THE BUSY CORNER.

CAUGHT ON THE RUN ABOUT TOWN

C. N. Thompson, in charge of the bulk directory work in this district, has his force of canvassers at work on the new volume for Missoula, Ravalli and Sanders counties. Yesterday Mr. Thompson closed a contract with The Missoulian for publishing the directory for this year, and the work will be started at the earliest possible moment. Mr. Thompson has a force more than twice as large as that which he had on the work in Missoula two years ago, when the last directory was made, and the canvass will be made energetically throughout the three counties. The Missoulian's manufacturing department is preparing to rush the work of printing and binding the book as soon as the copy is received, and it is expected that the directory will be in the hands of the public in a comparatively short time. "The directory of these counties will be much larger this year than it was two years ago," said Mr. Thompson yesterday, "and it has been found necessary to materially increase the force of canvassers; we have more than twice as many men in the field as we had two years ago, and there are some of the Missoula districts which were covered the last time by one man each, in which it has been necessary to place three men this year; this is due, of course, to the large increase in the number of people in these districts. In a few weeks I shall be able, from the data at hand to make a reasonably close estimate of the population of the city. The work will be prosecuted as vigorously as possible and there will be no delay that we can prevent. The number of pages this year will necessarily be greater than two years ago."

BARGAIN

Fourteen-room modern dwelling; bath room, basement, very complete, and in first-class condition; ground 180 feet front by 130 feet deep; good lawn, shrubbery and shade trees; on east side; owner leaving town, and will sell for \$6,500; \$2,000 cash, balance on time, 8 per cent interest.

HIGH SCHOOL DANCE A SUCCESS

JUNIOR "PROM" AT ELITE HALL IS ENJOYABLE—NEWS OF MISSOULA SOCIETY.

The members of the Junior class of the Missoula county high school were hosts and hostesses at a very enjoyable dance last night in Elite hall, the occasion being the annual Junior "prom." The hall was decorated simply but tastefully with green and white, the class colors. About 100 couples were present and enjoyed what was said to be one of the most pleasant affairs of the season. Pretty girls and fine music made the affair one that will long be remembered by the class of '09, in whose honor the party was given. The music was furnished by the Missoula Club orchestra.

Auxiliary to O. E. S.
The auxiliary to the Order of the Eastern Star was entertained by Mrs. Frank Cannon at her home on South Fifth street yesterday afternoon. A guessing contest known as "A Floral Love Tale" was a pretty feature of the afternoon. Mrs. William Dyson and Mrs. Reiland answered the greatest number of questions correctly and were awarded the prizes. A dainty luncheon was served late in the afternoon. Twenty ladies were present.

Goldenrod Club.
The Goldenrod club met last evening at the home of Mr. and Mrs. J. C. Orr, in South Missoula. Music, recitations and games were pleasant features of the evening, and at a late hour a tempting supper was served.

Busy Idlers Club.
The Busy Idlers club held a pleasant meeting at the home of Mrs. John Dally, on South Sixth street, yesterday afternoon. The occasion was known as a "picnic meeting," each member being a hostess to the other members and contributing to the menu refreshment. Sixteen ladies were present.

JOHN W. HICKLIN, Cashier.

W. R. Dixon of St. Paul, assistant general passenger agent of the Chicago, Milwaukee & St. Paul, and P. J. Scannan of Helena, traveling freight and passenger agent of the Chicago, Milwaukee & Puget Sound, were visitors in Missoula yesterday, looking over the field and meeting their old friends in town. Mr. Dixon has made Missoula several visits during the past two years, and the people here are pleased to note that the change in name of the western extension of the Milwaukee has not entirely divorced him from this territory. "We have enjoyed," said Mr. Dixon yesterday to a Missoulian man, "looking over the territory again and are pleased to note that our new line will soon be in shape to do business out this way. It has been a long job, but the steel is through, as I see by the story in The Missoulian. Next week our eastern line puts into effect a new time card between Chicago and St. Paul to make the connection with the Northern Pacific at St. Paul when the latter puts its new card into effect. The connections will be close and our trains will run, as usual, to make them as close as possible with all the westbound trains out of St. Paul. It is good to see Missoula so busy and so prosperous, and we shall enjoy it all the more when we have an active part in promoting its prosperity. The work of finishing the line is being rushed as much as possible."

BIDS FOR BISON RANGE OPENED

AMERICAN STEEL & WIRE COMPANY GETS CONTRACT FOR FENCING MATERIALS.

Bids for material for the fence around the bison reserve near Ravalli were opened by the forest officials on Wednesday, the lowest bidder being the American Steel & Wire company of Chicago, which received the award. This contract includes all the material except the wooden posts for the stockade, such as barb wire, straight wire, woven wire, staples, gates and other accessories, the material to be delivered when called for.

For the enclosure of 22 miles there will be needed 23 miles of woven wire, besides an enormous amount of staples. The fence will be constructed near Ravalli, north of the Joeko river, and will be of the strongest character, as the buffalo are large animals and strong.

The plans and specifications for the construction of the fence are in the hands of the bidders and the contract will be awarded on June 15. Soon after the contract is awarded the actual work of constructing the fence will begin, probably some time in July, and will be rushed to completion.

MOUNTAINEERS ENJOY PLEASANT EVENING

The meeting of the Fraternal Order of Mountaineers last night proved to be one of the most enjoyable yet held. After the regular business was concluded, those present were entertained with a program that could not have been surpassed for originality, and as a fun producer. Instrumental and vocal selections were rendered, and were highly entertaining. After the musical program, those who were so fortunate as to be present, gathered around a long table arranged for the occasion, and partook of a repast that was more than satisfying, and which was added to by wit and the stories that were told. At a late hour, after the singing of "Home Sweet Home," the party broke up.

DISTRICT FORESTER RETURNS FROM TRIP

District Forester W. B. Greeley of District No. 1 of the forest service returned yesterday from Wyoming, where he spent a few days with the supervisors of the Big Horn and Shoshone national forests at Cody and Sheridan. Mr. Greeley, while there, made preparations to get the work lined up for re-examination of the forest boundaries, as was announced in The Missoulian a couple of weeks ago. Tomorrow evening he will go to Lick creek, near Darby, to attend the rangers' meeting, after which he will leave for Idaho, to start the work in that state of re-running the forest boundaries.

PLAYERS ARE PRAISED.

F. M. Fretwell, in advance of the Ben Greet Players, was in Missoula yesterday to complete arrangements for the coming of the company to the Harms theater on Saturday, May 29. Mr. Fretwell says that the company, which accompanied by the Russian symphony orchestra, has been on the coast in meetings with unusual success and that its local date will be an important event of the year, both theatrically and musically.

PATENT TO BE ISSUED FOR PLACER CLAIMS

In the land office yesterday a recommendation for a patent for the Tenderfoot and Forty-nine placer claims, located on Rock creek in Granite county, was made by the register and receiver. The claims are owned by Hiram W. Rogers of Anaconda and William Stahl of Phillipsburg. In the mineral survey they are described as being in townships 6 and 7 north, range 16 west, unsurveyed. They were examined by Mineral Surveyor Charles F. Doyne.

John S. McGary of Florence made his final pre-emption proof on the west half of the northeast quarter of section 25, and the west half of the southeast quarter of section 24, in township 10 north, range 20 west, containing 160 acres, at \$1.25 per acre.

Call for Bids.
Bids will be received until 6 p. m. Saturday, May 22, for the building of a concrete floor in the basement of the Ben Greet block.

Specifications may be seen at my place, 109 East Front street.

I reserve the right to reject any or all bids.

T. H. THIBODEAU.

BACK FROM THE EAST.
