O'Brien will tip the scales at 170. Johnson said tonight that the bout would not go the limit, and that he would be returned the victor. The largest crowd that ever witnessed a fight in this city will be at the ringside when the referee calls the men to the center.

NATIONAL COMMISSION ANNOUNCES TWO RULINGS

Cincinnati, May 18.—In announcing two decisions in cases of "free agents," the National baseball commission warns the clubs under the national agreement that they should protect their interests by making all players sign contracts. Jersey City sent Arthur De Groot to Wilkesbarre, Jersey City wanted the player back, but De Groot claimed that he was a free agent. The player has proved his case, but the commission says that clubs in the future should put no player on the pay roll without making him sign a contract. W. B. Kay, who was turned adrift by the Washington club some time ago, also put in a claim that he was a free agent. The commission refused to allow his claim. Kay is ordered to report to the Washington club at once. Wisconsin's average corn production has increased from 25 bushels per acre in 1901 to over 41 bushels per acre. RECORD CROWD SEES HELENA WIN OPENER

INTERMOUNTAIN LEAGUE SEASON IN MONTANA HAS AUSPICIOUS BEGINNING.

Helena, May 18.—The league season in Montana was opened at the Helena grounds this afternoon with a game between the Butte and Helena teams, and was won by Helena. The score was 5 to 4. A crowd of 3,500 fans was on the benches and in the grandstand when Umpire McKibben, at 4 o'clock, called "Play ball." Lieutenant Governor Allen, amidst the cheers of the crowd, snatched out, received a ball from the umpire and hurled it very forcibly and very wildly over home to Mayor Frank J. Edwards, who made a frantic but futile effort to catch it. A second ball was thrown, and this time the mayor had better luck. Then the game started.

While it was not a warm day, it was by no means cold, and but few spectators were to be seen in the grandstand. It was alternately sunny and cloudy, but fortunately there was no rain to mar the game. Considering the wet weather of the past two days, the grounds were in good shape. They were rolled this morning and were just moist enough to make them fast. Both teams played a good game. On the side of Helena it was marked by three double plays and excellent work by the fielders. The star on the Butte team was Kirby Hoop, who played great ball both on the field and with the stick. The batteries for Helena were Thomas and Marx. For Butte, McAdams and Elsey. Score: R. H. E. Helena 5 9 4. Butte 4 10 2.

Salt Lake 7, Boise 0.

Salt Lake, May 18.—Score: R. H. E. Salt Lake 7 4 4. Boise 0 8 4. Salt Lake 7 11 7.

RECEPTION FOR PATHFINDER.

Seattle, May 18.—The snow is still deep in Snoqualmie pass, the gap in the Cascade mountains through which the New York-to-Seattle pathfinder automobile expected to cross the range and the car will be shipped over the Northern Pacific from Eastern to Bayshore. From Bayshore the car will proceed on its own wheels to Kent, 17 miles from Seattle. At Kent 100 automobilists will meet the car tomorrow afternoon and escort it to the world's fair grounds, where the arrival of the pathfinder will be celebrated. CHAMPION KETCHEL EASILY BESTS M'GANN

NO DECISION GIVEN, BUT BUTTE FIGHTER HAS MUCH THE BETTER OF FAST MILL.

Pittsburg, May 18.—Six times tonight Hugh McGann was down for a count of nine seconds in his six-round bout with Stanley Ketchel, champion middleweight of the world. Five times in the sixth round he was saved from a knockout by a second. Twice he was knocked through the ropes, once clear across the press table into the seats of the spectators. Ketchel apparently toyed with his opponent and probably could have knocked him out had he tried hard. For the first three rounds McGann fought hard and landed several times on the champion, but he apparently exhausted himself early and could not face the powerful blows of his antagonist after the first part of the bout. No decision was permissible under the Pennsylvania laws. The fight by rounds:

Time!
First round—McGann landed a light left to the face and clinched. Ketchel left left to head and McGann came back with left and right to body. Ketchel swung a hard left and missed. McGann landed a light left on face. Ketchel landed a left to face and stomach. Ketchel landed a left to body. McGann landed left to face. Ketchel landed two hard lefts and they clinched.

Ketchel landed left to jaw again, left to body and a hard right to body. McGann landed left to head. Ketchel put left and right to body. Ketchel pounded McGann's kidneys. McGann landed hard left to Ketchel's head, and backed him up with another. Ketchel put in a hard body blow, and McGann went down for two seconds when the gong rang.

Fifth round—Ketchel rained blows on McGann, who apparently was helpless. He put a hard right to the head, following with a left to the jaw and a left to the body, then swung left to the jaw. McGann took the count of nine. McGann fought back and struck Ketchel several times on the head. Ketchel dropped him with a hard right to the jaw. Ketchel then knocked him through the ropes.

Sixth and Last.

Sixth round—Ketchel landed left and right to the body and left to the jaw and dropped McGann for a count of

nine. Ketchel rained blows on the jaw and body, and soon McGann was down for the count of nine again. Ketchel landed left and right to the head and knocked McGann over the press table. McGann made a desperate rally, but fell from a left to the jaw. He took the count of nine for the third time. Ketchel landed a hard left to the jaw and right to the body. McGann went down from a right to the jaw for the count of nine once more. McGann again went down from a left to the jaw, and took the count of nine for the fifth time. McGann landed two lefts to the jaw. Ketchel had much the better of the bout, but no decision could be given under the law.

MISSOULA TO MEET BUTTE

LOCAL HIGH SCHOOL LADS ARE PREPARING TO RUN AGAINST SMOKY CITY TEAM.

Yesterday afternoon the high school track athletes responded again to the call of Captain Tait for practicing material, and for the second time training was begun. This time, however, the efforts of the boys are for a purpose, and if the arrangements which Captain Tait is trying to make with the Butte high school go through Missoula will meet the state champions on the track some time early in June. While there are no stars in the school who can compare with the brilliant squad which defeated the whole state last year, there is no lack of good material, and the Missoula talent is confident of its ability to win. Minnerly is the main dependence on the locals, and he is depended upon to win the pole vault from McCool, the state champion, and to take the discus throw in a walk. He has thrown the discus further in practice this year than it was shown in the meet, and as Butte was never strong in this event, Missoula should have at least two places clinched. Minnerly is also fast in the sprints, as are Beard and Day, and all of them ought to make the Butte men run hard. Day is counted on to win in the hammer throw, and Peterson will probably show well in the hurdles. On the whole the Missoula lads ought to be able to produce a team which could walk away with the team which won the meet last week, and if hard work can do it they are going to send a championship team over to Butte.

TO MAKE HIPS INCONSPICUOUS.

The eternal striving toward hiplessness brings forward all sorts of ingenious ideas. Now comes the notion of attaching the petticoat to the bottom of the corset by means of a line of the metal snap fasteners. As the modish woman never thinks of wearing more than one petticoat, this is quite a practical plan, so far as petticoats of such or other dark fabrics are concerned. It must be remembered, however, that most of these metal snap buttons are anything but rustless, and if one's summer petticoats are of valuable fabrics some other scheme of hiplessness must be devised.

CORNERSTONE OF NEW TEMPLE IS LAID BY ST. PAUL MASONS

Great Crowd Witnesses Impressive Ceremonies at the Laying of the Stone of a Beautiful Building—Throngs Almost Blockade Streets During Performance of the Solemn Ritual of the Order.

St. Paul, Minn., May 18.—With 10,000 Masons from St. Paul and all parts of the Northwest crowding the streets adjacent to the new structure, the quaint ceremonies of the square, the plumb and the level, and the laying on of the corn, oil and wine, preceded the acceptance and laying of the corner stone of the new Masonic temple, costing \$200,000 and already well advanced toward completion. The heavy granite block, swinging from a crane, was tested with the tools of their craft by high Masonic officers, Grand Master Swan pronounced it perfect and it was lowered into place, its cavity containing 60 documents and papers of different kinds in accordance with the Masonic injunction to deposit within a cavity in the corner stone certain memorials of the period within which the edifice was erected, so that if in the lapse of ages, if the fury of the elements or the slow but certain ravages of time should bare its foundations, an enduring record may be found to bear testimony to the energy, industry and culture of the people of the period. A benediction by the grand chaplain closed the ritual ceremonies. The laying of the stone was witnessed by Governor John A. Johnson and Lieutenant Governor Eberhart and the most prominent masons of the west. The new temple will house all the lodges of the city. It has a banquet hall for 800 diners, an auditorium seating 700, two separate blue lodge rooms and ordinary lodge rooms to accommodate many different city lodges. The grand officers will have offices on the ground floor, which will also house the Masonic library, one of the finest in the United States.
